WOMAN FOUND MURDERED

REBELS ARE CAUGHT IN A TRAP OF DEATH BY FEDERAL TROOPS

No Quarter Is Given to Little Band of Insurrectos Barricaded in Adobe Houses

SAN DIEGO, March 17.—Barricaded in adobe houses of the little hamlet of Tecate, nine insurrectos were captured this morning by a force of Mexican soldiers, which attacked the place at 5 o'clock. The conflict, in which no quarter was asked or given, lasted until noon. Eight men were killed, including four of the besieged rebels. The others escaped and fled to San Ysidro.

The soldiers are Company F, Eighth Mexican Infantry, which marched from Ensenada presumably for Tia Juana. The company, under the guidance of Jose Morales, who was run out of Tecate by the rebels last week, surrounded Tecate early this morning. As soon as it was daylight they opened fire on the houses and upon the rebel camp and a battle of extermination began.

Two rebel guards fell at the first fire. The rebels, under the leadership of Rodriguez, made an attempt to escape and Rodriguez with fourteen others managed to break through the cordon. Two Mexican soldiers were killed in this sortie.

Nine insurrectos, unable to get away, barricaded themselves in the houses. Tecate and are fighting to the death with the soldiers whose commander has ordered the federal troops number eight men, when surprised. Two were killed at the outset of the conflict. Four rebels numbered thirty-one men when surprised. Two were killed, four wounded and fifteen escaped to the hills, where a detachment of troops is pursuing them. The destruction of this band relieves Tia Juana of the fear of invasion. The affair has been reported officially to Sub-Prefecto La Roque at Tia Juana, and by telegram to Governor Vega at Ensenada, Mexico.

United States customs officials report the presence of a second band of insurrectos and that Rodriguez with the men who escaped from Tecate have joined

We'll Fight Till Diaz Quits, Says Rebel Official

EL PASO, March 17.—Despite assurances that Senor Limantour, Mexican minister of finance, has started plans for the termination of the Mexican revolution, the revolutionary leaders here today declared that the fighting will continue.

"There will be no pause in the hostilities," said Senor Gonzales Garza, insurrecto secretary of state. "With the threat of the Mexican government hanging over us that we will be shot without a trial, our fight for liberty and for the setting up permanently of the Madero government will continue. No overture for peace will be considered official by us until it has come from Mexico City. It must come with a promise that Diaz will retire on the ground that his election was not regular."

Two hundred rounds of ammunition, a rifle, horse, blankets and rations, contraband, were found in the hands of the rebels. (Continued on Page 2, Col. 3-4)

WOLFE BILL IS FOUGHT HARD

Efforts to Win Votes for the Annexation Measure Are Futile

Senator Stetson Declares Final Ballot Will Tell Same Story

SACRAMENTO, March 17.—The senate late today heard arguments for and against the reconsideration of the Wolfe annexation amendment, which was defeated Wednesday.

Despite the efforts of friends of the bill, who have been working day and night to change the votes of those who downed the proposition, it is claimed by the Alameda county delegation that the result will be the same.

Senator Stetson said today: "I believe they will be able to get enough votes to have the resolution reconsidered, but I don't think they will be able to change more than two or three votes when it comes to voting for or against the measure. They must make a gain of seven votes in order to carry the proposition. All we require to retain is 14 out of our 21 votes."

Word was given out today that not only was local influence being used to switch the votes of enemies of the measure, but that a "pull" from abroad was being exerted. In some cases employers insisting that their employees, members of the senate, vote for the bill.

Senator Rush, who voted against the amendment, says he will cast his ballot the same. Senator Thompson of Los Angeles made the same declaration.

Attorney Declares the Quartette Should Be Released On Technicality.

SAN FRANCISCO, March 17.—An effort was made by the attorneys for the four defendants accused in connection with a wholesale theft of bullion in the north, to effect their release on a technicality this morning. Elmer L. Smith, Margaret Henry, George M. Woodson and John D. Woodson were in Judge Dunne's court this morning when Attorney Black requested a dismissal on the ground that his clients had not been brought to trial within sixty days. They were indicted December 22, and on January 10 pleaded not guilty. Ever since the latter date, he contended, they had been clamoring for a hearing. The court took the matter under advisement.

\$250,000 Gift Home For Nurses' Alumni

New Yorker Presents Memorial Building to Graduates of Bellevue School.

NEW YORK, March 17.—To alumnae of the Bellevue Training School for Nurses, the oldest institution of its kind in America, Mr. and Mrs. William Church Osborn of this city have presented a \$250,000 building to be used as a club house and registry for nurses. The building is to be known as Osborn Hall, as a memorial to Mr. Osborn's mother, the late Mrs. William F. Osborn, a prime mover in the organization and upbuilding of the school.

Former State Official Of Minnesota Is Dead

Edwin W. Dike Passes at Santa Monica; was Elected Treasurer Three Times.

'PAJAMA GIRL' FLIES INTO MATRIMONY WITH AVIATOR

PAULINE CHASE, the actress, and CLAUDE GRAHAME-WHITE, aviator, who are said to have been married.

LONDON, March 17.—Miss Pauline Chase, the actress, known to fame as the "pink pajama girl," and Claude Grahame-White, the aviator, were married in New York in the constant rumor here.

The report gives the date of the wedding as immediately after Grahame-White arrived in America last August.

BREAK RECORD SIX LEFT TO STARVE ON ISLAND

1,409,300 Cubic Yards of Dirt Taken From Big Ditch at Panama.

WASHINGTON, March 17.—The excavation in the central division of the Panama canal, including the great Culebra cut and the Chagres section, during February was the greatest on record, being 1,409,300 cubic yards. Altogether in that division 71,033,522 yards have been excavated, leaving 26,091,856 yards to be removed.

In the Atlantic division the total excavation was 574,199 yards, and in the Pacific division 709,217 yards. "Taking the canal as a whole up to March 1 there had been taken out 131,820,446 yards, leaving to be excavated 50,708,330 yards. The canal at the Pacific entrance is completed from deep water to a point opposite the Panama Railway wharf at Balboa, a distance of about five miles. Inland from this point the open water channel extends three miles, varying from thirty feet to forty-five feet in depth. Certain sections have been excavated to its maximum width of 500 feet.

In the Atlantic entrance to the canal the channel is completed to its full width of 500 feet. The remaining to be taken out of this section 30,600,000 yards of earth and 3,800,000 of rock.

Excavation in the big Gatun lock is practically completed and about 56 per cent of the concrete is in place. The Gatun dam, the greatest in the world, is about 60 per cent completed. The concrete work on the locks at Pedro Miguel is over 67 per cent completed and about 11 per cent of the concrete is in place at the Miraflores locks.

SHOOTS AT FLEEING THIEF

Brave Woman Fires Five Times at Robber Caught Ransacking House

After Exciting Chase in Auto Fugitive Is Captured by the Police

BERKELEY, March 17.—Following an exciting automobile and street car chase of more than a mile, Chief of Police August Vollmer and F. C. Sherman, lineman of the Pacific Telephone and Telegraph company, captured a man giving the name of Joseph Malone, who attempted to rob the store and living apartments of Mr. and Mrs. J. A. Hubbard, who conduct a grocery at 1647 Virginia street.

The capture followed closely upon the escape of Malone from the Hubbard store just before noon when Mrs. Hubbard fired five shots at him. Sherman saw the man dash from the rear of the grocery. He picked up the revolver which Mrs. Hubbard had dropped on the front steps after she had shot at Malone and ran after the fleeing thief.

The fugitive was pursued by Sherman, Chief of Police Vollmer and two policemen into a creek and on the Schmidt tract at Sacramento and Cedar streets.

Malone made his escape from that point, however, and fled to West Berkeley, where a woman saw him take a southbound county line car toward Oakland.

On being informed of this, Vollmer and Sherman called Joseph Silva of Pinole, who was driving toward Oakland in an automobile. The officer and linemen were taken at the rate of more than 60 miles an hour in the direction of the county line car, which had almost reached Sixty-fifth street. There Malone leaped off and ran west on Sixty-fifth, pursued by Chief Vollmer, who shouted to him, commanding him to throw up his hands.

THREATENS VOLLMER.

The fugitive uttered an oath and told Vollmer to let him alone or he would kill him, at the same time reaching toward his hip pocket. When

George A. Lewis Hurt In Driving Accident

Oakland Realty Man Has Ankle Fractured When Horse Falls On Him.

While on horseback yesterday George A. Lewis, president of the Lewis & Mitchell, real estate and fire insurance firm, 1392 Broadway, met with an accident resulting in the fracture of his left ankle. At Broadway and Twenty-fourth street his horse slipped, falling with its full weight on the rider's leg. Lewis was partially stunned by the fall and was conveyed to Providence hospital in an express wagon. Dr. C. D. Hamlin set the broken ankle and reported this morning his patient as progressing favorably. Lewis is also suffering from the shock of his system.

SHOT FIRED WITH TRUE AIM

Man's Powder-Stained Handkerchief Discovered With Revolver

Bullet Pierces Temple, Bringing Instant Death to Unidentified Woman

SAN FRANCISCO, March 17.—In a lonely section of the Mission district, with only one building, the pest house, within a quarter of a mile, the body of a comely young woman was found in a pool of blood, lying against a bank, at an early hour this morning. Death had resulted from a bullet wound in the right temple, fired under mysterious circumstances.

Several startling facts in connection with the gruesome find point to a murder theory, and the officers are busily engaged in endeavoring to unravel the mystery.

DISCOVER BODY.

The tragedy occurred at the corner of Army and Kansas streets, evidently some time after midnight. It was 5:55 this morning when Neil Hunter, a railroad special officer, Harry Switzer, 1738 Mission street, and Frank Healy, 607 San Jose avenue, came upon the corpse lying on crimson ground.

The woman, who was evidently between 30 and 35 years old, with black hair and small features, was lying face downward. A thirty-two caliber revolver lay by her side and the gaping hole in the right temple told the cause of death.

The coroner was sent for, and Deputy John Clinton conveyed the remains to the morgue. There was no clue to reveal the name of the woman. It was evident that she had been dead for several hours. The fact that points in the direction of the murder theory is that there were no powder marks around the wound, although the bullet had sped accurately on its course, and death had probably been instantaneous. In addition, a man's handkerchief was found on the corpse, with powder marks on the side and in one corner. But one bullet had been fired from the pistol, and as death should have resulted instantly, it is scarce likely that the woman would have fallen on her face. Women rarely commit suicide by shooting themselves and as a general rule are not handy with guns.

SUSPICIOUS CIRCUMSTANCES.

In this instance the shot sped true, and the absence of powder marks at the point

Life Imprisonment Dealt Out to Woman Murderer

HASTINGS, Neb., March 17.—A verdict of murder in the first degree, with imprisonment for life, was returned today by the jury in the case of Mrs. Maggie Davis, accused slayer of Ira Churchill. Mrs. Davis killed Ira

American League Ball Park Swept by Fire

Grandstand and Fences Are Destroyed and Many Washington Residents in Danger.

WASHINGTON, March 17.—The grandstand and fences of the American League ball park have been destroyed by fire, which is now raging in the old Freedmen's Hospital and threatens to spread to other buildings. The fire started in the grandstand, on which repairs were being made. Residents of a number of houses in the immediate vicinity of the park have been ordered to remove their household effects, in anticipation of the fire getting beyond control.

Masked Bandits Board Car And Rob Passengers of \$50

LOS ANGELES, March 17.—Two masked bandits, armed with automatic revolvers, early today boarded a street car of the Garvanza line and robbed the crew and five passengers of \$50 cash

Call Victim to Door And Hold Him Up

Retired Real Estate Man Robbed of \$500 and Locked in a Closet.

NEW YORK, March 17.—Louis Miller, a retired real estate dealer, was called to his door in Jamaica, L. I., late last night by five masked and armed men. While four covered him with their guns, a fifth went through his clothes, taking money and jewelry valued at nearly \$500. Before making their escape the robbers locked both Miller and his wife in a closet, where the aged couple were found an hour later by a son.

Home of First Heavier Than Air Machine Sees Initial Flight.

Home of First Heavier Than Air Machine Sees Initial Flight.

SAN JOSE, March 17.—Santa Clara county, the home of the discovery of the principle of navigating heavier than air machines, saw its first flying this morning when Charles F. Willard of the Curtiss team made a flight of seven minutes at an average altitude of 200 feet. A big crowd of newspapermen and amusement promoters saw the exhibition. Willard and Ely will fly here tomorrow and Sunday under the auspices of the Santa Clara Valley Aero Club.

Russia Mobilizes Troops Near Chinese Territory

ST. PETERSBURG, March 17.—Large bodies of Russian troops, enroute to China, are concentrated at Shantou, about 60 miles west of Kulia. An official communication announcing the movement of the troops euphemistically describes it as a "test of mobilization."

Admiral Togo to Make Tour of United States

VICTORIA, B. C., March 17.—Admiral Togo has decided to make a tour of the United States on his way back from the coronation of King George V, according to a despatch brought by the Sado Maru. General Togo will return via Russia.

Poet's Daughter Will Return to Oakland

Juanita Miller Plans to Reside for Long Space with Her Father.

Miss Juanita Miller, daughter of Joseph Miller, the poet of the Sierra, who is still at the Fabiola Hospital, is expected to return shortly from a hurried trip to the West Coast. When she returns it is thought that poet will be sufficiently recovered to remain with him for some time. Miller continues to improve slowly but steadily and is on the road to complete ultimate recovery, in the opinion of the hospital authorities.

Noted London Banker Kills Himself; Accounts Straight

LONDON, March 17.—A sensation has been caused in financial circles by the suicide of R. B. Carnegie, manager of the Lombard street branch of Farr's bank, limited, who shot himself at his residence. The affairs of the institution are said to be in perfect order. The authorized capital of Farr's bank is \$25,000,000. For years it has paid a dividend of 15 per cent per annum.

NEUTRALITY LAW NOT BROKEN, DECIDES BLISS

General Orders That No Action Be Taken Against the Mexican Customs Officials

(Continued from Page 1)

sisting of fresh meat, beans, corn cakes and "tamaleños" for the commission and equipment of the 5000 insurgents now in the field, according to the reports of the junta.

Reports from Chihuahua City show that food conditions have become serious there. The citizens are not allowed to venture beyond the outskirts and the tops of the houses have been provided with piles of sandbags to form breastworks in case of an attack.

Mexican Customs Officials Not to Be Molested by U. S.

MEXICALI, Mex., March 17.—General Bliss, department commander at San Diego, telegraphed instructions to the United States army officers at the border here not to arrest or otherwise inconvenience the Mexican customs officials of the little town of Algodones, who came to Calexico after a brush with the insurgents in which the customs officers were accused of fighting from the American side of the boundary. There was talk of arresting the Mexicans on a charge of breach of United States neutrality.

General Stanley of the insurgents arrived in Mexicali last night after seizing a pack train of supplies belonging to Paul Rogers, a wealthy rancher on the Mexican side of the line. Rogers complained to Captain Blago of the United States cavalry, who in turn protested to Stanley. The insurgent commander then released the supplies.

The rebels remaining in Mexicali have two machine guns in the trenches which were left in Mexicali by Generals Berthold and Leyva when they started on their ostensible march toward Ensenada. This fact is taken as an undoubted indication that the whole rebel army will soon return to Mexicali.

General Stanley left today to rejoin his men at Packard station. He was accompanied by a detachment of the United States cavalry, the rebel leader, in the vicinity of Tecate today, but it is not believed by others that the Mexican insurgents will advance that far, preferring rather to fall back on Mexicali and await there an attack by the federal forces under Colonel La Jole.

Blanco's Rebel Band Flees Far Into the Mountains

DOUGLAS, Ariz., March 17.—General Blanco and his rebel band have fled far into the mountainous country in the interior of Mexico, where the federal troops dare not pursue them. The retreating rebels are at Cajon Bonita, forty-nine miles east of Agua Prieta in the rough country of the Sierra Madre range. In their flight east they took fifty head of horses from a ranch.

The federal troops carried rations for only six days and will not follow the rebels into the dangerous canyons where they might meet with an ambush. Many of General Blanco's band are Apache Indians and their descendants live in the region where Blanco and his men are located.

The report of the ambushing of sixty federal troops under Colonel Anguina by Juan Cabral's rebel band near Campas last Monday is confirmed. The rebels killed cattle at the Rodero ranch and departed up a canyon. Colonel Anguina's force arrived soon after and followed, despite warnings of the ranch people. When nearly through the high hills the rebels opened fire from above, killing twenty-one federal soldiers and compelling the surrender of the remainder of Anguina's command.

Mexico Requested To Treat American Prisoners Fairly

WASHINGTON, March 17.—In response to complaints of relatives of Edwin Blatt, of Pittsburgh, and Lawrence C. Givens, of Glendora, Cal., being held prisoners at Juarez, Mexico, in insubordinate cells, the state department today requested the Mexican government to afford the men comfortable surroundings.

American citizens held as prisoners of war by the Mexican authorities at Casas Grandes, who have been reported in danger of execution and Henry Whittle, who was arrested at Ciudad Porfirio Diaz yesterday, are safe and assured of fair treatment, according to telegraphic advices received by the state department from American consular officers in Mexico.

Taking cognizance of reports that the Americans imprisoned at Casas Grandes for alleged connection with the revolution would be put to death the state department instructed the American consulate at Juarez to investigate. Today the consul telegraphed that Gen. Navarro, commander of the federal forces at Casas Grandes, had assured him that the prisoners would receive every consideration.

Chihuahua Saved From Famine by Opening of Railway

EL PASO, March 17.—Mail advices from Chihuahua, the first in two weeks state that train service was resumed south when vitally needed. The price of beans had risen from 10 to 20 cents a pound and other provisions were correspondingly high.

Californian to Head An Insurrecto Army In Mexican Revolution

REDLANDS, March 17.—Willis E. Taylor of Redlands, formerly of Saratoga, N. Y., left today for El Paso, where he will enter Mexico to take a commission at the head of one of the armies of the insurgents in the revolution.

Taylor is a personal friend of Captain Oscar Creighton, the American who is leading the rebel detachment that has given the Mexican federalists trouble recently in the vicinity of Juarez and southward.

Creighton wrote to Taylor a month ago asking him to join the insurgent army, but at that time he refused. Later he considered the request of Creighton and of Antonio Villarreal, head of the revo-

WOMAN FIRES AT FLEEING ROBBER

Catches Thief in Act of Looting House and Uses Revolver.

(Continued from Page 1)

the chief of police saw the glitter of Malone's gun he struck the man with the butt of his own revolver. Enraged by the blow, Malone rushed at Vollmer and grappled with him. At this juncture Sherman appeared and placed the point of the revolver which Mrs. Hubbard had used upon Malone's abdomen. The fugitive then finally surrendered and accompanied his captors to the Berkeley police station.

Malone is about 40 years of age and says he came here recently from New York city.

Mrs. Hubbard was alone in the store when the man entered and asked for a small quantity of candy and then for some kerosene which he wished to have put in a bottle he carried. Disliking the looks of the man, Mrs. Hubbard was reluctant to go into the rear of the store where the oil was kept, but she went out and hastily filled the bottle. Rushing back she entered a living room between the store and warehouse and encountered the thief rifling a dresser.

SEARCHES FOR VALUABLES.

He had already placed in his pocket a chamol skin bag which contained some old coins. The dresser drawers were opened and he had begun a thorough search for valuables.

Mrs. Hubbard screamed and dashed into a dressing room adjoining and picking up a revolver she gave chase to the man who ran out through a rear door into the yard. As he leaped over a fence into McGee street she fired five shots at him, several of which went into the fence.

The intruder ran northward and then across to California street, down which he ran in a southerly direction. Mrs. Hubbard hastened to the front of the store and fell exhausted in the steps with the smoking revolver in her hand just in time to see the fleeing man as he ran down the next street.

Hubbard was absent from the store delivering goods and returned to find his wife partially recovered from her experience.

The thief dropped the coin sack before leaving the premises, and carried away nothing of value with him.

RUSSIA SEEKS OLD POSITION

Enters Upon Long Planned Scheme to Retrieve Position in Manchuria.

VICTORIA, B. C., March 17.—That Russia's activity in Mongolia is the beginning of a long-planned scheme to retrieve her position lost when Port Arthur fell by forcing the way to an outlet to the sea, is the opinion of experts brought by the Sado Maru, which reached port yesterday from the Orient. Far from being simply a military demonstration against China for not acceding to Russian demands in Mongolia, the occupation of Ill and encroachment in Mongolia is part of a long-cherished idea according to the advices received by the Sado Maru.

The Russian plans were made immediately after the Russo-Japanese war. Almost at the same time Russian troops evacuated Manchuria with the restoration of peace a powerful expedition led by staff officers marched to Gobi via Irkutsk without attracting attention, and another party attempted to arrive at Khamgu via Ill. The two expeditions experienced many hardships, but finally attained their objects.

RUSSIA PROJECTS PLANS.
Then Russia set about the execution of the plans to open Mongolia. On the one hand a railroad from West Siberia to Southwestern Asia was projected, and on the other Russia changed the plan to invade the far east from Manchuria. In consequence the military arsenal was removed from Baikal to Irkutsk. When all preparations had been completed the standing army in the far east and Siberia was increased and dispatched under the guise of caravans to Gobi districts to subjugate the natives and secure trade rights.

By these measures Russia is gaining ground and according to a military authority who has returned to Japan from Pekin the ultimate object in view is to acquire an extended sphere of influence which in time will force the way to an outlet for Russia on the Gulf of Pechili.

Russia has three army corps between Kiakta and Ill. In the event of war they could be marched into China by four routes: the easterly one from Kiakta southward to Kulon and thence to Chang Kiakou, from where the railroad runs to Pekin via Kofuto, or from Ill eastward or from Turkestan via the valley of the Tain river.

POOR TRANSPORTATION.
Lack of transportation facilities offer difficulty, even drinking water having to be carried. China could not oppose more than 5000 men to this advance. The Eochi Shimbun says Russia chose an opportune moment, being unfettered from opposition by Japanese, England or France, and while seeking to avail herself to recover the position is approaching Pekin from outside the Japanese sphere of influence in order to avoid complications with Japan.

Meanwhile China is not inactive. The Chinese authorities are reported to have decided to lose no time in dividing Mongolia into five provinces for jurisdiction and station troops in each, to build railroads and establish mercantile companies under subsidy to promote commerce and develop economies. The Mongolia Exploration Company has been formed at Pekin, capitalized at a million taels, and backed by several leading princes and politicians.

SUES MAN WHOSE CHARGE JAILED HIM

SAN FRANCISCO, March 17.—Charging that he was humiliated and harassed beyond measure by his arrest for drawing a check for \$3.15 on the Italian bank when his account is alleged not to have warranted it, George Giardot filed suit for \$10,000 damages against Paul Shuman this morning. Damages to the amount of \$25,000 are asked by Charles T. Rogers from F. E. Seeley, a barber, on the alleged false charge of selling land a second time, on which Seeley is said to have had him arrested.

Slayer Sent Bullet Crashing Through Brain of His Victim.

(Continued from Page 1)

of entrance is exceedingly suspicious. It would have easily been possible for a murderer to have fired the bullet, left his revolver by the side of the body, turned it over and made his escape.

A possible theory of the powder marks on the handkerchief is that the gun was wrapped in it when the shot was fired. A perforation in the linen might have been caused in this way. The silent fields in the dreary neighborhood may have witnessed a dispute between a husband and wife, or a lover and sweetheart, or some friend may have deliberately lured the woman there to kill her, and when the revolver was produced it may have been wrapped in the handkerchief.

That robbery was not the motive is evident by the presence of a small sum of money on the body of the victim.

DESCRIPTION OF WOMAN.
A detailed description of the woman follows:
Five feet four inches tall, between 30 and 35 years old, black hair, small features, light complexion, medium build, blue eyes, straight nose, thin lips, top, blue serge three-quarter length tailored coat, blue serge skirt, low cut Vicli lac faced shoes, black undershirt, white undershirt, black belt with gold trimmings and a fancy picture on the buckle, black hand satchel with purse and cardcase, and \$3.50 in cash, yellow metal pin with white stone, a mirror, and earrings with green stones. No rings were found on the fingers of the woman.

The fact that two white handkerchiefs, well laundered and of feminine size and texture, were found folded in the woman's satchel, makes the presence of a man's handkerchief very suspicious in the eyes of the police.

A careful examination of the woman's clothing revealed a laundry mark as follows: "F. E. 010." Footprints were discovered near the scene, made by someone other than the decedent.

The further the police go in their investigations the more convinced they become that the woman was the victim of foul play.

In consequence the military arsenal was removed from Baikal to Irkutsk. When all preparations had been completed the standing army in the far east and Siberia was increased and dispatched under the guise of caravans to Gobi districts to subjugate the natives and secure trade rights.

By these measures Russia is gaining ground and according to a military authority who has returned to Japan from Pekin the ultimate object in view is to acquire an extended sphere of influence which in time will force the way to an outlet for Russia on the Gulf of Pechili.

Russia has three army corps between Kiakta and Ill. In the event of war they could be marched into China by four routes: the easterly one from Kiakta southward to Kulon and thence to Chang Kiakou, from where the railroad runs to Pekin via Kofuto, or from Ill eastward or from Turkestan via the valley of the Tain river.

POOR TRANSPORTATION.
Lack of transportation facilities offer difficulty, even drinking water having to be carried. China could not oppose more than 5000 men to this advance. The Eochi Shimbun says Russia chose an opportune moment, being unfettered from opposition by Japanese, England or France, and while seeking to avail herself to recover the position is approaching Pekin from outside the Japanese sphere of influence in order to avoid complications with Japan.

Meanwhile China is not inactive. The Chinese authorities are reported to have decided to lose no time in dividing Mongolia into five provinces for jurisdiction and station troops in each, to build railroads and establish mercantile companies under subsidy to promote commerce and develop economies. The Mongolia Exploration Company has been formed at Pekin, capitalized at a million taels, and backed by several leading princes and politicians.

SUES MAN WHOSE CHARGE JAILED HIM

SAN FRANCISCO, March 17.—Charging that he was humiliated and harassed beyond measure by his arrest for drawing a check for \$3.15 on the Italian bank when his account is alleged not to have warranted it, George Giardot filed suit for \$10,000 damages against Paul Shuman this morning. Damages to the amount of \$25,000 are asked by Charles T. Rogers from F. E. Seeley, a barber, on the alleged false charge of selling land a second time, on which Seeley is said to have had him arrested.

Slayer Sent Bullet Crashing Through Brain of His Victim.

(Continued from Page 1)

of entrance is exceedingly suspicious. It would have easily been possible for a murderer to have fired the bullet, left his revolver by the side of the body, turned it over and made his escape.

A possible theory of the powder marks on the handkerchief is that the gun was wrapped in it when the shot was fired. A perforation in the linen might have been caused in this way. The silent fields in the dreary neighborhood may have witnessed a dispute between a husband and wife, or a lover and sweetheart, or some friend may have deliberately lured the woman there to kill her, and when the revolver was produced it may have been wrapped in the handkerchief.

That robbery was not the motive is evident by the presence of a small sum of money on the body of the victim.

DESCRIPTION OF WOMAN.
A detailed description of the woman follows:
Five feet four inches tall, between 30 and 35 years old, black hair, small features, light complexion, medium build, blue eyes, straight nose, thin lips, top, blue serge three-quarter length tailored coat, blue serge skirt, low cut Vicli lac faced shoes, black undershirt, white undershirt, black belt with gold trimmings and a fancy picture on the buckle, black hand satchel with purse and cardcase, and \$3.50 in cash, yellow metal pin with white stone, a mirror, and earrings with green stones. No rings were found on the fingers of the woman.

The fact that two white handkerchiefs, well laundered and of feminine size and texture, were found folded in the woman's satchel, makes the presence of a man's handkerchief very suspicious in the eyes of the police.

A careful examination of the woman's clothing revealed a laundry mark as follows: "F. E. 010." Footprints were discovered near the scene, made by someone other than the decedent.

The further the police go in their investigations the more convinced they become that the woman was the victim of foul play.

COURT DENIES
MOTION FOR DECREE

Petitioner Has No Standing on Which to Ask Nunc Pro Tunc Order.

Judge William T. Harris and Judge Everett J. Brown, sitting en banc today, denied the motion made by the attorneys of Miss Etta L. Patterson to have the interlocutory decree of divorce granted Mrs. Dargie. The Dargie order, made March 5, 1906, made final.

Miss Patterson contended that unless a final decree of divorce was entered, her title to property at the corner of Franklin and Fourteenth streets would be clouded. The court held that Miss Patterson had no standing in court at the present time and therefore threw out her petition.

PROPERTY IN QUESTION.

The property in question was decided to Miss Patterson by the late W. E. Dargie on October 20, 1910. Miss Patterson's attorneys argued that it was the duty of the court by nunc pro tunc order to make the interlocutory divorce decree final.

"We contend that our client, being the owner of this property, has the right to come into court and ask that this decree be made final, nunc pro tunc, in order to clear her title. We contend that the court should hear this motion," said Attorney Derby.

ALREADY IN EFFECT.

"The decree continues to say it shall be made final upon application of either party," said Judge Brown. "Death has severed the bonds of matrimony, and it is now sought to re-entertain something that is already in effect."

Attorneys A. A. Moore and Stanley Moore, representing the interests of Mrs. Dargie, argued that the action to make the decree final, as sought by Miss Patterson, was for the purpose of making the court establish evidence in another matter which had already been settled by death.

Attorney Derby stated that he assumed it the duty of the court to make every divorce decree final twelve months after it had granted without petition by either party in the action.

OPINION OF COURT.

"It seems to me to be ridiculous," answered Judge Harris, "and so far as I am concerned I think the statutes are clear and that the duty of the court is clear. Judge Brown concurs with me that the machinery of this court should not be used to hamper the proceedings of another court."

"The question is," said Attorney Dunne, "did Mrs. Dargie have a community interest in the property at the time the deed was conveyed, and did W. E. Dargie have a right at the time to make that deed without the consent of Mrs. Dargie?"

As the motion for a hearing had already been thrown out of court, the attorneys were merely accepted as explanatory by the judges.

DIVORCE SECRETS
WILL BE BARED

Assembly on Reconsideration Passes Bill Making Records Public.

SACRAMENTO, March 17.—Assemblyman Gerde's bill providing that divorce records be placed open to public inspection, was passed by the Assembly today by a vote of 47 to 11. The bill was refused passage last night and reconsidered today on motion of assemblyman Charles.

Assemblyman Beckett's bill prohibiting lottery advertising was passed by a unanimous vote, as was Assemblyman Bennink's bill, appropriating \$25,000 for the national encampment of the Grand Army of the Republic to be held in California.

Assemblyman Callaghan's bill requiring street railway companies in cities to issue transfers good for ninety minutes after their expiration was amended to apply also to interurban lines.

SUTHERLAND BILL
IS RECONSIDERED

Penalties to Be Imposed on Corporations Which Dodge State Laws.

SACRAMENTO, March 17.—The Senate today reconsidered the vote by which it yesterday defeated Assembly Sutherland's bill (A. B. 842) providing for additional penalties for foreign corporations which do not comply with state laws. The bill was passed under the guidance of Senator Roseberry and now goes to the governor for his signature.

It provides, in addition to existing penalties, that "any corporation may not acquire or convey title to real estate. Senator Cartwright of Fresno declared that as senator, he was bound to support the bill, which he asserted would directly affect the interests of his private clients."

WANT COMFORT STATIONS
PLACED IN PUBLIC PLACES

Recommendation that public comfort stations for the convenience of pedestrians be established in parks and public places will be made by a committee on the Board of Public Works. The recommendation will carry the suggestion that wherever possible the buildings belonging to the city be utilized for the creation of the comfort stations.

Secretary Henry F. Vogt of the Park Commission, has received a request that sidewalks and curbing be placed around Madison Park, and with the approval of the commissioners will advertise for bids for the work. The request follows:

To the Park Commissioners of the City of Oakland:
 Gentlemen: We, the undersigned taxpayers and residents in the vicinity of Madison Park, most respectfully request that new cement walks and stone curbing be placed around aforesaid park, as during the last rainy season we have been greatly inconvenienced by the existing bad state of the walks.

Madison Park is very well cared for in other respects, but is certainly behind the times in not being provided with cement walks and stone curbing.

FOR COUGHS, COLDS,
CROUP ASTHMA

Breathe Hyomei; a Pleasant, Soothing, Healing Antiseptic

IT IS GUARANTEED

For catarrh, acute or chronic colds, coughs, croup and sore throat HYOMEI is guaranteed or money back.

In cases of deafness caused by catarrh, there is no remedy so efficient.

HYOMEI is a liquid extracted from the eucalyptus trees of Australia, combined with other antiseptics and is a soothing, healing, germ-killing antiseptic.

A complete HYOMEI outfit consisting of a bottle of HYOMEI and an indestructible hard rubber pocket inhaler costs \$1.00. For treating catarrh or any nose or throat ailment pour a few drops into the inhaler and breathe.

That's all you have to do, and as the air passes through the inhaler it becomes impregnated with antiseptic HYOMEI, and this soothing, healing air as it passes into the lungs reaches every particle of the inflamed membrane, kills the germs and heals the raw, sore, catarrhal spots.

If you now own a HYOMEI (pronounced I High-o-me) inhaler, you can buy an extra bottle of HYOMEI for only 50 cents from druggists everywhere.

'BLACK HAND' SOCIETY
SEEKS VICTIM IN OMAHA

OMAHA, March 17.—Tony Powell, a wealthy Italian, who keeps a grocery store at 70 North Sixteenth street, this city, yesterday turned over to the police a letter received by him purporting to come from the "Black Hand" society. The letter contains a demand for \$2000, accompanied by a threat of death to himself and family and destruction of his property by fire.

This is the first case of the kind that has come to the knowledge of the local police.

ANNOUNCEMENT.

WORK IS BEGUN
ON CHILI GULCH

'49ers to Sit About Gambling as They Did in Days of Gold.

Carpenters yesterday commenced the work of building Chili Gulch, the mining camp which will be established by the local lodge of the Royal Order of Moose, in Piedmont pavilion. By March 30, the date set for the opening of the camp, everything will be in readiness.

The plans call for the use of every available foot of space in the big pavilion and the various buildings will be fitted up in elaborate style. The plan is similar to those used in the days of '49. A number of old-time miners who bucked the games in days gone by have consented to act as dealers and the township will have the appearance of a real mining camp.

The race for the various offices in Chili Gulch is waxing warm. With four complete tickets in the field, the members of the Moose are working hard for their favorite candidates and the votes are piling in by the score. With Dr. P. F. Jackson and George W. Kennedy, the insurgent and Suffragette candidates for mayor respectively, putting up a whirlwind campaign, the Vigilante and Stand Pat candidates appear to have a tough fight on their hands, but Gen. Stachler and H. C. Snauling are not discouraged.

GOVERNOR JOHNSON
SIGNS CAMPBELL BILL

SACRAMENTO, March 17.—The governor today signed Senator Campbell's bill (S. B. 53), providing that when a plaintiff abandons condemnation proceedings, except when such proceedings are abandoned forty days prior to trial, the defendant shall be awarded all necessary expenses in preparing for trial, and reasonable attorney's fees.

WHAT WAS DONE BY COUNCILMEN

COUNCIL TAKES UP HETCH HETCHY MATTER

Committee Provides for Appointment of Dockweiler to Board.

WILL HELP FRAME GOVERNMENT'S REPORT

Secretary of Interior to Hear Plans for Sierra Water Supply.

This city will join with San Francisco, Berkeley and Alameda in financing the work of a board of engineers to prepare a report for the Department of the Interior at Washington to preserve the Hetch Hetchy supply. The auditing and finance committee last night made provision for the appointment of J. H. Dockweiler, special water rate expert of the city, as a member of the joint board of engineers to frame the report for the federal government.

With Engineer Dockweiler, Oakland also affirms the appointment of J. D. Galloway, an engineer selected by the Berkeley city council, as a member of the board and representative of this city, Oakland and Berkeley, and possibly Alameda, will share the expense of paying for the services of Engineers Dockweiler and Galloway. According to the resolution recommended to the city council by the committee last night the total expense for the two engineers will not be more than \$4000, and this amount will be paid by the city pro rata to population.

PERSONNEL OF BOARD.

The two engineers will form the representation of the east side of San Francisco, on the special board of engineers to prepare the report to be sent to Washington. The personnel of the board named is as follows:

From San Francisco—John R. Freeman of New York, and Professor Marks.

From the East Bay communities—J. H. Dockweiler of Oakland and J. D. Galloway of Berkeley.

This board is appointed to prepare a report to be laid before Walter L. Fisher, successor to R. A. Ballinger as Secretary of the Interior. The Department of the Interior has now under consideration the propriety of revoking the permit granted many months ago for the use of the Hetch Hetchy watershed and reservoir as a source of supply for the bay cities, and has asked that a report be prepared by engineers, the report to be used as the basis for the recommendation as to the continuing grant or revocation of the water source.

RECOMMEND RESOLUTION.

The resolution recommended by the committee on auditing and finance to the city council to affirm the appointment of Dockweiler and Galloway was introduced by Chairman Oliver Ellsworth, and reads as follows:

"Whereas, on the 22nd day of November, 1910, the city council of Oakland passed a resolution as follows:

"Be it resolved that the city of Oakland in conference with Berkeley or of Berkeley and Alameda, appoint an engineer to assist the Department of the Interior in the preparation of the report of the Department of the Interior at Washington, D. C., to be used at the hearing of the order to show cause now pending in that department for the revocation of the permit heretofore granted by that department for the use of the Hetch Hetchy watershed and reservoir as a source of supply for the bay cities, and

"Whereas, on or about the same date a resolution similar in form was passed by the city council of the city of Berkeley and by the city council of the city of Alameda. Now, therefore, be it

"Resolved that J. H. Dockweiler of Oakland, and J. D. Galloway of Berkeley, be, and the same are hereby appointed, as such engineers, said J. H. Dockweiler to prepare data upon existing and further needs of water supply for the cities of Oakland, Berkeley, and Alameda, and upon the possibilities of existing local sources of supply for said cities, and the said J. D. Galloway to prepare data upon the possibilities of reinforcing such local supplies from Sierra mountains and other outside sources."

CHICAGO TO RECEIVE \$829,914 FROM RAILWAY

CHICAGO, March 17.—The city's share of the net receipts of the Chicago City Railway company, which controls the surface lines in the southern part of the city, will be \$829,914, or fifty-five per cent of the net receipts. This is an increase of \$355,000 over last year, which is accounted for by the reduction of operating expenses. The money, which will be turned into the city treasury by April 10, is the fourth payment by the company since the passage of the franchise ordinance in 1907, and makes a total in four years of \$2,503,026.

HAVE BURGLAR IN CUSTODY.

PORTLAND, Ore., March 17.—In Dan Minor, serving a term of six months on the city reformatory for having burglar tools in his possession, the chief of detectives of the Portland police department says he believes he has "Bab" Carney, wanted to answer to a charge of bank robbery at Beattie, Kansas.

FLESH FORMING FOOD

When you buy a package of Samose, the great flesh-forming food, weigh yourself and see how much you gain in the first week's use. Osgood Bros., 7th and Broadway, 12th and Washington, will tell of many of their customers who a month or so ago were thin, pale and haggard, but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh, that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite. It builds up the thin, pale, puny girl and woman to perfect plumpness and health. It is the only flesh-forming food of its kind and in addition it strengthens every organ of the body, restoring strength and health to the whole system.

THANK COUNCIL FOR GRANTING FRANCHISE

Appreciation of the action of the city council in passing the Seventh street franchise ordinance to print was expressed by the Seventh Street Improvement Club in communications sent to the members of the city council. The letters read as follows:

Headquarters of the Seventh Street Improvement Club, 616 Seventh street, Oakland, Cal., March 9, 1911.

The members of the Seventh Street Improvement Club desire to express their appreciation to the Oakland city council for their assistance and kind consideration in the matter of the Seventh street franchise.

And by resolution adopted at its regular meeting on Thursday, March 9, 1911, thanked the council and the individual members thereof for their votes in favor of the passage of the ordinance.

Respectfully yours,
GEO. L. YAGER, President.

MAY GET MONEY FOR FIRE HOUSE

Committee Recommends That \$10,000 Be Given for Piedmont Building.

At the urgent solicitation of a large delegation from the Piedmont Improvement club, the committee on auditing and finance last night recommended to the city council the appropriation of \$10,000 for a new fire engine house to be erected on a site already provided on Montgomery street in that district. It is probable that the building will be completed during the coming fiscal year, and the funds to defray the cost will be taken from the moneys of that year.

The site is 40x50 feet, and the firehouse will be of the same design as several new firehouses erected in various parts of Oakland recently. Apparatus will be provided, the cost of the building not including this item.

Fire protection has been needed for a long time in this district, and there has been a strong campaign for the placing of a fire engine house there. The water company has placed large mains in the streets and a good force of water is provided, so that there will be sufficient force to utilize the new building and apparatus.

Heading the delegation from the Piedmont Improvement club was Dr. C. C. Fletcher, president. Also present were Mrs. M. J. Bartlett, vice-president, and Secretary Hyslop. About fifty members of the club attended the meeting of the council committee.

Waterfront News

OAKLAND MARKET IS NOT CRIPPLED

Restriction in Fruit Shipments From Hawaii Doesn't Worry Local Men.

The crippling of the fresh fruit trade between the Hawaiian Islands due to the cholera scare will not affect the Oakland market, according to prominent commission men, owing to the fact that much of the fruit received here comes from Nicaragua by way of New Orleans. As thousands of tons of fresh fruit leave New Orleans daily without any definite routing all the local commission men need do if a shortage is felt is to telegraph for reservations of the necessary supply.

The small steamship Altak, Captain Rasmussen, left the bay yesterday for Alaska. She is the first of the Alaska Packers' tenders to leave for the north. The packet, Star of Holland, Captain Gunderson, cleared yesterday for Ladysmith where she will take on a cargo of coal for the Alaskan cannery stations.

The steamer Talac, Captain Hansen, and the South Coast, Captain Olsen, were at Long wharf yesterday. The former vessel had 1308 feet of poles from the Columbia river, the latter 4000 feet of lumber and 225,000 shingles from Eureka. Fair weather was reported by both skippers.

The steamer Tribby docked at Adams' wharf yesterday with 60 tons of copper wire for the Postal Telegraph Company. The Saint Helena was also at Adams' wharf with a miscellaneous cargo of merchandise.

PROBE MOTIVE FOR LAFRANCHI MURDER

SAN RAFAEL, March 17.—Sheriff J. J. Keating has turned his attention toward the jealousy theory in the attempt to unravel the mystery surrounding the murder of John Lafranchi and his nephew, Augustine Albertoni, at their ranch near Ignacio Saturday morning. The murderer left no clew save the gray hair found in the doorway of the barn.

Deputy Sheriff William Connors is confident that robbery was the motive.

"I feel sure that Mrs. Lafranchi would have recognized the man had he not been a stranger to her," said Connors. "We have no good reason to doubt her story in this respect. It is my belief that the stranger visited the ranch to commit robbery. The sight of the two men lying dead on the floor and the woman wounded but ready to fight for her life, evidently unnerved him. He knew that Lafranchi had money in his pockets, but fled in terror at what he had done."

ACCEPT HONOR SHIELD.

BOSTON, March 17.—The Lipton "Honor Shield" given by Sir Thomas Lipton, on which will be engraved the names of various association class winners, has been accepted to be held in trust by the Massachusetts Yacht Racing association.

Sir Thomas has been chosen an honorary member of the association.

FIREWORKS MAY BE PROHIBITED ON THE FOURTH

Matter Was Called to Council's Notice by Board of Fire Underwriters.

GOVERNING ORDINANCE HAS BEEN INTRODUCED

Consideration of Measure Was Deferred Last Night for Two Weeks.

That sufficient notice may be given dealers in Oakland who desire to sell fireworks and who would have been injured by the suppression of such sale after they had laid in stock in preparation for Independence Day, the ordinance and judiciary committee last night resumed the consideration of the fireworks ordinance. This ordinance was passed by the council by one vote last June, but because it would work a hardship upon many dealers who had already laid in stock for the Fourth of July sale, and because of certain drastic clauses, it was vetoed by Mayor Mott about June 30.

The ordinance introduced last night was prepared at the instance of the Board of Fire Underwriters of the Pacific, who were represented at the committee meeting last night by Edward J. Torney. Before the ordinance is passed an assurance of a 15 per cent reduction of the insurance rates will be given after when the ordinance becomes operative will be asked of the underwriters.

The consideration of the ordinance was laid over for two weeks. The bill under consideration last night is as follows:

An ordinance regulating the use or discharge of firearms, or fireworks, and prohibiting the sale or possession of fireworks in the city of Oakland.

Be it ordained by the council of the city of Oakland as follows:

Section 1. No person or persons, firm, company, corporation or association shall sell or offer for sale, or have in his or her possession or custody any toy pistol, squib, rocket, cracker, Roman candle or fire balloon or other combustible fireworks, or any article for the making of fireworks, within the limits of the city of Oakland.

Section 2. Any person or persons, firm, company, corporation or association, which shall violate any of the provisions of this ordinance, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars or by imprisonment in the city jail for a period not exceeding six months, or by both such fine and imprisonment.

Sec. 4. This ordinance shall take effect and be in full force and effect from and after its passage and approval.

SAN FRANCISCO GRAND JURY IS IMPANELED

SAN FRANCISCO, March 17.—Presiding Judge Mogan has impaneled the following grand jury:

Moses Stern, meat packer.

ELECTRIC LIGHT TRUST CUTS PRICE OF LAMPS

WASHINGTON, March 17.—As the first direct result of the government's anti-trust suits against the so-called "Electric Lamp Trust," the Department of Justice has received intimations that the prices of all electric light bulbs will be reduced 25 to 35 per cent over the United States.

By such a cut in present prices, people who buy the electric lamps will save more than \$6,000,000 a year.

The department conspires to receive word that the various pools in the so-called trust are breaking up in anticipation of the suits that have been prepared.

HOLD UP LICENSE.

SAN FRANCISCO, March 17.—Saloon-keepers are anxiously awaiting the next move of the commission in connection with the application of John Coley to obtain a license at 17 Kearny street and to effect the removal of his saloon there from Montgomery street. Heretofore the commissioners have refused any more licenses on Kearny street. The matter was put over until next Thursday at yesterday's meeting.

Would You Gain a Pound A Week for Three Months?

Then begin taking regularly three grain hypo-nutrine tablets, which are made from a health-germ of ordinary yeast and combined with hypophosphites and an absorptive phosphorus.

Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the nervous system because of its aid to digestion, assimilation and absorption. The food elements which go to make blood and solid tissue is retained when this treatment is regularly used for several months. Most physicians and apothecary shops supply them in sealed packages.

Pain-Away-Phils relieve headache and periodical pains. All druggists sell them.

962 Washington Street

TWO KILLED; 4 SHOT IN QUARREL

Man Who Wounded Boarders Thought to Have Murdered His Wife.

PRINCETON, N. J., March 17.—A shooting affair following a brawl in an Italian boarding house here last night wound up in the death of the proprietor and his wife and the serious if not fatal wounding of four of the boarders. Andrew Deignazio, the proprietor, accused one of the boarders of stealing his money and some beer. The charge was resented, and after a long altercation Deignazio started to clear the place with a revolver. When the police arrived they found four of the boarders wounded. The proprietor and his wife were dead from bullet wounds. It is the supposition of the police that Deignazio killed his wife and then committed suicide.

SWEPT FROM MOORINGS.

HALIFAX, N. S., March 17.—Swept from her anchorage in Mill Cove by a 40-mile-an-hour nor'wester, the British brig Harry lies on the beach at Dartmouth today, where the seas are breaking over her. It is feared she will be a total loss.

SHUTS OUT 1200.

BLOOMINGTON, Ill., March 17.—An order posted in the Chicago and Alton shops announces an indefinite shutdown. About 1200 men are affected.

GOLF WITH TAFT CURES ABSCESS

Candidate for Hospital Plays Game With President and Gets Well.

NEW YORK, March 17.—Congressman Martin W. Littleton, who is one of the prominent Democratic candidates for the United States Senate from New York, is in New York City with an enthusiastic recommendation of "Dr." Taft of Augusta, Ga. When he started for Augusta a few weeks ago it was with the expectation that he would have to spend some time in a hospital as a result of an abscess along the spine.

On the last day of his vacation, Littleton went around the golf links with the President. Taft beat him 2 up and 1 to play, but the exercise was apparently just what the congressman needed, for the treatment given by "Dr." Taft broke the abscess and Littleton returned to New York in excellent health.

SHOTS OUT 1200. BLOOMINGTON, Ill., March 17.—An order posted in the Chicago and Alton shops announces an indefinite shutdown. About 1200 men are affected.

WANTS AUTOS TO MAKE PLENTY OF NOISE

EDITOR TRIBUNE: Considering the vast number of automobiles in use, it seems to me that the public should have some protection from these machines in the public streets and highways in the way of adequate signaling devices. The average automobile is equipped with a small "foot-tool," which, when working at all, can only be heard a few feet in front of the car and invariably not soon enough for the pedestrian to get out of the way of the machine. Some automobile signals are not pleasing to the ear, but it seems to me that inasmuch as we have got to endure automobiles that they at least be required to equip their machines with a signal that can be heard at least 300 feet ahead of them. This is only just to the public. Yours truly, C. S. HUEMAN.

PROMINENT GERMAN DIES IN BERKELEY

BERKELEY, March 17.—Jacob Mueller, a well known South Berkeley meat dealer, died at his home, 1633 Alameda avenue, last night, after an illness of three months.

He had resided in Berkeley for sixteen years and was a member of the Hermann Sons of this city. A wife and three children, Fred, Carl and Elizabeth Mueller, survive him. The funeral will be held tomorrow afternoon at 2:30 o'clock.

SCHOOL BOY HURT IN FALL WHILE AT PLAY

Albert Brass, an eight-year-old boy living at Brush and Wood streets, fell into a pile of broken bottles while at play, late yesterday afternoon. He was injured and taken to the Receiving Hospital, where it was found that he had sustained a deep gash four inches long in his right forearm. He was attended by Dr. Irwin.

AUDITOR VOTES DOWN CONTRACTORS' CLAIM

ALAMEDA, March 17.—City Auditor Croli, rejected a claim of Powell Bros. yesterday for a refund of \$63 paid by the contractors for the building permit of the new Haight school. The refund was asked from the school fund and for this reason the claim was turned down. All monies collected by the building inspector are turned into the general fund and consequently a refund for a building permit could not come from the school fund.

BABY BREAKS LEG BY FALL OVER CHAIR

ALAMEDA, March 17.—Jack Luttien, the eighteen-months-old infant of Mr. and Mrs. Louis Luttien of 217 Santa Clara avenue, met with a peculiar accident yesterday afternoon when his leg was broken by a fall over a rocking chair.

The child was playing near the chair. His mother hearing his outcry of pain found him struggling. Dr. H. M. Pond was called and the leg was placed in a cast. The X-ray will be placed on the injured limb today to determine the extent of the injury. The broken bone is located between the thigh and the knee.

FRUITVALE BOARD WANTS MEMBERS

Trade Organization Also Votes to Improve Streets of District.

FRUITVALE, March 17.—J. H. Parks, P. C. Fredericksen, Henry Bartmeyer, J. M. Carr and J. Johnson were appointed last night as a committee of five by the Fruitvale Board of Trade to make arrangements for a stag party and jinks to be held some time in the near future.

CLUB PLANS FOR SANITARY WORK

Committee of Five Appointed by Hopkins Street Organization.

FRUITVALE, March 17.—At one of the largest meetings ever held in the Hopkins Street Improvement Club's hall, J. W. Brooks, J. E. Mulrooney, A. F. Watson, D. F. Bardiell and E. H. Lingo were last night appointed as a committee of five to arrange for a sanitary campaign in the upper Fruitvale district.

THREE SUSPECTS JAILED AS SAFE CRACKERS

MARTINEZ, March 17.—Three men arrested here less than two weeks ago are believed by Sheriff Veale to be the safe-crackers who have been at work in this part of the State for the last month. From descriptions received today by Veale from the authorities at Knights Landing, Stanislaus county, where a safe was robbed Wednesday night, the burglars are believed to be the same men who a week ago cracked the safe in the Concord Department store, and who were in the county jail here two weeks ago.

The suspects were arrested here as vagrants, and gave the names of Frank Becker, Joe Kelley and M. J. Powers. Becker was believed to be wanted for complicity in a murder which occurred at Sacramento a month ago, but before word could be received from the State capital, Justice of the Peace C. R. Hayden had released the men because they had not been formally charged with any offense.

HAIR BANDEAUX.
Foundation of tinsel embroidered in black, 65c to \$1.25.

LATEST NEWS FROM OUTSIDE TOWNS

DIRECTORS OFFER TENTATIVE AID

Claremont Country Club People Passively Favor New Road Suggestion.

MELROSE, March 17.—At a meeting of the directors of the Claremont Country Club yesterday afternoon, L. Barker and W. H. Chapman, prominent officials of the Melrose Improvement Club, made an effort to secure their aid in the fight for the cutting through of the new boulevard from High streets to Lake Merritt. Although they were received with great courtesy, the directors of the club would not assert themselves in any other way than to declare that they were in favor of the proposition and might support it if it is ever brought to a vote.

It is the popular opinion of every resident of Melrose and many of those along the old county road, that this being the only natural outlet for the scenic boulevard should be made part of the great state highway and that some portion of the \$18,000,000 improvement fund be expended upon it. Regardless of any great assistance from the state, the Melrose Improvers are willing to take the greater portion of the burden on their shoulders and make this road one of the finest to be found in the country. In a general way the officers of the club have formulated plans for the planting of trees, construction of curbs and clearing of the public meeting, at which politics will positively be barred, will be called tonight at Souza's hall where many prominent speakers, including Mayor Frank K. Mott, will be heard. It is the wish of the officials that it be announced that politics will not be discussed in the club meetings at any time.

WOODMEN TO GATHER.
HAYWARD, March 17.—The axes will swing with a great vengeance tonight when the members of the Cypress Camp, Woodmen of the World of Hayward gather for their 15th anniversary ball. Extensive preparations have been made by the committees in charge of the programs, and some of the best musical artists will display talent.

WILL GIVE BALL.
SAN LEANDRO, March 17.—The Military ball to be given by the members of the Estadillo Parlor, Native Sons of the Golden West, which was postponed on February 28th on account of the death of one of the prominent officers, will be given of the eight anniversary of the Parlor, April 21.

CROWD TOASTS 'THE TOASTMASTER'

Clever Comedy Well Presented by Hayward Dramatic Club.

HAYWARD, March 17.—With the speaking of the first words until the final curtain, the "Toastmaster," a college comedy presented last night by the members of the Dramatic Club of the All Saints church was greeted with success. Long before the time set for the beginning of the play the hall was packed to the doors and many were forced to journey to their homes without even coming within hand-shaking distance of his highness, "The Toastmaster."

Tonight will see the last presentation of the play and the members of the cast are to throw their best efforts into their work and make the production a memorable one. The cast is composed of Bill Morgan, who loves and owns, "Joe" Silver, "Towel" Fairfax, the toastmaster, "Joe" Woods; Bob Kenmark, a friend of Bill's, Will Clark; Henry Reed, son of Prof. Reed, Frank Mitchell; Tom Riley, a friend of Henry's, Frank Andros; Geo. McIntosh, who loves and hopes, Leslie Tafford; Prof. Reed, who has something to say, Rollin Lewis; Mrs. Reed, who has nothing to say, Agnes Leonard; Cynthia, their daughter, Alma Moore; Babbiling Bess, who has too much to say, Zelda Vierra.

OFFERS \$5000 REWARD FOR CHINESE GIRL

HAYWARD, March 17.—After an alleged theft of \$750 from Tor Gai, a Chinese business man of Oakland, Sing Yee, a pretty little Oriental girl fled from her home in Oakland in fear that she might start a long war which would involve all the cities around the bay. At the present time she is believed to be hiding in Hayward. Detective Enigh of the Oakland police force, accompanied by some prominent Chinese, made a search in and around the town yesterday but failed to reveal the whereabouts of the girl.

A reward of \$5000 has been offered by Gai for the return of the girl and the local police are inclined to believe that the sum stolen must be larger than given out or that Sing Yee is a very valuable slave for whom Gai has already paid a large sum.

DAY AND NIGHT FORCES AT WORK

Southern Pacific Company Is Striving Hard to Repair Damage at Niles.

NILES, March 17.—Large forces of men, derricks and steam pile drivers, are working night and day in an effort to re-build the Southern Pacific bridge at Niles which was washed away by the recent floods. The old bridge will in all probability be taken away by the railroad company as soon as the creek loses some of its force, and a newer and larger one be built in its place. At the present time it is thought the company will be forced to extend the approaches to the bridge in an effort to reach solid land.

ALBANY HAS PARK AND TREE COMMISSIONERS

ALBANY, March 17.—A commission to have charge of tree planting in parks and in the streets of Albany has been appointed by the trustees as follows: A. B. Anderson, Matt Nelson, R. F. Daniels, Rollo Gould and Charles Gobalet. E. Rubart was appointed pound master by the board.

RIIS LECTURE BEFORE UNITARIAN CLUB

ALAMEDA, March 17.—Jacob A. Riis, will address the Unitarian Club at its meeting Monday evening, March 27. The subject of the talk will be "The Making of an American." Riis has an international reputation as a public speaker and it is expected that the club rooms will be wholly inadequate to seat the large number of people who will be on hand to hear him.

FRUITVALE N. O. DANCE TONIGHT

Hall Is Beautifully Decorated With Colors of Parlor and Shamrocks.

FRUITVALE, March 17.—All preparations have been completed for the grand ball to be given by the members of the Fruitvale Parlor, Native Daughters of the Golden West, in the Eagles' hall, corner of East Fourteenth street and Lase avenue, tonight. The hall has been beautifully decorated in the colors of the parlor, and in green shamrocks, branches of trees and ferns, while here and there an Irish flag has been suspended from the ceiling. The grand march will be led by Mabel Zimmerman and Frances Jackson.

The names of the persons in charge of the affair are: Frances Jackson, Gertrude Rossi, May Barthol, Pauline Walker and Anna Tishman. This parlor is but a year old but boasts of a membership nearly as large as some of the older parlors. Some of those present in the upbuilding of the local lodge are: Theresa Lilienthal, Nellie Crowley, Alice Wrenn, Agnes Wagner, Mabel Zimmerman, May Heino, Gertrude Rossi, May Barthol, Frances Jackson, Lase Gill, Gertrude Grey, Amelia Blackman, Cora Cluff, Lena Ingram, Jennie Matos and Frances Carroll.

Preparations have already been commenced for the grand minstrel show to be given by the members of the parlor.

FELL 20 FEET AND BROKE ARM

Macon Boy Sustains Painful Injuries in Aviation Accident.

ELAHURST, March 17.—While attempting a flight in a glider from a barn in the rear of his home on Jones avenue yesterday afternoon, little George Macon, son of Charles D. Macon, a prominent business man of San Francisco, fell to the ground, a distance of about twenty feet and was nearly killed when his head struck a sharp rock. The accident was seen by his companions and he was carried into his home where it was found that besides a sharp gash on the forehead he sustained a broken arm.

Special Announcement

Our Annual Waist Sale

Will begin Saturday morning at the Corset House. This is not a sale of old styles marked down. Every garment is strictly new and up-to-date both in styles and materials.

Are you satisfied with your Corsets?

You ought to be. Corset art as exemplified in WARNER'S RUST-PROOF CORSETS has long passed the days of discomfort with awkward ridges and bulges. WARNER'S CORSETS are only felt for their comfortable support and give to the figure lines of fashion and beauty. Literally millions of women know the revolution in corset designing through wearing WARNER'S CORSETS. Do you?

There are two hundred and fifty styles to select from if you wear a Warner. Every pair, if properly selected and laced, is comfortable, sitting, standing or walking. Every pair is guaranteed not to rust, break or tear. Get a new pair in exchange if it does. Prices \$1.00 to \$7.50 per pair.

Our Annual Waist Sale Will Begin Saturday Morning

This is not a sale of old styles marked down, but a sale to advertise our Waist Department. We want to make this department just as popular as our Corset, and this is the means we are taking to do it.

OUR FIRST LOT—We have just 25 dozen; they come in two different styles, one is made of lingerie with fine tucked yoke, the other is lawn with all over embroidered fronts; both come in high neck, long or short sleeves, regular value \$1.25; special while they last, 75c each.

LOT TWO—All are Dutch neck and short sleeves, several different styles in the lot, some are lace trimmed and some embroidery, all have trimmed short sleeves; regular value \$1.50—Special while they last, \$1.10.

Others at \$1.69, \$2.00, \$2.50 and \$3.00 each.

Two Thousand Pairs Women's Drawers Go on Sale Saturday Morning

Just the kind you bought during our January sale, only that they have all the new embroidery edgings, made of fine nainsook and cambric, regular value 75c per pair; special 50c. Others at 75c, 85c and \$1.00 per pair.

OAKLAND'S SPECIALTY HOUSE for all kinds of Pads for bust and hip, Brassieres all styles and makes, combination garments and bridal sets.

CRESCENT CORSET COMPANY

1101 WASHINGTON STREET AT TWELFTH

The Situation in Mexico.

Apparently Diaz is preparing to offer the insurgents the alternative of the sword or an olive branch. On one hand he has had the Mexican Congress suspend the constitution and invest him with despotic powers and on the other his confidential adviser and close political coadjutor for a generation, Jose Y. Limantour, has been negotiating with the agents of the revolutionary leaders in New York. Among those with whom Limantour has conferred are the father and three brothers of Francisco I. Madero, who is the head of the insurrection, and claims to be "provisional president" of Mexico. It is reasonable to conclude that Diaz is prepared to give the insurgents very favorable terms if they will lay down their arms and cease to resist the constituted authorities, but, on the other hand, is equally prepared to treat them with merciless severity if they decline his pacific proposal and continue in rebellion. The insurgent bands will be declared outlaws and shot whenever captured. Martial law will be applied to all disaffected districts and a war of extermination waged against the insurgents, who will be treated as robbers and assassins and not as combatants in war. It is to be observed also that the Federal troops are displaying more vigor than has hitherto characterized their operations. Heavy bodies of regular troops are reinforcing the rurales along the frontier, and the indications are that a concerted movement is in preparation to round up and destroy the scattered bands of insurgents. The presence of United States troops along the frontier makes it impossible for the rebels to take refuge on American soil when hotly pursued, to invade Mexico at the first opportunity. It is probable that mobilizing the United States army in Texas has had the effect of infusing energy in the campaign to suppress the insurrection. Fear of intervention has nerveed the Diaz government to proceed with less deliberation and more warlike expedition. Therefore something decisive is likely to happen shortly. Either there will be peace or more activity and fighting.

Assemblyman Butler of Los Angeles is a fine example of the specialist in legislation. He is a physician and has devoted himself almost exclusively during the entire session to passing a bill to prohibit the newspapers from printing patent medicine advertisements. Controlled by his professional prejudices and interest, he endeavored to use the law-making power to stifle a branch of trade that does not meet his approval. He could not appeal to the law to prohibit the sale of patent medicines, but he endeavored to reach his end indirectly by seeking to pass a law to prohibit the newspapers from advertising proprietary medical compounds. He thus endeavored to make the law the implement of the prejudice and interest of the profession of which he is a member. That is why he is entitled to be called a specialist in legislation. His bill was very properly scuttled when it came up for passage.

Chester Rowell has started an Ananias Club of his own, and has initiated the editor of the Call as the first member.

According to a forecast given out by the New York Sun, the line-up in the Senate against reciprocity with Canada presents an extraordinary and incongruous combination. La Follette of Wisconsin, Cummins of Iowa, Bristow of Kansas and Brown of Nebraska, insurgents and professed tariff reformers, are leagued with such standpatters as Gallinger of New Hampshire, Oliver of Pennsylvania, Heyburn of Idaho, Frye of Maine and Brandegee of Connecticut in opposition to the agreement. With them are such reaction Democrats, so-called, as Bailey of Texas, Simmons of North Carolina and Thomson and Foster of Louisiana. Politics does indeed make strange bed fellows. But sixty affirmative votes are counted in the Senate, and hence the Sun regards the adoption of the agreement as a certainty. It will pass the House by a big majority.

The Evil of Dual Office-Holding.

If the Legislature now in session at Sacramento had assembled with a sincere desire to correct political abuses it could have done no better thing than to pass an act making it unlawful for a man holding a lucrative state, county or municipal office, whether elective or appointive, while serving as Senator or Assemblyman. The thing has become shamefully common and is rotten business. Of late years it has become a regular thing for one or two "kept" Senators to hold good jobs under the State Harbor Commission. As rewards for being pliant and obedient as legislators Assemblymen are given places on the water front or in the offices of county officials whose salaries they have helped raise.

Senator-Sheriff Tom Finn of San Francisco is the most conspicuous example of this abuse in the present Legislature. He has been programming to legislate other men who were not so fortunate as to sit in the Legislature out of office, and is credited with being promised considerable patronage on the water front as a reward for his zeal and subservience. Yet he holds the important and lucrative office of Sheriff of the city and county of San Francisco. While legislating other men out of office in Sacramento he is neglecting the duties of the office he holds but does not fill in San Francisco.

The law should prevent this sort of thing. It is fruitful of abuse if not corruption. It is unwholesome in any aspect that it may be viewed. It is not right. It is to be hoped that by and by we will get a Legislature brave enough and honest-minded enough to wipe out the evil.

And the Wolfe didn't get Little Red Ridinghood after all. This is no fairy story, either.

The Ghost of State Division.

The San Diego Union is trying to lay the ghost of State division. It says it is again stalking about affrighting the souls of the timid and giving conviction fits to the feeble-minded. It says this apparition is encouraging sectionalism and otherwise disturbing the public peace. As a matter of fact, it is the spectre of sectionalism; it does not create or encourage sectionalism—it is the product of sectionalism and sectional politics. It is a political real estate advertisement, also an expression of political ambition. Says the Union:

"In an envelope whose lefthand corner bears the inscription 'State Division League,' the silly old spectre is making the rounds of the newspapers. To them it conveys the information that 'the Federal census for the year 1910 shows that Southern California has population sufficient for separate statehood.' Then comes a tabular statement showing that the ten southern counties have a population of over 800,000. This is followed by another table which enumerates fifteen States, all of which are shown to have smaller populations than that of these ten southern counties. To this valuable statistical information the postal ghost adds this interesting comment: 'Southern California leads 32 per cent of the States in population. Its goal-

"LAME DUCKS COME HOME TO ROOST"

—CLEVELAND PLAIN DEALER.

ification on this point for separate statehood is beyond doubt. As public interest in State division is growing, it is good to preserve these items, as published from time to time, for future reference.

"When alive, the State division scheme was a foolish one. Naturally its ghost is not any better equipped mentally. Otherwise it would not lay stress on population as a reason for division. Were this plea valid, it could be urged in favor of a general carving up of the older commonwealths. For example, if number of inhabitants were the requisite, New York could be divided into a dozen States. There are people enough in Southern California to form a State, as everybody knows. But there are not enough of them who would like to form one, even if they could."

What is the use of treating seriously a proposition that is both impossible and nonsensical? The tail may resolve to cut itself off from the dog, but the resolution must be classed as a joke if the tail has no knife and has no hands to wield it if it had. The bunch of political dissectionists who are proposing to hold an autopsy on the State of California are as impotent as a flock of blackbirds. They can chatter, and that is all. Their project is as foolish as the government of Sancho Panza's island, and their antics are to be taken merely as a vaudeville stunt. It is a bit of humorous byplay on the political boards which provides amusement of a certain sort and serves an advertising purpose. It gives notoriety and employment to a group of busybodies who would otherwise pass unnoticed in the crowd of the unemployed. Our San Diego contemporary's ghost is machine-made and sawdust stuffed.

In fable there is the story of the ass that paraded himself in a lion skin and got along with his deception fairly well till he undertook to roar like a lion. The brag spoiled the play. This classic tale applies to Albert H. Elliot, who went to Sacramento with intent to betray Oakland into the hands of San Francisco. He played his part very well till he undertook to roar, and when he did so he stood revealed as an ass. In moving tones he declared that the object of the Wolfe bill was to prevent Los Angeles from outgrowing San Francisco. His adjuration had the natural effect on the Senators from Los Angeles. The ass has his uses after all.

EDITORIAL PARAGRAPHS

The sour and the sweet fruit ripen in the same sunshine and the good and the bad man both become good citizens when made to taste of truth.

It's a good time to stop waiting for the good time that's coming—life will be gone before you can "catch on."

When you linger in the shadow of the past you obstruct the sunshine that should brighten your pathway into the future.

What you tell a man about himself he is likely not to believe, and then, too, he is likely to believe more about you than you can disprove.

Great oaks are felled by repeated strokes of the woodman's ax, and men finish the greatest feats by being persistent.

Self-respect is better for man than the crowd's admiration, and when man practices for applause he cannot preach well by example.

The man who runs the successful race will find the enmity of his fellows keeping pace—they scoff to head him off.

A man may not be able to get his own consent to be constant in his career and yet be consistent.

20 YEARS AGO IN OAKLAND

Among those who took part in the St. Patrick's eve entertainment at the Oakland theater last night were the following: E. L. Rankin, W. B. White, D. I. Sheerin, J. L. Taylor, Miss M. O'Brien, Ham Coleman, Professors Keller and O'Connor, G. E. Coggin, W. J. Burke, W. W. Cragin, V. C. Tobin, W. J. Robinson, W. E. Smith, Miss M. Bell, Miss N. Byrne, Miss M. Donaldson, Miss F. Foster and H. A. Tishin.

Each of the firm of Kahn Brothers has returned from an eastern trip. A mass meeting of young Jews in San Francisco has been called by the Harmonie Club to be held at Union Square hall on Thursday evening in order that the Jewish young men and women may have an opportunity of expressing their sentiments upon the condition of their co-religionists in Russia and in order that they may be able to help along the movement already started for the amelioration of their condition. Rev. M. S. Levy of this city will be among the speakers.

An application has been made by William F. Joseph to be appointed stocker of engine No. 1. He is approved by J. C. Mackay, T. T. Dargie, M. C. Chapman, C. E. Buchanan and H. Lewis.

A dispatch from Baltimore announces that Robert M. Prevost, formerly of this city has patented and is building a passenger steamship that is to change tra-

Atlantic travel. Several years ago Fryer had a process upon which thousands of dollars were expended to extract gold from the rich rebellious ore in the Cross Valley and other mines in this state. There are many old miners in Oakland who were investors in "The Fryer Process."

At the meeting of the Presbytery of San Francisco yesterday, Rev. J. M. Thompson's request to sever his connection with the church at North Tennessee was granted.

In the suit of Annie Brown against the Southern Pacific company for the death of her husband who lost his life in the drawbridge disaster last Decoration day, she has filed her costs amounting to \$29,436. She secured a judgment for \$4000 against the company.

Ten architects employed by the Southern Pacific company have been discharged during the last week but no body seems to know just why. The conductors themselves do not know the reason. It is said to be the mysterious movements of President Huntington who has made many surprising changes since taking charge of the affairs of the company.

The Pacific Road House Association last night elected Robert Milroy secretary, vice Assemblyman Culver of this city. F. A. Philbrick was elected treasurer and Jim Dushin was appointed superintendent of the track.

Gertrude Allerton, the novelist, is a great-granddaughter of Benjamin Franklin.

John D. Rockefeller is an accomplished violinist and should be so an unfortunate as to lose his millions, might own his living with his fiddle and bow.

R. B. Carvello, New York newspaper publisher, owns the most complete of Chinese blue-and-white porcelain in the United States.

Miss Julia, of stage fame, is only a business woman. She was born Miss Dierhauer.

Senator Money of Mississippi resigned from the Confederate army because of defective eyesight.

Clara Morris, the actress, began her career as a ballet dancer.

Montclair College of New Jersey is a West Point graduate and served in the army until 1877.

Henry Mills Alden is the oldest magazine editor in the world. He has edited Harper's since 1862.

Charles Chapman Catt, suffrage leader, has twice been widowed. His first husband was Chapman, the second one Catt.

J. McPherson Morgan, by the virtue of the grand pardon of Saints Marcellus and Lazarus, conferred on him by Pope's king, is by the Italian law a cousin of his majesty.

Col. P. R. Day, "Nick Carter," is a colonel on the staff of the governor of New Hampshire.

Daniel Frohman, theatrical manager, was formerly a copy boy for the New York Tribune, in Horace Greeley's time.

Joseph Pulitzer of the New York World, served as a private soldier in the Union army.

Political Comment

Former Premier Briand will hardly be offered a job in the Milwaukee city

THE VACUOUS GOSSIP LIES LIKE AN EPITAPH

By ELBERT HUBBARD

WRITTEN SPECIALLY FOR THE TRIBUNE.

The person who plays pitch and toss with your good name is not necessarily your enemy.

Probably if you go to him quietly and ask a favor he will be glad to grant it, and will consider it an honor to exert himself in your behalf. His unkind remarks are the result of the gossip habit. He talks to hear himself talk—nothing is quite so pleasing to his ears as the sound of his own buzz. To have others listen to his vapors is gratifying to his vanity.

He dissects the life and belittles the motives of anybody and everybody who are not present. Should the person reviled suddenly appear upon the scene the theme quickly changes, and the newcomer is treated with kindly deference and is regaled by hearing the character of some one else ripped up into carpet rags.

The gossip microbe is born of vacuity and breeds best in idle minds.

If you do not hear what the scandal monger says you are not harmed. As for those who hear him, they are not influenced against you by what he says, and for the most part his words die on the empty air.

He injures no one but himself.

However, the person who comes and tells you what the loquacious one says about you is a positive pest. His action is unforgivable and unpardonable. He robs you of your peace of mind. The idle charges when told over again take on a different color and become realities.

So, to repeat: The individual who rails on me behind my back is very seldom my enemy; the person who comes to me and tells me what he says, is.

The first I'll pardon, the latter forever is tabu—let his name be anathema.

He is one who magnifies idle nothings; and vacuous vapors until they become noxious gases. The man who talks gossip is a fool; but the one who repeats it is a rogue.

Your friends are those who tell you the kind things that are said of you; your enemies are those who, in the holy name of friendship, come to you and poison your atmosphere by the other thing.

That plan of the king in the olden time who killed the messenger that brought him bad news has my approval.

Blessed are the feet of those who bring GLAD TIDINGS.

ELBERT HUBBARD.

A BAD COLD IS EASILY BROKEN

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold and Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

KOSMOS LINE TO PUT IN AT SAN PEDRO

SAN PEDRO, March 17.—C. Wehrhahn of the company were passengers late yesterday on the steamer Yale Wehrhahn announced that the vessels of the Kosmos line would in a short time touch at San Pedro. A thorough inspection of the harbor was made by Manager Wehrhahn, accompanied by H. Rohlfson, secretary of the company, and H. H. Eby, general agent at San Francisco.

The Kosmos line is at present operating 35 fast freighters of its own and about 10 others available from the Hamburg-American line plying between European ports, San Francisco and Vancouver by way of the straits of Malacca.

STOMACH AT FAULT

Indications of Disturbed Digestion Are Often Mistaken for Other Disorders and Cause Unnecessary Alarm.

Palpitation of the heart does not imply that the vital organ is diseased. Pain in the back does not necessarily mean kidney disease.

Headache does not often indicate that there is anything wrong with your head.

All of these symptoms are caused by stomach trouble and when this is righted the alarming symptoms disappear. If you have them look to the condition of your stomach for the cause before you start to treat the symptoms rather than the disease.

If the sufferer from any form of stomach trouble is pale and the blood thin, the first step toward restoring the activity of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is necessary to the processes of digestion and with it, if errors in diet are avoided, nature will work a cure. This is known as the tonic treatment for indigestion and is illustrated by the experience of Mrs. Kate Lasher, of No. 1015 Shinson avenue, Rosedale, Kans. She says:

"Through overwork I became afflicted with indigestion a few years ago. I had gas on the stomach and palpitation of the heart. I became awfully thin and had but little blood. Every morning I would have severe headaches and feel despondent. I wanted to eat but could not for food gave me distressing pains. My stomach felt as though there was a heavy lump in it."

"I was treated by several physicians but I could not see that they were helping me any. I then gave Dr. Williams' Pink Pills a trial upon the advice of a friend. When I had taken them a few days I could see that they were helping me and so took them until cured."

The tonic treatment with Dr. Williams' Pink Pills, by building up the blood so that it can nourish and strengthen the weakened digestive system, has made hundreds of cures in the most severe stomach disorders. A new edition of the booklet, "What to Eat and How to Eat," is free on request.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y. The genuine are sold only in packages bearing the trade-mark.

ELBERT HUBBARD NEARING END OF OAKLAND STAY

MISS BIRD MILLMAN at the Oakland Orpheum this week.

There is grief in the ranks of the followers of Elbert Hubbard, for the famous man's stay at the Oakland Orpheum comes to an end tomorrow night. The Sage of East Aurora has other engagements that make it necessary to limit his season in Oakland to one week and that one week is up tomorrow.

The worshippers of the Era have been crowding the big play house during the last few days, paying him tribute in the form of applause, smiles and other indications of extreme approval.

It is unquestionably one of the most attractive features the Orpheum people have ever been able to secure. Everywhere he goes he is an object of intense interest to the multitudes, on the streets, in the hotels, on the ferry-boats, around the theater.

Elbert Hubbard is regarded with pretty much the same interest as Teddy Roosevelt or the other really truly celebrities of the land.

Garrett Price, the Oakland choir boy, also closes his engagement at the Orpheum next Saturday night. This sweet-voiced lad has sung his way into the hearts of the Orpheum crowd and he is a tremendous favorite, especially with the women, who are all fascinated with his choir boy vestments, his angelic face and the sweet ringing tones of his wonderful tenor voice.

He sings "Daddy Kindly Light" as a choir boy in vestments and then renders "Dreamland," "When You Were Sweet Sixteen," "All I Want Is Love" and others.

One of the very attractive acts on Orpheum bill this week is Bird Millman, known as "The Eva Tanguay of the Air." She and her company of daring performers on the slender silver thread have created a sensation.

They are undoubtedly the antithesis of their world.

The Empire Comedy Four is making a tremendous hit. Walter Graham with his wonderful Manikins is a new card, and the entire bill is of high class throughout. The Four Huntings from Europa, will be the principal new attraction next Sunday.

EXPORT OF FARM PRODUCTS GREAT

Figures Issued by Government Bureau of Statistics Are Startling.

WASHINGTON, March 17.—Striking increases in American exports of farm products, the most notable among which are corn and cotton, are shown for the month of February, compared with the same month a year ago, according to figures issued today by the bureau of statistics, department of commerce and labor.

The quantity of corn exported in February was practically ten and three-quarter million bushels, against four and one-half million for that month last year. It is noted in this connection that the value of corn exported last month is far in excess of that of wheat, being five and two-thirds million dollars against a little over one million dollars' worth of wheat and three and three-quarters million dollars' worth of flour.

For the eight months' period, however, exports of wheat and flour in combination are larger in value than corn exports, the value of wheat exported in the eight months ending February last being seventeen million dollars, and of flour thirty-two and three-quarter millions, while the value of corn exported is nineteen and three-quarter millions.

Exports of wheat last month were one and one-third million bushels, against 25,000 in February, 1910; of meat and dairy products ten and three-quarter million dollars in value, against nine and three-quarter millions a year ago, and of cotton, 410,000 pounds, against 169,000 pounds in the corresponding months of last year. Cotton exports aggregated \$31,000,000 dollars in value in the 1911 period and \$45,000,000 dollars a year earlier.

Hale's Easter Millinery at Hale's Low Prices—Newest, Prettiest Styles and genuine Beauty

Second Floor

10.00

The Frame Department
YOU can buy black or white silk wire frames for 25c. Black straw braids in 10-yard bolts for 50c. Old rose and brown braid at 39c a bolt—and other braids in staple colors at other prices.

8.00

Saturday Sale of Sample Flowers

A WONDERFUL variety of sample flowers, just the kind women desire at this moment for trimming Spring hats. TUBERCULOSIS FIGHTERS SEEK 2000 MEMBERS

DR. FLORENCE SYLVESTER, one of the active workers in the Alameda County Society for the Study and Prevention of Tuberculosis, who delivered an address to the members of the society at the annual dinner given last evening in the St. Mark Hotel.

LAUNCH CAMPAIGN AGAINST DISEASE

Plans Laid at Annual Banquet by Alameda County Society.

A campaign against tuberculosis was launched last evening by the members of the Alameda County Society for the Study and Prevention of Tuberculosis, at the annual dinner held in Hotel St. Mark, where leading physicians and representative charity workers voiced their approval of the work. The affair was presided over by Rev. Clifton Macdon, pastor of Trinity Church and president of the society. Toasts were responded to by Miss Annie Florence Brown, secretary of the society; Dr. Edward von Adelung, first vice-president; D. C. A. Dukes, Miss Stella DeVine, Dr. E. N. Ewer, Mrs. F. C. Turner, Dr. A. S. Kelly, J. W. McClymonds and I Harrison Gray.

The affair was arranged by Miss Annie F. Brown and Dr. A. S. Kelly, who had spared no effort in perfecting the details for the function.

AFTER 2000 MEMBERS.

To secure 2000 members for the society will be the most important undertaking of the organization, which has an enrollment of about 625. The idea of increasing the membership was proposed by Miss Annie Brown, who, in an eloquent address, opposed the vaudeville entertainments which have been somewhat of a drain on the purses of the merchants and the public. She advocated that the society be self-supporting and that the expenses be defrayed with the regular dues. A committee of 20 will be appointed to carry on the campaign and life membership costing \$100 will be secured by Allen G. Freeman of Berkeley; Arthur H. Breed of Oakland and George W. Scott of Alameda.

DANGER IN IGNORANCE.

In speaking about the tuberculosis clinic, Dr. Florence Sylvester said: "Only the ignorant, careless consumptive is a danger to the community and most of the patients soon learn to cooperate, and to be neither ignorant nor careless."

"In connection with the clinics day camps should be established for those patients, who are not bedridden, yet unable to work. Many eastern cities have these, and they could be planned of a very inexpensive scale when the needs grow large enough to warrant it."

"For those patients who can work, but stand a poor chance of recovery in their close unhygienic home quarters, night camps would be useful, such as they have in the Philippines. In Manila there is a night camp outside of the city, on a car line, for patients in the incipient stage of tuberculosis. There are 30 patients now under treatment and since June 1, 1910, 425 consultations have been made. Twice as many men as women and very few children. There have been 3 deaths; 2 patients discharged as cured; and 22 are improving."

APPEALS FOR AID.

In outlining the needs of the society Dr. Sylvester made an appeal for help from the physicians and the public. She said:

"First: We want the cooperation of all physicians. We want them to come and see us, to help us improve by their suggestions, to encourage us by their interest, to help us grow by their recommendation. They all have charity patients in their offices, whom they could send to us, if they find on investigation, that they can approve of our methods; and they can help to spread the knowledge of our existence to many who might avail themselves of this opportunity."

Second: We need another nurse—so that we can keep in closer touch with our patients, have their needs more promptly attended to, have the supervision of the home life more thorough. "A sanatorium for such as cannot pay usual sanatorium prices, and yet are too self-respecting, to become recipients of public charity at a county hospital, is an absolute necessity here."

"And fourth: We need an emergency fund, from which we can respond to the innumerable little calls that come to us for simple measures of relief and which we have no right to meet out of our administrative funds. The Associated Charities are too limited in funds to help everywhere there is need, though they have always been most willing and prompt to aid us within their means. Other philanthropic organizations have been ready to help us—but again and again we are impressed with the need of a relief or emergency fund of our own, to help provide certain essentials of treatment, which we prescribe, but cannot furnish, and which the patient may be too poor to purchase for himself."

OPEN EVENINGS DURING SALE

Opportunity Passing

We are fast clearing out the Pianos and Player Pianos--we are Sacrificing to make room for KNABES.

Soon the opportunity of securing a brand new, high grade, guaranteed, standard piano at a sacrifice will be gone. Cheap pianos are cheap at any time, but it's mighty seldom one gets an opportunity to get a famous piano at wholesale cost. When were you offered the world's best, in each grade—Grands, Player Pianos and Uprights at such a sacrifice? We do not know.

To you doubters—you who never expect to get a real bargain—we want you especially to come in and say to us: "Prove it." And we guarantee to make good.

You can read daily promises to sell you Pianos for little or nothing—you possibly doubt all advertisements. But here is a notable exception—we actually mean what we say—we have for you just exactly what we advertise. Will you give us the chance to show you?

We are clearing out these Pianos to make room for the big order of Knabe Pianos we bought to get that valuable agency and we are willing to stand the loss—it's worth it to us.

Read these prices carefully—your own good judgment will then say to you: "Now is the time to get the long-wished-for Piano and get a high-grade Piano at a price which I would otherwise be compelled to pay for a cheap one."

CUT OUT THIS LIST OF PRICES—BRING IT WITH YOU AND SEE THE PIANOS.

750 styles (Standard make) at \$585.00. Several other styles of Grands at tempting prices.

Used Pianos

Although this is strictly a sale of new pianos, we will sell out our used pianos and player stock REGARDLESS OF COST

Many of these Pianos have been overhauled in our shop and are as good as new. We have an immense assortment at all prices.

One Kohler & Chase at \$245, one Weber at \$390, one J. & C. Fischer at \$275, two Knabes at \$285 and \$375, respectively, two Steinways at \$275 and \$375, respectively, one Wheelock at \$290, one Sterling at \$185, one Woodward at \$90, one Gem at \$70, one Stuyvesant at \$245 and a number of others.

In used Player Pianos we have one Foster Player at \$290, two Wheelock Pianola Pianos at \$385 and \$445, respectively, and a number of others.

INVITATION—We especially invite all musicians, teachers and dealers to attend this sale now. You who know piano values will quickly appreciate this unparalleled money-saving opportunity.

We will offer a discount of 5 per cent from sale price to any dealer, Conservatory of Music, School, Lodge or other public organization taking more than ten (10) Pianos. Our object is to clear these Pianos out AT ONCE, the Knabes are approaching fast. Special easy terms if desired.

MONEY BACK IN THIRTY DAYS IF YOU WANT IT—THIS APPLIES TO DEALERS AS WELL AS OTHERS.

ONE YEAR'S TRIAL—We will take back, at price paid, any Piano on a Weber, Knabe or genuine Pianola Piano in one year.

LOCAL TAX ASSOCIATION POSTPONES MEETING

A meeting of the Alameda County Branch of the Aux Association scheduled for today has been postponed until next Friday afternoon, March 24, at 3 o'clock. At that time a committee consisting of Frank J. Woodward, M. J. Layman, Fred Kahn, W. R. T. Veitch and James P. Edoff, will make its report and a permanent organization will be made. The temporary officers of the association elected last week are: E. A. Meron of the Realty Syndicate, chairman; W. W. Garthwaite, Fred Kahn and F. J. Woodward, vice presidents; A. S. Lavenson, secretary.

PARDON TRAINMAN BEFORE HIS TRIAL

FRANKFORT, Ky., March 17.—Governor Wilson played his first official part in the strike of white firemen on the Cincinnati & Texas Pacific today by pardoning before trial Alvin Caudill, trainman, arrested on the charge of carrying concealed weapons. In the official pardon it is written: "Conditions of actual danger make it proper," referring to the carrying of weapons.

GERMAN ACTOR DIES. BERLIN, March 17.—Frederick Haase, the German character actor, died today. He was born in 1835.

CONVICTED OF STEALING MONEY FROM ACTRESS

SAN FRANCISCO, March 17.—Francis H. Robinson was convicted of embezzlement before Superior Judge Cabanis this morning, the jury being out only five minutes. He was accused by Esther Hoover, an actress, of stealing \$500 from her on May 17 last. Miss Hoover is now connected with the Riparian dancing academy.

NEW LEGATION. BUCHAREST, Roumania, March 17.—It was announced today that a Roumanian legation would soon be established in Washington.

WITH THE STATE'S LAWMAKERS

WOULD AMEND STETSON BILL

Jurisdiction of County Supervisors Concerned in Measure.

News From Legislature and What County Delegation Is Doing.

(By EDWARD A. O'BRIEN.)

SACRAMENTO, March 17.—The committee on town and county government of the assembly of the state of California, which is chairman, has offered several amendments to the Stetson bill, No. 225, setting forth jurisdiction of county supervisors in the respective counties.

The bill amends section 4041 of the political code and, especially, subdivision four, which provides that where the estimated cost of the construction or the repair of any turnpike, ferry, wharf, chute or other shipping facility or bridge within the county or any building or other structure exceeds the sum of \$50,000 the board must submit the question to the electors of the county at the next general election.

If the majority of the votes cast on such a question at such an election be in favor of performing the work, the board shall have power to order such work done and in the manner provided by law.

EMERGENCY CASES.

In cases of great emergency, however, by the unanimous consent of the board, the supervisors may proceed at once to replace any and all bridges and structures without notice.

This subject is now being discussed by the supervisors and the people of Alameda county, some of the former having held that an emergency exists in the matter of immediately constructing a new county hospital, because of the condition in which the inmates of the present infirmary find themselves, by reason of inadequate accommodations. These supervisors hold that a new hospital should be constructed at once without reference to the people because of the emergency existing.

The most important amendment relates to the power of the supervisors to order work done, when that work is rated as necessary, and reads as follows: "Provided, however, that when a bond election is held, as is provided by law for any of the purposes and said bond election carries, then the board may proceed at once in accordance with it, to carry out the improvement or work called for in the measure, without calling or holding the election provided for in this section."

ANOTHER AMENDMENT.

Still another amendment is to be taken into consideration, which is that upon the unanimous consent of the whole board of supervisors, the members may proceed to replace or repair all structures without notice.

"The work to be done by day labor under the direction of the board or by contract or by a combination of the two; if fully or in part by contract, the contractor to be paid the actual cost of material and labor expended by him in doing the work, plus 15 per cent to cover all profit, supervision, use of machinery and tools and other expenses, provided that not more than the lowest rate of current market prices shall be paid for material."

Still another amendment provides for the restoration of indices to records which may have been lost or destroyed by conflagration or public calamity.

KILL BUTLER BILL.

The assembly has killed the Butler bill, No. 811, one of the many narrow-minded measures which have found their way into the present legislature. The bill aimed to prevent the advertising of proprietary medicines in newspapers and upon billboards. It was charged that it was one of the bills of the medical trust, which seeks to destroy competition in the art of healing through legislation wrought under misrepresentation and fraud.

The deceit which inspired the combine, the fact that it sought to dictate what should not be carried in the mails, that it was a misrepresentation of the business it aimed to destroy and that there was no necessity for the passage of such a measure, were eloquently shown in speeches made by a number of assemblymen, but in a special manner by Messrs. Lyon, Slater, Schmitt and Coghlan.

WYLLIE'S REFORM MEASURE LOST IN THE SHUFFLE

ASSEMBLYMAN G. W. WYLLIE, whose reform bill hit the slide yesterday.

SACRAMENTO, March 17.—Reform suffered a relapse in the assembly last night. Before G. W. Wyllie, the Dublin banker and father of the local option bill, could realize what was happening his bill for the abatement of immoral resorts was referred to the judiciary committee.

"I rise to a point of order," cried the Dublin statesman in alarm. "State your point of order," rejoined Cattell, speaker pro tem.

"This is gag law," shouted Wyllie. "I protest. I didn't have a chance. I wasn't recognized by the chair. I appeal from the decision of the chair."

But the house sustained the chair and now Wyllie is trying to find a way to revive his reform measure.

whose efforts made a profound impression upon the auditors. Notice of reconsideration was given. Assemblyman Clark of Oakland was the only Alameda county man who voted for the passage of the bill, against it being Callaghan, Fitzgerald, Smith, Young of Berkeley, and Rogers.

JORDAN WINS POINT.

The senate committee on public buildings and grounds has decided to report out, without recommendation, the bill creating the office of superintendent of the capitol and capitol grounds. This was after a hearing of secretary of state Jordan who is now in charge of the structure and, who, as a member of the capital commission, has a voice in the management of the capital grounds.

Jordan declared that there was no reason, after having been elected by so large a vote of the people, why he should be deprived of an opportunity to perform many of the duties which he had been elected to perform. The creation of the new office would entail increased expenses upon the state for which no return would be received.

The capital commission of which the governor, the state treasurer and himself were members, had not been called together since the election of Governor Johnson whose duty it was to call the meeting. Under the capital commission, each of the three members appointed a certain number of workers in the capital park, but the appointees of one of the commissioners recognized no superior and as a consequence the capital park was in the hands of politicians.

He favored the appointment of a head gardener giving him full power over subordinates, thus compelling them to work or lose their jobs. The bill will be discussed in the house in a few days.

SCHOLARS VISIT.

Two hundred scholars of the Oakland High School under the direction of

SOLONS ELIMINATE MUCH MINOR LEGISLATION

Senate Passes the Committee Substitute for Caminetti's Amendment.

SACRAMENTO, March 17.—The senate last night passed the committee substitute for Senator Caminetti's constitutional amendment allowing counties to draw up and adopt charters for themselves.

One intent of the amendment is to eliminate much minor legislation for particular counties which clogs the calendar of each session. Senator Martinelli's bill carrying an appropriation of \$318,270 for San Quentin prison also was passed.

Keoh's mechanic's lien bill was referred to a committee of five, to be amended, after a debate in which Senator Caminetti asserted the lobby for the bill had been "hounding him to the point of insanity." Stetson said he had had to fight his way out and in the building through the same lobby.

LEGISLATURE IN BRIEF

Assembly bill 811 by Assemblyman Butler, placing restrictions about the advertising of patent medicines, was refused passage by the assembly after two hours' debate by a vote of 35 to 23. The bill prohibited the printing or posting of offensive or suggestive advertisements.

Assembly bill 831 by Assemblyman Cogswell, appropriating \$50,000 for the maintenance of a permanent agricultural and industrial exhibit in the exposition building of Los Angeles, was passed by the assembly by a unanimous vote.

Senate bill 916 by Senator Cassidy, appropriating \$4000 of the payment of the claim of the members of the commission appointed to investigate the high cost of living by the last legislature, was also passed.

Senate bill 506 by Senator Larkins, allowing the formation of military companies in high schools was passed by the assembly by a vote of 45 to 26.

At a conference today between Speaker Hewitt of the assembly, Assemblyman Cogswell of the senate, and Assemblyman Williams of the assembly, it was agreed that adjournment of the legislature must come somewhere between March 23 and April 1, depending largely upon the disposition of the reorganization and taxation bills. A resolution will be presented to both houses tomorrow naming a date for sine die adjournment.

The ways and means committee of the assembly passed out today with a favorable recommendation Senator Wolfe's bill providing for the creation of a bureau of

PUT AN EXTRA STOMACH TO WORK

Stuart's Dyspepsia Tablets Will Do the Work of Two or Three Stomachs; Affords Instant Relief.

FREE TRIAL PACKAGE.

When your food does not digest, when you feel a heavy, oppressive, uncomfortable feeling of fullness, when the breath is foul, the tongue coated and that sour taste is in the mouth—take a Stuart's Dyspepsia Tablet and watch how quickly the heavy, oppressive feeling disappears. All that was needed was to digest that lump of food in your stomach—and the glands, whose duty it is to supply the gastric juices, had simply given out from overwork. So when you took that little tablet you were supplying exactly what was necessary to complete the process of digestion that the stomach had begun but was unable to finish.

If you would continue to take a Stuart's Dyspepsia Tablet after each meal for awhile your stomach would have a chance to rest up and get well and strong again. Try just one box and you will never want to be without this wonderful little remedy for stomach troubles. Stuart's Dyspepsia Tablets contain an ingredient, one grain of which will digest 300 grains of food. They are so entirely harmless because they have absolutely no effect on the system one way or another except to do just the one thing—digest food.

Forty thousand physicians use and recommend this National remedy. Every drug store everywhere sells and recommends Stuart's Dyspepsia Tablets. The price is 25 cents a box. A sample will be sent free if you will write F. A. Stuart Co., 150 State St., Marshall, Mich.

LEGISLATURE IN BRIEF

criminal identification of six members appointed by the Governor.

The assembly by a vote of 45 to 11 passed Assembly bill 1188 by Assemblyman Williams at its night session, providing for the pensioning of public school teachers.

The bill is a compromise measure for the Boynton bill passed in the senate. It provides for retirement after thirty years' service on a pension of \$360 per year. Teachers compelled to resign on account of disability after twenty years' service may secure a pension equal to as many thirtieths of the full annuity as the years of service.

After a spirited debate the assembly refused passage to Assembly bill 471, by Gerdes, providing that records of divorce suits be opened to public inspection immediately after filing. The vote was 45 to 22.

Assembly bill 1505, by Ryan, appropriating \$5000 for the erection of a memorial monument to Abraham Lincoln in Lincoln park, San Francisco, was passed by the assembly by a unanimous vote.

Four bills by Assemblyman Priester, providing for a total appropriation of \$22,000 for improvement for the Santa Barbara state normal school, were passed by unanimous votes.

By a vote of 45 to 9, Assemblyman Keoh's bill, prohibiting employers from requiring employees to contribute to maintenance of fraternal societies, was passed by unanimous votes.

By an amendment previously adopted, common carriers were exempted.

STATE TO PAY DEBT AFTER SIXTY YEARS

SACRAMENTO, March 17.—After waiting sixty years A. G. Lafferty, a California pioneer, 82 years old, will be recompensed by the state of California for miles and supplies advanced California soldiers who fought under Captain Lafferty in the Indian outbreak in Trinity county in 1851.

Under the terms of the bill introduced by Assemblyman Gustavus A. Jasper of Fortuna and signed by Governor Johnson last night Lafferty, who now lives in Ferndale, Humboldt county, will receive \$1000.

For twenty years he saw his claim turned down by one legislature after another. Once it passed both houses, but was vetoed by the Governor.

Principal Keyes and accompanied by several teachers of that institution spent the greater part of the day making a study of the legislative methods of both the assembly and the senate and received no small amount of attention from the lawmakers. The visitors presented an attractive appearance, and were interested in all they saw and heard, and made an excellent impression upon the people with whom they came in contact.

The proposed coming of the guests was brought to the attention of Senator Strobridge, of the committee on education of the senate, last night, who, with the assistance of Senator Bills of this city and Assemblyman Smith of Oakland, made arrangements for the reception and entertainment.

The young people arrived on a special train at 9:30 o'clock this morning and paid a short visit to Governor Johnson. At 10:15 they took possession of seats reserved for them in the senate gallery. There they remained till noon, during which time they listened to a discussion of Assemblyman Cogswell's constitutional amendment No. 28, relating to the issuing of passes to public officials and the Sutherland bill relating to foreign corporations. They then went to the assembly where they remained for three quarters of an hour. The time between 1 and 1:30 o'clock in the afternoon was spent in a visit to the insectary and the state printing office in Capitol Park. The place visited was Sutter's fort, where there is a museum of mementoes of the early days in California which is of great historic interest. Oak Park was then visited and an hour in the Crocker art gallery afforded visitors an opportunity of studying a number of artistic masterpieces.

VOTE ON LOCAL OPTION.

The voters of the Alameda county delegation in the assembly and senate on the substitution of the supervisory district for the township unit in the matter of local option was as follows:

For—Senators, Statson, Strobridge, Tyrell, Assemblymen Clark, Rogers, Smith and Young.

Against—Senator Hans, Assemblymen Callaghan and Fitzgerald.

Assembly bill No. 39, which aimed to drive out of the insurance business a large number of agents who write policies as a means of making a living in connection with several other side lines, has been put to sleep in the insurance committee of the assembly of which Assemblyman Callaghan of Oakland is chairman. There was such a protest from all sections of the state against the measure that the committee could not muster courage enough to recommend its passage. Both Assemblymen Callaghan and Smith were uncompromising in hostility to the measure, the latter having in his district a number of agents who would be deprived of a considerable amount of revenue during the year in the event of the passage of the measure.

END INVESTIGATION OF MARE ISLAND

Naval Board Ready to Recommend Many Changes in Equipment.

MARE ISLAND, March 17.—The naval board, consisting of H. T. Mayo, captain of the yard; Thomas P. Ruhm, naval constructor, the Hull division official, and Captain O. W. Koeber, of the engineering department, is expected to report on the necessary changes in the collier building slip at the naval station within the next few days. The officers said yesterday that a brick structure on the north side of the slip would have to be removed and the large cantilever crane extended before the keel is laid for the Jupiter, which is to cost \$1,200,000.

Rear Admiral H. V. Cone, chief of the bureau of steam engineering, left yesterday morning on the tug Unadilla for Port Costa, where he boarded an overland train for Sausalito. He will inspect the Bremerton naval station.

Rear Admiral Cone said that he was favorably impressed with Mare Island. Although there has been considerable talk concerning the construction at the yard of a state dredger, to be used in San Pablo bay and the Mare Island straits, it is understood that the government will purchase the machine from a private concern so that active work can begin after July 1. Two hundred and fifty thousand has been set aside for the purchase of the dredger.

The gunboat Albert, which formerly belonged to the state naval militia, is to receive extensive repairs. The alert is destined as a tender for submarines.

D. B. Crowley, a San Francisco contractor, who has the job of erecting the \$100,000 power station, hopes to be able to start construction by April.

Captain Oscar W. Koester, engineer officer, probably will depart the middle of next week for San Diego to inspect the wireless station at Point Loma. On the return he will visit the aerial station at Surf.

RAISE FOXES FOR MILADY'S DRESS

Yukon Man Disproves Theory That Black Animal Is Only Freak.

WASHINGTON, March 17.—The raising of black foxes, the pelt of which is the highest protected fur on the market is proving a profitable business and has demonstrated the fact that black and silver foxes can be bred in captivity, according to consular reports.

Recently Carl W. Faulk, of Carcross, Yukon territory, captured a litter of black fox puppies and decided to raise them for breeding purposes. His enterprise not only has proved a success financially but has contradicted the general belief that black foxes, like black sheep, are merely freaks. Offers as high as \$1500 have been made Mr. Faulk for the pelt of one of the black males and he has sold pelts of silver foxes as high as \$1200 each.

DIPSOMANIAC CUTS HIS THROAT IN RICHMOND

RICHMOND, March 17.—Frank Daley committed suicide in the city prison here last evening after entertaining two friends in his cell.

The police are now searching for the friends upon the theory that they brought him the knife with which he took his life and that they possess the motive which prompted his action.

Daley was arrested Wednesday evening by Policeman Ruiz on a charge of drunkenness. He was arraigned during the morning in the police court and asked the judge to give him thirty days in the county jail. His request was heeded. During the early part of the morning two men called on him.

When Chief of Police Arnold visited Daley's cell later he found the prisoner

prone on the floor with his throat cut from ear to ear. In his left hand was clutched a pocket-knife, and at the other side of the cell was an empty whisky bottle, suggestive of the courage which made the deed possible. The dead man was about fifty years of age, and passed most of his time loitering about saloons.

LATE ICE PACK HAMPERS SUCCESS OF SEALING

ST. JOHNS, N. Y., March 17.—Unfavorable news comes to this city in the first wireless message from the sealing fleet, which left port on Monday. The message indicates that the ice pack is unusually heavy and unless milder conditions arise in fifty years of age, the success of this year's sealing will be problematical.

LOSES \$5000 PEARLS ON SHOPPING TOUR

SAN FRANCISCO, March 17.—Mrs. D. Gordon Bromfield, of San Mateo, lost a handsome string of pearls, valued at \$5,000, in this city yesterday while shopping.

She attended a recital at the San Francisco Musical Club at Century Hall in the morning and is positive that the necklace was about her throat when she left.

After visiting several shops she went to the Palace for tea, and there discovered her loss. The management was notified, and after the house detective had searched unavailingly the police were called in.

A reward is offered, as Mrs. Bromfield values the pearls as a keepsake. They are graduated in size, large in front and small in the back, and are fastened by a cluster of seed pearls.

GOLD DUST Knocks Out Dirt

Dirt is the cause of nine-tenths of your household labors—it more than doubles your duties. Mere soap and ordinary cleaners are powerless to rout it. **Gold Dust** is the one powder that will knock dirt "sky-high" in a jiffy. It is a vegetable-oil soap blended with purifying materials and cleansing ingredients, making a fine, smooth powder that vigorously and thoroughly and quickly cleanses without taxing your strength or time.

Use **Gold Dust** for cleaning anything and everything about the house that soap or any other cleanser is recommended for. It will do the work better, in half the time, and with half the labor. The home without **Gold Dust** in the working kit is incomplete. Buy a package today, and see how much easier it makes your work.

Use **Gold Dust** for washing clothes and dishes, scrubbing floors, cleaning woodwork, oil cloth, silverware and tinware, polishing brasswork, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

Do not use Soap, Naphtha, Borax, Soda, Ammonia, or Kerosene with **Gold Dust**. **Gold Dust** has all desirable cleaning qualities in a perfectly harmless and lasting form. The **Gold Dust** Twice need no outside help.

Made by THE N. K. FAIRBANK COMPANY, Chicago Makers of Fairy Soap (the oval cake)

"Let the **GOLD DUST** Twice do your work"

Do You Know What This Trade-Mark Stands For?

It stands for the best, the purest, the most wonderful flesh and strength-producing preparation in the world.

It is your protection against fraud, imitations and hundreds of cheap, worthless substitutes.

It is known the world over as the trade-mark of the original and standard preparation of Cod Liver Oil.

Scott's Emulsion

For low vitality, thin blood, loss of flesh, stubborn coughs, lung and chest troubles, **Scott's Emulsion** has been for more than thirty-five years the standard remedy.

Be sure this Trade-Mark is on the wrapper.

FROM SUNSHINE LAND

Cottolene is a vegetable product—without an ounce of hog fat in it. It is made from the choicest cotton oil, extracted from the seed picked on the fields of the Sunny South. It is a product of Nature, and makes wholesome, digestible, healthful food.

Cottolene is made in a cleanly matter—from Cottonfield to Kitchen human hands never touch the oil from which Cottolene is made. It is the one high-grade, absolutely pure and perfect cooking fat—and far preferable from a health and economic standpoint to lard, cooking butter or any other fat.

There is but one Cottolene—we make it. All good grocers sell it.

Made only by THE N. K. FAIRBANK COMPANY.

"Nature's Gift from the Sunny South"

FIND CHILD'S BONES.
SPRINGFIELD, Mass., March 17.—Workmen installing a new heating plant at the home of Alva S. Brainard in Hazardville found a box in the old fashioned chimney containing a human skeleton.
The remains were those of a child which possibly had been dismembered or partly cremated.

INDICT BANKERS IN COAL LAND CASES

Nine Men Accused by Government With Attempt to Defraud.

CHICAGO, March 17.—Nine men, including a former railroad president, bankers, brokers and financiers, have been indicted by the federal grand jury in the Matanuska river coal and land cases. The men were charged with conspiring to defraud the United States government out of 10,000 acres of coal lands valued at \$10,000,000.

Those indicted are:

A. C. Frost, former president of the Alaska Northern railway, former president and promoter of the Chicago and Milwaukee electric road and president of A. C. Frost & Co.

George M. Seward, Chicago, receiver for A. C. Frost & Co.

Pierre G. Beach, Chicago, former secretary of the Alaska Northern railway and secretary-treasurer of the Frost company.

Frank Watson, Spokane, Wash.

George A. Ball, Muncie, Ind., said to be financial backer of Frost.

Duncan M. Stewart, Seward, Alaska, formerly manager of the Southern Bank of Toronto, Canada.

Gwynne L. Francis, Toronto.

Francis H. Stewart, Toronto.

CABRERA INAUGURATED IN GUATEMALA CITY

NEW YORK, March 17.—A cable dispatch received at the Guatemalan consulate from Guatemala City announces the inauguration there of President Manuel Estrada Cabrera for his third term as chief executive. President Cabrera was vice president when President Barrios was assassinated and succeeded him in the presidency. He was concerned himself with the civil affairs of the country rather than with the military, and has been able to effect many reforms in the government.

FULFORD FREED BY DEFECTIVE DIVORCE

NEW YORK, March 17.—Robert Fulford, who was the husband of Annie Fiske, an actress, and inherited her estate, worth more than \$300,000, when she died, twenty years ago, obtained from Supreme Court Justice O'Gorman yesterday a decree annulling his marriage to Lillian Fulford, which took place on January 12, 1910.

Fulford sued on the ground that an alleged divorce which the defendant obtained from James Larkin in Brooklyn in 1874, when she was 18 years old, was invalid. Mrs. Fulford has been suing her husband for separation independently of the action against her, and has been receiving \$75 monthly alimony.

JUST DODGES DEATH. UTICA, N. Y., March 17.—Matthew Bowers of Amsterdam was struck by the Twentieth Century Limited here shortly before midnight and escaped with a scratch. The wagon in which he was riding was demolished.

Mother's milk will supply the baby laxative enough, if she takes a candy Cascaret. And the laxative will be natural, gentle, vegetable—just what baby needs. Try one and you'll know why millions of mothers use them.

Visit-pocket box, 10 cents—at drug-stores. People saw saw a million boxes monthly.

MISS M'KENZIE TO SING MOORE'S IRISH MELODIES

MISS RUTH M'KENZIE, who will sing tonight. —Bushnell, Photo.

SAN FRANCISCO, March 17.—Miss Ruth McKenzie has been engaged by the Irish societies to sing this evening at the Auditorium, when she will render some of Moore's melodies in connection with the McKenzie Musical society of Oakland and San Francisco, which will number 150 singers, under the direction of John W. McKenzie. Miss McKenzie is the possessor of a voice beautiful and of rich quality. Although a student at the high school she is finding ample time for her vocal studies, and besides her musical talent she is also a clever athlete.

PIONEER IS DEAD AFTER LONG LIFE

Henry F. Williams Was Passenger of Old Steamer California.

SAN FRANCISCO, March 17.—Henry F. Williams, one of the six remaining passengers on the steamer California when that vessel made its first trip to San Francisco, February 28, 1849, and who built San Francisco's first post-office, died at his home, 1150 Vallejo street, shortly after noon yesterday, after an illness of only a week. His family, widow and 10 children, were at his bedside when he died.

Williams was one of the few California pioneers, and was one of 500 who came to San Francisco the last day of February, 1849, on the old steamship steamer California. The California brought the first load of fortune seekers to San Francisco that arrived by steamers.

Within a week after his arrival Williams opened the first carpenter shop in San Francisco. Only a few days later he began the construction of San Francisco's first postoffice, occupied by Charles L. Ross, the city's first postmaster, and a prominent leader in the public library movement, was a member of the Pacific Union Club in 1863, when it was known as the Pacific Club, and opened the first mechanic's fair held here.

BORN IN VIRGINIA.

Williams was born in Prince William county, Va., March 2, 1823. He came to California in 1849 and lived within its borders continuously ever since. He leaves a wife and children. Charlotte E., Isabelle F., Thomas C., William H., Catherine E., J. R., Fairfax, Heloise, Duval and Sarah. The funeral will be held Saturday morning at 11 o'clock from his late residence, 1150 Vallejo street.

Less than two weeks ago Williams, with two other argonauts, Dr. Samuel H. Willey and General W. H. Pratt, celebrated the sixty-second anniversary of the arrival of the California at this port. The only other surviving members of the party which arrived on the California are General D. W. C. Thompson, who lives in Sonoma; Mrs. McNeill, who lives in St. John street, and Isaac B. Pine, whose address is in Tuolumne county.

EASTERNERS WILL TOUR THE ORIENT

More Than Score Leave Chicago on Way to the Coast.

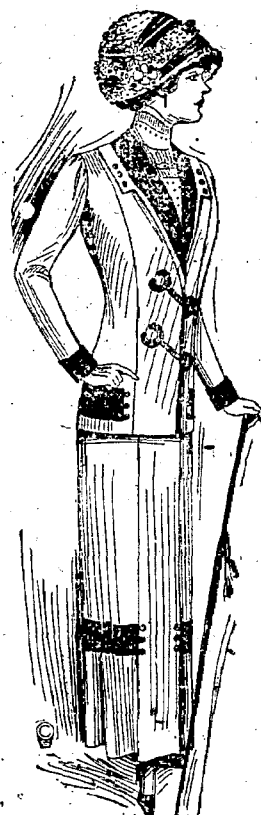

CHICAGO, March 17.—Twenty-seven Chicagoans left last evening for San Francisco, where they will join another party of Chicago residents and friends and on March 21 sail for the Orient.

Most of those who left are members of the Chicago Association of Commerce and were numbered in the party of 200 which was to start from Seattle for Japan on March 20, but which was obliged to forego the trip because of an accident to the steamship Mianesola, on which they were to have taken passage. It is expected that the party will return to San Francisco about June 15.

The MOON

(Foredoor and Torpedo \$100 Extra.)

Reasons for Moon Superiority

Our Model "30" Motor has a 4½-inch bore and 5-inch stroke—plenty of power—long stroke motor besides.

The Crankshaft Bearings are 1½ inch in diameter, and the three of them together form exactly 10 inches in length. This means long life.

The Connecting Rods are provided with four bolts (not the usual two) and the bearings are 1½ inch in diameter—this makes for stability. Four rings on each piston.

Special Wheels with spokes of selected steel and growth ribbed 1½ inch in diameter.

Pressed Steel Frames—side members of which are 4 inches deep and 8 inches wide at point of greatest load—compare this with wheels with tubes. We make all steel bodies, Foredoor, Torpedoes, Roadsters, Limousines and Landaus—the big chart shows them all.

Moon Cars cost less for up-keep and keep up longer than any other car on the market.

MOON MOTOR CAR COMPANY FACTORY, ST. LOUIS, U. S. A.

Little Angeles Lee at the Bell Theater This Week Surprises All With Her Cleverness

James P. Lee and his company are presenting a strongly acted tabloid drama, entitled "You Shalt Not Kill," at the Bell Theatre. The play, and no small measure of the success it achieves is due to the precocious daughter of Mr. Lee, little Miss Lee, who is the very natural character of the play's daughter in the home where she is reared. Possibly the best terms in the role of burglar, she can display remarkable ability, if it

Notwithstanding her advanced age of 81 years, Mrs. J. M. Fisher of Spokane, mother of Howard C. Stratton, who was killed in the Crocker building collision at fifty-eighth and Broadway streets, yesterday afternoon passed a comfortable night at the East side Palmer hotel, where she is recovering following the accident, and is resting easy today.

The woman is suffering from a severe injury to the shoulder, an injury to the skull which appears to be fatal, fractures of the ribs and broken bones. Her physicians will be unable to determine whether or not she is internally injured.

Mrs. J. F. Marley of San Francisco, who was sitting in the automobile involved in the collision, is lying easy at the Sandringham apartment house, where she is recovering from the shock of the accident, and of which she is landlady. She is suffering from a broken collar bone.

He has offices in the Crocker building, San Francisco, and is connected with the American Life company, on the east side the Palmer life company. The automobile which he recently purchased is a complete wreck.

LOS ANGELES, March 17.—Victory to independent settlers of the Imperial Valley, who are not stockholders in the mutual water companies, is given by a decision of Judge Hutton, of the Superior Court, in a case recently heard by him. The case is that of the California Imperial Superior Court at El Centro today. The action was brought by C. H. Thayer to compel the California Development Company, parent of the mutual concerns, to deliver water to his land at that place. The case was heard by Judge Hutton, though he did not hold stock in any water concern. Judge Hutton holds that the California Development Company is a public service corporation and that as such it must deliver to all applicants for service, whether or not they are stockholders holding stock, and that such delivery must be made at the current rate.

Piedmont, March 17.—The board of trustees at their meeting last night was petitioned by the Realty Syndicate to approve a map for the improvement of a tract of land to be thrown open by the Syndicate within a few weeks as a residence district.

It was in the hollow that lies just before the Piedmont Park car turns onto Montecito avenue and is bounded by Pleasant Valley and Ricardo. The district will be known as Piedmont Manor. The syndicate presented drawings showing the elaborate plans for beautification contemplated. One feature of the development will be a building restriction on the district barring out the construction of any residence costing less than \$20,000.

The trustees referred the approval of the map to a committee.

SEATTLE, March 17.—In anticipation of the opening of the Alaska coal fields, S. W. Swantz, of Alameda, Cal., chief engineer of the Alaska Northern railroad, will sail for Seward, April 1, with a party of surveyors who will resurvey the proposed main line of the railway from Cook Inlet to Tanana.

Much construction will be done this year if the coal fields are opened, Swantz says. The Alaska Northern, which is a Morgan-Guggenheim property, will tap the enormous Matanuska field, and the enormous Kuskokwim field, owned by Morgan and Guggenheim. will build a branch into the vast Katalla deposits.

SAN FRANCISCO, March 17.—Albert W. Jobe, a rancher of Stockton, was seriously hurt at 8 this morning when he was run down by a car at Jackson and Kearny streets. He was sent in an ambulance to the Harbor Hospital, where Dr. Reiss treated him for a lacerated wound over the eye and a possible fracture of the skull and other injuries. He was held for further observations.

ucts Exposition.**

SAN FRANCISCO, March, 17.—A handsome new hotel, which will cover more ground than the St. Francis, and which will rank among the finest hotels in the United States is being planned for San Francisco by a company of New York capitalists, who have secured options for leases for a period of fifty years on upon the site of the old Hotel de la Union Square, Powell and Sutter streets, the hotel to have frontings on all three thoroughfares. The announcement was made yesterday by a prominent real estate broker here, who states that the project will be commenced as soon as the necessary money can be raised.

It is also stated in corroboration that the New York hotel builders, who have been busy in the city for some time, have a bond issue to meet a certain share of the cost of construction and furnishing of the big hotel here, and will end the chain on the Pacific Coast.

WICHITA, Kans., March 17.—L. F. Naftzger, formerly president of the Fourth National Bank of this city, was put on trial in the federal court today on a charge of having received postage stamps stolen from postoffices by the John Callahan gang of postoffice and bank robbers. Callahan, Ray Templeton and Edward Earl have already been convicted. Templeton and Earl were found guilty of having robbed the Pope and Burdick, Kans., postoffices and Callahan was convicted of having received the stamps and sold them to Frank S. Burt, who was then chief of police of Wichita.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as the heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for

**Portland Detectives Baffled in
Hunt of Murderer of Bar-
bara Holtzman.**

Notwithstanding the fact that the deception given by the renter of the room in which the little girl's body was found—that of an unusual character—a man 6 feet in height, about 50 years of age, and of a dark complexion, the latter is a presumptive—no man answering the description has been discovered since the murder, nor has any one except the woman proprietress of the lodgings, Mrs. Martha Nelson, seen such a man before the commission of the crime.

Compensation aggregating \$1,000, \$100 of which is offered by one of the detectives engaged in the pursuit of the murderer, have been offered.

ALEAN, N. Y., March 17.—Some of the ablest citizens of Albany, who are evidently disgusted with the long deadlock in the state legislature over the election of a successor to United States Senator Depew, has appropriated a considerable sum from his own pocket to call public attention to the dilatory tactics of the Democratic majority. On top of a tall office building in the main business district of the city, looking toward the capitol, he has caused to be erected a big sign, flashing red by day and brilliantly illuminated by night. The sign reads: "Wanted—Volunteers for United States Senator. Apply to 'Deadlock,' New York State Legislature."

the terms of the lease, the Matthe Copper Mining and Smelting company began suit for \$20,000 dam-

MISS LILLIAN ECCLESTON, a much-feted bride-elect.
—Webster, Photo.

ANNOUNCES WEDDING DATE.
Mr. and Mrs. Edward M. Hall have issued invitations for the wedding of their daughter, Miss Sue Tubbs Hall, and Lorraine Langstroth, to take place on Saturday, April 1, at the family place in East Oakland.

BRIDGE HOSTS.
Mr. and Mrs. Walter Henry were bridge hosts last evening, entertaining among others Mr. and Mrs. Charles Hubbard, Mr. and Mrs. Harry Smith, Mr. and Mrs. Charles Youngberg, Mr. and Mrs. George Hammer and Mr. and Mrs. William Harrison.

HOSTESS TONIGHT.
Miss Eva Bonnemort, well known in this city, will be a hostess this evening at the Fairmont hotel in San Francisco when she will entertain over a score of the younger boys and girls from both sides of the bay who have not yet made their formal entry into social affairs.

RECEPTION.
The members of the Sequoia Club have invited their friends to meet Mrs. Edward MacDowell, wife of the late Edward MacDowell, whose compositions are world-wide in popularity with discriminating musicians. The talented members of the club will take turns in enlivening the evening with music. The reception is for Friday night.

STUDIO MUSICALE.
An evening which will be devoted to Irish songs has been arranged by Mrs. Jessie Dean Moore and Miss Ruby Moore, when they will entertain half a hundred friends this evening at their studio in Berkeley.

CLUB MEETS.
The meeting of the Hill Club this week was held at the home of Mrs. Mary J. Cope. Miss George Cope sang a group of songs and was accompanied by Miss Margaret Knox and Mrs. H. G. Crafts. Miss Knox and Miss Cope also sang a number of beautiful duets. Other numbers on the program were "Current Events," Mrs. Ella Hughes' "Chanticleer," Mrs. E. J. Boyes and an original story read by Mrs. C. L. Hooper.

MARRIED TOMORROW NIGHT.
The marriage of W. S. Matthew, Jr., of Berkeley and Miss Cornelia Comstock of Santa Rosa will take place tomorrow evening at the home of the bride in Santa Rosa. Matthew is the son of Rev. and Mrs. W. S. Matthew and a brother of Miss Hattie Belle Matthew.

ST. PATRICK'S DINNER.
Mrs. Harry W. Bishop is giving an elaborate dinner this evening at the family residence in Alice street, where the decorations will carry out the spirit of St. Patrick's Day. A large green hat filled with green

TEA IN ALAMEDA.
Mrs. McKee Sherrard's tea yesterday given in her Alameda home was a very beautiful affair.

MAIRAGE SURPRISES FRIENDS.
Much surprise is rife in the smart set in the Hillside district over the announcement made yesterday of the marriage of Mrs. Marjory Newell, daughter of Mayor Eugene Craig of Piedmont, to Dr. A. G. Kelly of Denver, which took place in Arizona last January.

WEDNESDAY MR. AND MRS. KELLY ARRIVED IN PIEDMONT TO VISIT THE FORMER'S PARENTS. Mrs. Kelly went to Needles, Ark., some time ago to live with her brother, John Craig, who was ill, and it was there she met Dr. Kelly. Her friends thought that she was still with her brother, and her arrival yesterday was a complete surprise. Dr. and Mrs. Kelly will remain a few days at the Craig home, and will then go to Denver, where they will make their home.

OAKLANDERS DEPART.
Dr. and Mrs. A. S. Larkey will leave on Saturday for the east en route to Europe.

MISS VERA COPE, daughter of Mrs. George W. Cope of Vernon Heights, has gone to Contra Costa county on a visit.

TO MAKE HOME HERE.
Mr. and Mrs. Louis Titus have decided to make their permanent home on the east side of the bay and will take up a temporary residence in Oakland in about six weeks to remain during the building of a home on Piedmont Heights.

HOME FROM HONEYMOON.
Mr. and Mrs. William Harold Oliver have returned from their honeymoon and have a handsome new home in the Adams Point district. Mrs. Oliver is the daughter of Mr. and Mrs. Edwin C. Culver.

ST. PATRICK'S DINNER.
Mrs. Harry W. Bishop is giving an elaborate dinner this evening at the family residence in Alice street, where the decorations will carry out the spirit of St. Patrick's Day. A large green hat filled with green

EDNA GOODRICH WINS EVERY POINT IN SUIT FOR DIVORCE

Nat Routed by Wife's Claims and Her Divorce Is Assured.

NEW YORK, March 17.—It is now virtually assured that Edna Goodrich will be awarded a divorce from Nat C. Goodwin. Herman L. Roth, attorney for Mrs. Goodwin, yesterday filed with the county clerk the report of the referee in the action. J. Campbell Thompson, in whose office the testimony was taken.

WOMEN IN THE NEWS

EDNA GOODRICH WINS EVERY POINT IN SUIT FOR DIVORCE

Nat Routed by Wife's Claims and Her Divorce Is Assured.

NEW YORK, March 17.—It is now virtually assured that Edna Goodrich will be awarded a divorce from Nat C. Goodwin. Herman L. Roth, attorney for Mrs. Goodwin, yesterday filed with the county clerk the report of the referee in the action. J. Campbell Thompson, in whose office the testimony was taken.

The report finds for Mrs. Goodwin all the way, and a motion went with it that she be granted a divorce. It will come up before Justice Gleicher next Tuesday.

It is the natural inference that, since the findings and recommendations of the referee in such cases are usually taken as final, the divorce will be granted without question.

Roth said last night that Mrs. Goodwin won every contested point in the action. One of the principal points raised by the comedian was the question as to his place of residence. It was argued that he was a resident of California, therefore the action was not within the jurisdiction of the New York courts. This was disproved, however, it being shown that he is a resident of New York.

'Hello' Gets Fortune

LOS ANGELES, March 17.—Pretty May Morse, cousin of Charles W. Morse, former ice king of New York, was a telephone girl at the Lankershim hotel yesterday. Today she is the possessor of \$100,000 and is on her way east to claim the fortune.

On leaving her switchboard for the day, Miss Morse was informed that she had fallen heir to \$100,000, her share in the estate of Mrs. Benjamin Morse of Bath, Me., which has been in litigation for years. She promptly resigned.

Wants Wife's Money

NEW YORK, March 17.—A remarkable postnuptial agreement between Charles Harris Phelps of New York and Paris and Mrs. Eleanor Phelps, a leader of American society in Paris, was filed yesterday in the supreme court. It discloses that Mrs. Phelps, a member of the famous Bell family of New York, and one of the richest heiresses of this city at the time she wedded, contracted to pay her husband half of her large income each year in order to patch up their marital disagreements and assure her the companionship of Harris Livingston Phelps. The papers on file in court here show that Phelps is trying to force his wife to pay him half of her \$50,000 annual income, which she has held up since their separation last July.

Adds to Her Gift

CHICO, March 17.—Mrs. Annie E. K. Bidwell has announced that an additional 500 acres of land is to be included in the tract along the Big Chico creek that is to be turned over to the city for park purposes upon her death.

This makes a total of 2,223 acres in the donation, and the aggregate value is about \$225,000.

This tract, together with a strip of land along the banks of the creek for a distance of eight blocks, which was donated to the city by Mrs. Bidwell last week, and another strip of land to be turned over to the city by her will, will give the municipality control of the creek almost to its headwaters, and will afford one of the finest park sites in the United States.

The creek will be dammed so as to form a lake large enough for boating purposes. Four acres adjoining the Normal school site, another donation of Mrs. Bidwell to the city, is to be made into a children's playground.

Acting Costs Health

NEW YORK, March 17.—Miss Consuelo Bailey, the star in "Baby Mine," is seriously ill in her apartment with an affection of the spine, which resulted from her too zealous desire to make audiences laugh. She retired from the cast just three days after her ambition to shine as a star on Broadway was realized. There she was, in the city, "Baby Mine," and Miss Bailey had the leading role in the western company. The part was originated in New York by Marguerite Clark.

Last week the two actresses traded and Miss Bailey appeared in the part in New York Saturday night. She had originated a bit of stage business of jumping over the top of a bed.

Every time she heard her husband in the play approaching, and it always brought a laugh. She had been warned to modify it. She refused to do this, however, and now she feels the ill effects.

Releases Child Wife

VALLEJO, March 17.—After being a wife for twenty-four hours, Cecelia Harris Williams, the 11-year-old child wife of Polio Williams, decided yesterday to return to her short dresses and children's parties, and tearfully pleaded with her erstwhile husband to allow the annulment of the marriage, which took place in Napa Tuesday night. To obtain his release from jail and escape prosecution on the charge of perjury, preferred by Isaac Harris, father of the bride, Williams consented to the annulment of the ceremony. Action had been started in Napa to have the ceremony set aside.

Accuses Minister

LODI, March 17.—Alleging that her father, Rev. S. S. Murphy, a local Christian minister, had failed to support her, Miss Lulu Mignon Murphy has begun suit against him for maintenance. Miss Murphy, who has long been an invalid, recently appeared before the congregation of her father's church and made complaint against him, saying he would not support her.

In her suit she asks for \$30 a month for her father's fees. She claims her father is amply able to properly support her, saying that he has an income of \$2000 a year from his orchard at Acampo.

Doesn't Believe in Marriage

MRS. ANNA STRUNSKY WALLING, who has her own idea of marriage.

Newlyweds Busy Dodging Would-Be Kidnapers

CAMBRIDGE, Mass.—Graham Gordon Glass Jr. of Portland, Ore., the Harvard senior who married Miss Helen Roche of Roxbury, at Nashua, N. H., was kept busy dodging his fellow students who were bent on separating him from his bride. They said that his parents were coming here from Oregon to have the marriage annulled.

Ten Harvard men, one of whom said he had received a telegram from Glass's parents begging him to separate the couple at any cost, organized a kidnaping party late last night and went to the Hotel Westminister where they are staying. The couple were in the dining room when the kidnapers appeared, and they fled to their room on the third floor. The students tried to follow, but were stopped and ordered out of the hotel.

The students then went to the Back Bay police station and asked the officer in charge to order Glass's arrest, saying they had received from Glass's parents a telegram asking them to use force if necessary to separate him from his bride until they would reach here. The officer laughed at them.

Then they said they would go back to the hotel and pick a fight with Glass, saying they were willing to be arrested if Glass also could be locked up. They did go back, but they did not succeed in reaching Glass.

"I do not believe that my parents are coming here to separate me from my wife," says Glass. "I have arranged with Dean Wells to remain at college and receive my degree. I have just notified my parents of my marriage, and Helen and I expect their blessing tomorrow. But if they don't like it—well, that can't be helped. If forced to leave Harvard I'll go into business. I'll come out on top all right."

WIDOWS COMBINE TO GET HUBBYS

BERWICK, Pa.—The Berwick Widows' Association, which was organized four years ago—only widows, real (not grass), in good standing, being eligible for membership—was not formed as was generally supposed for the purpose of extending charity to unfortunates, but to find suitable second, third or fourth husbands for its members.

Since the association was formed sixteen members have married. Every member on joining was forced to take a "secrecy oath," in which she agreed not to divulge the real reason for the formation of the association. But yesterday a real mean individual came across the minute book, in which were recorded the "doings" of every meeting.

According to the minutes of the last meeting it was unanimously decided to hold the annual picnic this year on the same date and at the same place as the "Berwick Bachelors' Club" will hold its annual meeting. Following this entry is the naive remark "that it is the consensus of opinion among the members of the association that Berwick Bachelors make better husbands than do imported masculines."

Mrs. Ella Walker is the president of the association and has been since its formation. The members meet weekly; the housewives of them and report progress on their matrimonial ventures. The next meeting will be held during the coming week at the home of Mrs. Gertrude Gibbons. At that time further arrangements will be made for the summer picnic and for the snarling of members of the "Berwick Bachelors' Club."

HE CARVED HER OUTLINE ON MATTRESS

KANSAS CITY.—According to the story of Julia Forst, who is suing for a divorce, her husband, John G. Forst, used her as a model for his experiments in sculpture, but his methods were objectionable.

"My husband was in the habit of sleeping with a razor under his pillow," she said. "One night he came in late, took the razor and with it cut

the outline of my figure out of the mattress and left me lying on an island of excelsior with only a tiny margin about me. I woke up during the process and he told me that if I moved he would cut my throat."

The Forsts were married in 1890. She started a divorce suit in 1899, withdrew it and later brought another action.

OAKLAND'S BOYS AND GIRLS

SENIORS OFF ON A VISIT TO STATE LEGISLATURE

MEMBERS OF LOCAL SCHOOLS SEE LAWS MADE

Promptly at 6:30 this morning a delegation of senior students of the three high schools of this city boarded a special train for Sacramento, where they attended the session of the legislature today. The delegates will return on a late train this evening. The boys and girls of the civics classes of those respective institutions constituted the personnel of the company, and were granted a holiday by a special motion of the local Board of Education for the purpose of attending the legislature.

Among the representatives from the Manual Training and Commercial high school who were in the party were: Charles Leavitt, Frances Watson, Herman Greenwood, Archie Howie, Ruth Dunning, Loretta Klenle, Edna Stut, Eugene Irwin, Hugh Fulton, Gladys Dickinson, Frank Carson.

HISTORY CLASS.
About two hundred from the history class of the Oakland high school attended among them being Lloyd Cobble, Elsa Kover, Mignon De Neuf, Wiloynne Dickinson, Marion Clark, Robert Stratton, Cornelius Hatch, Charles Fuweller, Newton Holden, Henry Oliphant, Richard Chamberlain, Arthur Cunningham, Frank Maker, Henry Baumgarten, Albert Stevens, Horace Holsten, Irene Johnson, Howard Sargent and Eugene Curley.

The delegation was chaperoned by C. E. Keyes, principal of the Oakland high school; P. M. Fisher of the Manual Training and Commercial high school; Miss Annie Brewer, John R. Sutton, F. S. Russell, John C. Fremont high school; Mrs. F. S. Rossiter, H. W. Edwards.

MISS IRENE JOHNSON, one of the members of the history and civics class of the Oakland High School, who was one of the members of the company of boys and girls who attended the sessions of the Legislature today.

Character dancing will be portrayed at the entertainment to be given by a company of clever young girls this evening in Starr King hall, Fourteenth and Castro streets, where children will amuse their elders. Classic dancing and singing will also be interesting features of the evening.

Artistic costumes have been procured for the respective dances, which will be given by: Elaine Hill, Lucille Bateman, Lilabel Bliss, Margaret Leona, Marjorie Bateman, Bernice Yaney, Alice Rosenthal, Bernice Emerson, Millie Pedro, Pearl Courtney, Pearl Remington.

STORY TELLER FOR LOS ANGELES SCHOOLS.
LOS ANGELES, March 17.—An official story teller for the public schools is an innovation about to be made by the Board of Education. Miss Maud Burke Andrus of Chicago has been engaged to outline the method before the kindergarten teachers, and at the conclusion of her instruction some one proficient in the rare and delicate art of story telling will be permanently put on the school staff.

She—for the story teller must be a woman—will go from school to school, and be at once the Leslie Carter, the Maude Adams and the Julia Marlowe of kindergarten babies. She will tell things in a way to bewitch Tommy Smith from pulling Susie Jones' hair.

Socialist's Wife Gives Her Views on Love.

NEW YORK.—I believe, wholly absolutely, passionately, in romantic love.

"I believe in perfect freedom of divorce, so that when one party to a marriage finds his love dead the marriage may be automatically dissolved at that moment."

"I believe a simple registration of the intent of two persons to live together in the marital relation to be preferable to a religious ceremony."

"I do not believe in free love."

Such, in brief, is the conception of love, marriage and divorce held by Mrs. Anna Strunsky Walling, author and Socialist.

Sented in her parlor in the Hotel Brevoort yesterday Mrs. Walling told to a reporter her hopes for the future social structure. Particularly was she anxious to make clear her ideas as to the relations between men and women.

Mrs. Walling looked worn from the strain of the \$100,000 breach of promise suit brought against her husband, William English Walling, by Anna Bertha Grunspan, Paris shopgirl. Mrs. Walling had done much to bring victory to her husband's side, and the ordeal had exhausted her.

ONLY ONE SPOUSE.
But as she warmed to the topic nearest her heart her languor deserted her; her eyes flashed in enthusiasm and expressive gestures emphasized her arguments.

"Yes," she said, "I believe wholly in romantic love, because I think the more intense your personal romantic love is the more intense is your love for socialist ideals."

"And I believe in monogamy—no one should have more than one spouse in a lifetime. I am sure that without any compulsion, without any restraint of law, the normal individual will naturally and voluntarily cling to the one spouse. It takes more than a lifetime to understand what love is. Instead of the idea that romantic love is of a temporary nature, my idea is quite the opposite. It grows with everything in life. The fires of life themselves feed the flames, for life itself is the fuel for such a love."

"What proportion does the physical bear to the spiritual and mental in romantic love?"

CAN'T BE DIVIDED.
"I would say that one cannot divide it up like that," Mrs. Walling answered quickly. "One loves one's lover absolutely on the physical, mental and spiritual level. Love is absolute and you love him spiritually because the physical love is absolute."

"How do you think the marital relation should be adjusted?" the reporter inquired.

"I do not believe in a marriage ceremony. A simple registration declaring that two persons are to live together in the marital relation is better. For me there is no significance in ceremony. What for me has significance is the registration of a marriage—the making it established."

WIDOWS COMBINE TO GET HUBBYS

BERWICK, Pa.—The Berwick Widows' Association, which was organized four years ago—only widows, real (not grass), in good standing, being eligible for membership—was not formed as was generally supposed for the purpose of extending charity to unfortunates, but to find suitable second, third or fourth husbands for its members.

'TIS NO CRIME TO BE "WEARING OF THE GREEN"

THERE IS NOTHING TOO GOOD FOR THE
IRISH UPON ST. PATRICK'S BIRTHDAYSONS OF ERIN
EVERYWHERE
CELEBRATEAll Oakland Wears Bit of Green
in Honor of Patron of Emerald Isle.Toasts Are Drunk to Great
Men of Ireland's Past and
to Her Future.

The birthday of St. Patrick is being commemorated today by church services, concerts and social affairs without number. It is the greatest St. Patrick's day that the cities about the bay have ever known. Hardly a person can be found who does not wear some emblem or token characteristic of the day and its meaning.

Celebrations without number are being held this afternoon and will be held again tonight in honor of the saint who drove the snakes from Ireland and converted the Irish to the Christian faith. The patron saint of Ireland is one who receives the honor of all Christendom.

In Chicago this year St. Patrick's day is practically a legal holiday. Mayor Busse declared a holiday and ordered all the municipal offices closed. Both houses of the Illinois legislature yesterday adopted a resolution making today a holiday for the legislators.

The annual ball of the local lodge of the Ancient Order of Hibernians will be held in Maple Hall tonight. A literary and musical program will precede the dance. Miss Frances Keith and her Gaelic dancing club will give a four-hundred reel and an Irish jig and horn-pipe, and Miss Keith will also contribute a solo number. The youngsters who make up the club are Margaret Browne, Gertrude McDonald, Agnes Healy, Mary Whelan, Elizabeth Browne and Thomas Connolly. A handsome souvenir Irish flag will be given to all who attend, and the hall will be decorated in appropriate style.

SPECIAL SERVICES.

Special musical services were held this morning at a number of Catholic churches, and several social programs will be presented in the different parishes this evening.

Professor Adolph Gregory had charge of the special music at the high mass at St. Mary's cathedral this morning. The regular choir was augmented by fifty children's voices. Rev. Patrick McGrath preached the eulogy.

Father McNally, the pastor, M. F.

Miss Frances Keith and the Gaelic Dancing Class, Who Will Take Part Tonight in the St. Patrick's Day Celebration by the Ancient Order of Hibernians at Maple Hall. —Bushnell Photo.

Bronner and John F. Mullins will speak at St. Patrick's church this evening. Miss Eilma Buttar, Professor C. P. Eilkes and Professor Sandy will furnish the music for the occasion.

Sacred Heart parish held its annual celebration of the day last evening. Leo J. McCarthy, the chairman of the evening, opened the program with a short address on Ireland's patron saint. The program, which was long, was interesting and well rendered. Those who took part were George Solace, Clara Harrington, Bill Pirie, Miss Stella Howell, Dick Rowe, The Williams Orchestra, Elmer Gallagher, Virginia Cleary, Nellie Farrell, Mike Dunnigan, Blanche Steel, and the League of the Cross Cadets Quartette—Ray Ryan, Bert Doherty, Ed Ryan and George Carter, with Miss Ethel Reilly as accompanist.

McCarthy spoke in part as follows:

HISTORY OF NOBLE DEEDS.

"The history of Ireland is replete with noble deeds, deeds that are unparalleled among the accomplishments of men or of nations, deeds that are expressive of the lofty ideals that have ever actuated the

strong and pure minds of the sons and daughters of lovely Erin.

"What was known of the little green isle save the few fabulous records—a few uncertain notes that tell us of her ancient glory, until Patrick came? It was then that Ireland began to make real history for herself.

"There are many things that characterize the singular position of the emerald isle among the nations of the earth. Her triumphs and misfortunes form a history that knows no equal. Her story is a draught of the 'sweet tempered' with sour. For never was people raised to such heights of hope or lowered to such depths of despair as were the children of Erin in their long and bitter struggle against great odds, fighting for the right to live, strive and hope, Ireland was determined to retain her nationality even though it meant, as it did, shedding the purest and most precious blood of her loyal and patriotic sons and daughters.

FIRST DUTY TO GOD.

In her bitterest struggles she ever followed the voice of the immortal Lacerdaire, who speaking from his pulpit in Notre Dame, proclaimed in that church—in that Catholic church—that the first duty of a nation was to recognize its God and its next duty was to be able to draw the sword. The sword was drawn and disaster may follow its drawing. For a day, for a month, for a year, for centuries the cause in which it was drawn may be a losing cause as it has been seen that Ireland was.

"But the bravest and the best men that have ever lived have known the anguish of the evening of defeat; but if that cause be just and holy, if the hand that draws the sword is true, if the cause be noble and generous—sooner or later the angel of the God of justice will be sent from heaven and crown with an imperishable wreath of victory the men who fought with Irish might for Ireland's right.

GLORIOUS FUTURE.

"How glorious that future will be when all Irishmen shall be united in one common love, God grant it, one common and true faith? How fair will beloved Erin be when clothed in religious unity, religious equality and freedom, she shall rise from the ocean waves as fair as lovely in the end of time as she was in the glorious days when the world, entranced by her beauty, proclaimed her the mother of the world and crown with a rising emancipation no trace of persecution on her virgin face—the crown so long lost to her resting again upon her fair brow! I see her in peace and concord with all the nations around her, and with her children within her. I see her venerated by the nations afar off, and most of all by the mighty nation which in this day its strength and in its youth and in its vigor shall sway the destinies of the world."

NILE CLUB JINKS.

The Nile club will hold a jinks at the club tonight at which many prominent men will add their share to a laugh-producing program in honor of the day of Ireland's patron saint. Among those who will appear are Ben Woolner, Melville and Coleman Schwartz, John Harrigan, Gilbert C. Farley, Howard Herrmann, Harry Perry, Lew Kennedy and the Nile club quartette.

The parishioners of St. Andrew's presented a program last night which was highly enjoyed by the large number present. Father P. J. Quinn, pastor of St. Andrew's, supervised the arrangements. Orchestra sections were rendered under the direction of Professor McNamara. Irish songs filled out the program. Those who contributed were: James P. Martin, Miss Ling, Miss Lucia Glanciarulo, Miss Sullivan, Miss Josephine J. McVey, James Ealey and Fred Anderson.

THE DAY AT BERKELEY.

BERKELEY, March 17.—The program which will be given at St. Patrick's day musicals at the studio of Mrs. Jessie Dean Moore this evening will be repeated at the half-hour of music at the Greek theater Sunday afternoon. The large numbers who wished to hear it could not be accommodated at the studio and its presentation at the Greek theater has been arranged by the musical and dramatic committee of the university.

The program will consist of Alice Adelaide Needham's Irish song cycle, "A Bunch of Shamrocks," by eight of Mrs. Moore's pupils. The songs that make up the cycle are: "Double O'Clock," "God of This Irish Isle," tenor solo by Stuart

Copps, "Killinoy Far Away," soprano solo by Miss Ora Rochell, "The Little Red Lark," contralto solo by Miss Ruby Moore, "Your Father's Horeen," bass solo by A. R. Still, "My Dark Rosaleen," double quartet, "Pictures of Ireland," baritone solo by Herman Miller, "The Woman of Three Cows," soprano solo by Miss Millicent Talbot, "The Sweet a' the Year," double quartet, "Peace Be Around Us," contralto solo by Miss Hope Jordan, "The Stile in the Lane," baritone solo by Herman Miller, "Tan Fitzerger," double quartet, "Salutation to the Celts," the bass solo in which will be sung by Godfrey Fletcher.

Miss Estelle Southworth will be the accompanist. In case the weather is inclement the concert will not be given.

St. Ambrose church will give an entertainment tonight in Finnish hall, West Berkeley. Attorney William J. Hennessy will be the orator of the evening. St. Mary's college orchestra and a quartet from St. Joseph's academy will add to the musical part of the program. Others who will take part are: Miss Ada Bertheaud, Miss Mamie Bardet, Miss T. Colburn, Mrs. Dolph Shenk, Miss Rose, Mrs. Wellington, Miss Ida Binder, Miss N. Hayes, Miss E. Anderson, Miss F. Young, Miss Marie O'Keefe, Messrs. Dolan, Schlegel and James O'Donnell. D. Curtin is chairman of the affair.

Graduate students of the university will hold a St. Patrick's day jinks tonight in Hearst hall. The program has been kept secret. Members of the faculty will be the guests of the graduates. The committee managing the jinks have been appointed by President Ralph Wright.

CELEBRATE ACROSS BAY.

SAN FRANCISCO, March 17.—San Francisco is holding an all-day celebration today. Exercises were held all over the city at different hours of the day. The children of the United Irish societies paraded up Van Ness avenue to St. Mary's cathedral in the morning. The society also held literary exercises at the Central theater this afternoon and will give a ball at the Pavilion rink tonight.

The Ancient Order of Hibernians gave a program of literary and musical numbers at the Valencia theater this afternoon, and this evening will celebrate with a grand ball at the Auditorium at Page and Fillmore streets.

The Irish drama, "Robert Emmet," will be staged at Golden Gate Commandery hall tonight. The Knights of the Red Branch and the Gaelic Dancing club will each give a ball to commemorate the day. Programs of speeches and songs will precede the dancing at all the St. Patrick's day balls.

Famous 69th Regiment
Heads Monster Parade

NEW YORK, March 17.—Bright, clear weather combined with other favorable conditions helped to make New York's celebration of St. Patrick's day one of the biggest in recent years. As usual, the parade on Fifth avenue, under the auspices of the Ancient Order of Hibernians was the chief event of the day. There was no variation from the usual procedure of having the old "fighting 69th" regiment of the National Guard head the parade. It is estimated that 50,000 men passed in review before Archbishop Farley at St. Patrick's Cathedral, where the reviewing stand is placed.

PROMISE OF HOME RULE
MAKES THE DAY GLAD

DUBLIN, March 17.—St. Patrick's day was celebrated throughout Ireland with unusual enthusiasm because of the promise of Home Rule at an early date. The trooping of the colors at Dublin Castle was carried out with elaborate ceremony.

Queen Mother Alexandra sent the customary present of a shamrock to each member of the Irish guards and every soldier was bedecked with a spray when on parade.

POSTPONE NIGHT RIDER CASES. HOPKINSVILLE, Ky., March 17.—None of the pending cases against alleged participants in the night rider raid on this day in 1907 will be tried at this term of court. This announcement was made today following the acquittal last night of Dr. David Amoss charged with being the leader of the raiders.

WAR AIRSHIP
SOARS OVER
CAPITALMachine to Be Used at Border
Is Given Thorough
Tryout.Japanese Officials Are Among
Those Who Watch the
Experiments.

WASHINGTON, March 17.—With representatives of the war and navy departments and military and naval attaches from a number of foreign legations here looking on, the aeroplane just purchased by the war department to be used in the Mexican border maneuvers was given its initial and successful demonstration here early today.

The machine, which is what Curtiss designates his "military type" was given a thorough try-out by J. A. D. McCurdy, who made two ascents, each time circling several times the big lot to the south of the state, war and navy building.

OFFICIALS WATCH.

So close did he sail to the building that the whirr of the war bird's propeller was heard plainly in the offices of the Secretary of State. Secretary of War Dickinson, Major General Wood, chief of staff of the army, and other officers from the war and navy departments, were present.

Among the most interested of the small group of spectators were the Japanese military and naval attaches. Their country already owns eight machines and is said to be negotiating for the purchase of several others. Russia, Spain, France, Austria-Hungary and Argentina were represented at the flight. In a few days the machine will be sent to San Antonio, Texas.

MRS. REPSOLD
DIES IN A
HOSPITALMother of "Perfumed Burglar"
Passes Away After
Operation.Wife of Wealthy Liquor Dealer
Had Been ill for Five
Months.

Mrs. Bertha Repsold, mother of Herbert F. Repsold, the "perfumed" burglar, died Monday in the Adler sanatorium in San Francisco, following an operation. She had been ill for about five months.

Mrs. Repsold was the wife of A. Repsold, a wealthy liquor dealer of 104 Pine street, San Francisco. The family home is at 109 Hillcrest road, Claremont Park. She was a native of Germany, aged 49 years.

Young Repsold, the son, was recently sentenced to the penitentiary from Sacramento for a burglary committed in that city. He was the youth who entered the Meese home and struck Miss Grace Meese, when she discovered him in the act of robbing the residence. He was the only child in the Repsold household.

WASHINGTON WILL HONOR
SINGER OF SHANNON

WASHINGTON, March 17.—A bronze bust of Tim Moore, the Irish poet, will be unveiled in the O'Connell art gallery here May 27, on the eve of the 132d anniversary of the poet's birthday. Prominent Irishmen of the city subscribed the fund. This will be the first homage paid in the nation's capital to the Irish poet, who is known here not only through his writings, but by reason of his residence here in 1804, and following years.

BIG SHIPMENT
OF FRUIT TO
EAST25,000,000 Oranges and Lemons
Sent From California.Warm Weather Keeps South
Busy Marketing Its
Produce.

SAN BERNARDINO, March 17.—Twenty-five million oranges and lemons were moved out of Southern California yesterday on the lines of the Santa Fe and the Southern Pacific, according to figures announced by those railroads.

This gigantic shipment of the golden product of California is believed to be the greatest ever moved in one day in the history of the State. The Santa Fe started 200 cars out of the San Bernardino yards for the east during the day, and the Southern Pacific sent 175 cars out of its yards at Colton. These are record shipments on both roads. Each car contained 400 boxes of fruit, approximately 150,000 boxes of oranges and lemons representing the day's shipments.

Several thousand cars of navela remain to be moved out of the State. The warm weather of the past two weeks has made it necessary for their immediate picking, and the packing houses are working to their full capacity in an effort to market all the fruit before it becomes too ripe.

U. S. SENATOR STONE'S
CONDITION IMPROVED

KANSAS CITY, March 17.—United States Senator William J. Stone, ill with grippe at the home of his son, Kimbrough Stone, in this city, is still confined to his bed, his condition was very much improved today according to his physician.

ALAMEDA

NEW SEATS LEFT FOR CHARTER DAY

Demand Has Been Unusual for Admission to Roosevelt Address and Exercises.

UNIVERSITY OF CALIFORNIA, March 17.—Tickets for seats at the Charter Day exercises are being disposed of rapidly. Only a few more remain in the sections reserved for the men and over half of the seats in the section reserved for the women students have been taken. The committee kept office hours today for the distribution of the remaining tickets.

President R. H. Wright of the Graduate Student Body has appointed the following marshals for the Charter Day parade: J. E. Gore, Minnesota; C. H. Merritt, Oregon; and Miss Anna Curtis, Montana.

Twenty seniors of the Civil Engineering Association, accompanied by Professor C. D. Dereth, Jr., and Professor E. H. Hobbitts, will leave on the 1 o'clock Key Route Saturday afternoon for the city.

At the afternoon session the following program was carried out: Charles Swift, devotion; Rev. George C. Elledge, offering; Africa, Mrs. R. B. Hummel; and Rev. A. C. Posey, president of the organization. At the conclusion of the program, greetings from the Women's Committee, Board of Foreign Missions, Mrs. H. B. Finney, Mrs. D. C. Mitchell, and Mrs. D. C. Mitchell, were given.

BERKELEYANS QUIETLY WEDDED IN SAN JOSE

BERKELEY, March 17.—Thomas P. Mortimer, brother of W. J. Mortimer, with whom he is associated in the real estate business, and Mrs. Clara J. Finney of 2115 Delaware street, were quietly wedded in San Jose yesterday afternoon.

The couple are now making a honeymoon tour in an automobile, which will include Monterey.

They slipped away to San Jose yesterday morning without giving their friends the least hint as to their intentions. Mrs. Finney resided with her mother in this city until the wedding yesterday.

CITY CLERK'S OFFICE OPEN TWO NIGHTS

ALAMEDA, March 17.—The office of City Clerk F. E. Browning remained open from 7 to 9 o'clock last night and will be open tonight to give voters who have not already registered or have changed their residences, an opportunity to register.

As a large vote is desired at the coming municipal election, April 10, and live interest is being shown by the voters of the city in boosting candidates, it is expected that the electors who have not already registered, will avail themselves of the opportunity to get their names on the register.

REBEKAH'S PLAN DANCE IN THE ENCINAL CITY

J. H. WEINSTOCK, who will aid at Rebekah dance.

ALAMEDA, March 17.—J. H. Weinstock will act as chairman at the dance to be given by Fair Oaks Lodge at the Encinal hall on the evening of Tuesday, April 18. Mrs. J. H. Weinstock is chairman of the committee of arrangements for the big dance, for which elaborate arrangements are being made.

A banquet will follow the dance. Encinal hall will be beautifully decorated for the occasion. Fair Oaks Lodge has sent out invitations to the sister lodges around the bay, and a large attendance is expected at the coming ball. A large committee is making the arrangements. Several surprises in the way of vaudeville performers are being planned for the evening.

WANTS BETTER FIRE HOUSES

East Side Improvement Club
Condemns Wooden Structures in Berkeley.

BERKELEY, March 17.—Following a discussion of the proposed \$340,000 bond issue for municipal improvements, the East Side Improvement Club at a meeting held at the Hillside avenue tennis club house, adopted resolutions pledging the organization to work for the proposed fire department betterments.

The proposed wooden firehouses in different parts of the city were condemned by the club, which believes they should be constructed of cement or brick, and that \$100,000 should be allowed for the construction of three houses, instead of \$15,000, in view of the proposal to build a substantial \$20,000 central firehouse.

DEPUTY ASSESSOR HAS FINISHED FIELD WORK

ALAMEDA, March 17.—Deputy County Assessor T. C. Stoddard has finished the work of assessing property in this city and will resume his duties as deputy assessor of Alameda county Monday.

Deputy Assessor James Borgeon will continue the field work in this city.

When better materials are to be had, when more skilled artisans are available, when a marked advance may possibly be achieved in the science of tone production and piano construction, then, and not until then, will it be possible to make the

Mason & Hamlin A BETTER PIANO

Today the Mason & Hamlin piano is accepted by the leading musicians, pronounced by the foremost critics the best piano that the world has ever known. This worthy reputation has been attained by quality only—this quality the result of knowledge, of painstaking care in construction, the use of the very finest materials and the patented features of construction which have marked a new era in the science of piano construction. Mason & Hamlin pianos cost more than other pianos because they are better and more painstakingly made. We show them in all their styles and sell on easy terms.

BERKELEY LAND BRINGS \$100,000

Forty-Five Acres Adjoining the "Thousand Oaks" to Be Subdivided.

BERKELEY, March 17.—One of the largest real estate deals consummated in Berkeley for many months was concluded this week by the Berkeley Land Company when forty-five acres of land belonging to Frank T. Woodward, adjoining "Thousand Oaks," was sold to a large local realty syndicate for \$100,000.

The land is the last piece of acreage in that vicinity and will be subdivided into lots 50x120 feet and placed on the market under the name "Berkeley Park." Engineer C. L. Huggins is supervising the work of subdivision, and according to the Berkeley Land Company, which is to be the exclusive agent of the tract, will be put on the market in the course of two or three weeks.

SUSPEND STUDENTS CAUGHT CHEATING

UNIVERSITY OF CALIFORNIA, March 17.—Two students found guilty of cheating in a chemistry examination have been suspended by the Undergraduate Student Affairs Committee, which reports upon the cases as follows:

With regard to a recent action in a case of cheating in an examination, the Student Affairs Committee makes the following announcement:

"During a case reported by the head of the department, two students found guilty of cheating in a chemistry examination in Chemistry B on February 23, were, on recommendation of the committee, suspended from the university until April 1, 1911."

ASSESSOR'S TERM MAY BE INCREASED

Proposed Amendment to City Charter Will Be Voted Upon.

ALAMEDA, March 17.—Electors are voting on a proposed amendment to the city charter, which will be voted upon at the coming municipal election, April 10, and which provides for the increase of the term of office of the city auditor and assessor from two to four years, and the compensation for the office to be fixed by the city council.

The city charter fixes the salary of the auditor and assessor at \$125 per month. The salary is the lowest of any of the city officials and is the same as that paid the city poundman. That the compensation should be increased is the opinion of the present administration, which voted to place the amendment on the ballot.

As the office is one of the most important in the city, and must have a responsible head, the amendment is expected to be duly considered by the voters.

WOMEN WILL HAVE JINKS OF THEIR OWN

UNIVERSITY OF CALIFORNIA, March 17.—Women of the junior class of the university have made arrangements for a class jinks to be held on the evening of April 6th. Men will not be admitted. The following committees have been appointed:

Arrangements—Misses Elsa Schilling (chairman), Ethel Lockhart, Grace Weeks, Florence Doyle, Anna Kidder, May Van Marren and Mildred Jordan.

Programme—Misses Josephine Fonce (chairman), Josephine is Conte, Mildred Porter, Dolores Bradley, Alice Hiestand, and others.

MISS STURTEVANT TO APPEAR IN GRAND OPERA

BERKELEY, March 17.—Miss Lydia Sturtevant, who sang with the Royal Opera Company of Munich and the Milan Opera Company until the death of her father four years ago, will appear in the Grand Opera company for her appearance in the United States during the coming season.

Her trip to the States follows negotiations between several of the eastern opera managers and Miss Sturtevant, which have been pending for several weeks.

ALAMEDA PERSONALS

ALAMEDA, March 17.—Mrs. Robert H. Swaine complimented Miss Helen Stevenson, a visitor from Canada, with an extensive party of friends at her luncheon at her home in Alameda avenue yesterday afternoon. The guests were Miss Stevenson, Miss Ruth Tisdale, Miss Caroline Hall, Miss Emma Lemcke, Miss Anna Mitchell, Miss Ruth Holt, Miss Helen Anthony, Miss Rita Burke, Mrs. Warren.

Mrs. E. Frank Clark and Miss Mabel Clark left yesterday for a visit of ten days in Marin county. They will be in Lagunitas for a week and will then go to Mill Valley.

Mrs. W. E. Ringwood of 2103 San Jose avenue arrived yesterday from the Yale from Los Angeles where she spent two weeks with Mrs. Reginald Whitaker. She also visited Catalina and San Diego.

The Misses Lura and Mary Smith were the honored guests at a luncheon at the Home Club presided over by Mrs. J. K. Jackson and Mrs. Charles Tabor yesterday.

Mrs. Lulu Janison who has been making a visit in the Hawaiian Islands and the Orient arrive home about the middle of May.

ALAMEDA COUNTY TO SEND EXHIBITS TO EXPOSITION

Chairman Brown of Exploitation Committee Urges Immediate Work.

ENCINAL CITY WILL SHOW
FINE MANUFACTURES

County Will Provide Funds for 1915 Panama-Pacific Exposition.

ALAMEDA, March 17.—In accordance with a communication received from Frank L. Brown, chairman of the exploitation and publicity committee of the Panama-Pacific Exposition, urging that the counties of California provide exhibits for the 1915 exposition, Mayor W. H. Hoy stated today that Alameda city was preparing to collect an exhibit of products and manufactures that would do justice to the State, and that steps were already being taken by the city boards and improvement clubs of the city to raise Panama-Pacific Exposition funds.

Following is the communication received by Mayor Hoy from Chairman Brown, Wm. H. Hoy, Alameda, California.

"Dear Sir: You fully appreciate the benefit that will accrue to the State of California now that the Congress has designated San Francisco as the site for the Panama-Pacific International Exposition in the year 1915. You also realize the importance of making a proper exhibit of the resources of your county at the great exposition."

"If California is to be the host to the nations of the world in 1915, she certainly must provide the most attractive exhibit. The hundreds of thousands of people that will visit the State during the exhibition, many of whom will be business men, will undoubtedly be anxious to gain a better knowledge of the products and industries of the State."

"No section of the world offers as many attractions for the home-seeker or has as great a natural wealth as California. Therefore, it will be to your advantage and your great benefit to make a proper exhibit for your county at the Panama-Pacific International Exposition."

ASK COUNTY TAX.

"We appeal to you to take up with the right authorities the idea of creating a county tax to extend over four years to provide funds for this exhibit. If the tax is levied at once, it will be very small."

"Please let us have an expression of your wishes and the amount you think your county justified in appropriating for an exhibit. You are aware that the county of Los Angeles is better known to the State than any other section of the State due to the splendid exhibits prepared. You may give your county the same prominence and secure the same results. This is your opportunity."

"Thanking you in advance for your courtesy, I beg to remain,

"Exposition and Publicity Committee,"
"FRANK BROWN, Chairman."

ELKS WILL START BIG MONEY RAISING CAMPAIGN

BERKELEY, March 17.—A rally of the Berkeley Elks will be held on the next meeting night to begin a campaign for selling stock of the Hall association to pay off the balance due on the building lot just purchased and make a start on the building fund.

To be built on the lot on which is to be built the new postoffice, at the corner of Milvia street and Alston-way. Henry street is to be extended through to Alston, and the new Elks hall will be located on the lot just purchased.

It is expected that the proposed \$100,000 building will be completed within three or four years, and it is certain that it will be ready for the 1915 exposition and for the entrance of delegates to the grand lodge of Elks in San Francisco during that year.

The Hall Association, which was organized in May, 1908, has as its directors: Herbert Jones, chairman; E. M. Schoonover, W. E. Woolsey, Joseph Mills, Walter P. Woolsey, F. W. Confer, T. R. Boone and Harry J. Sullivan.

GRADS TO HONOR IRELAND'S PATRON

Berkeley Students Will Hold Affair to Celebrate Birthday of Saint.

BERKELEY, March 17.—St. Patrick's Day will be celebrated by the graduate students of the State University at Hearst hall this evening. All the decorations, "stunts" and refreshments will be in keeping with the occasion, and the committee is promising a real Irish good time.

The plans for the affair have been maintained a secret, but some novel entertainment is assured.

The following have been asked to serve as patrons and patronesses: Professor and Mrs. D. F. Barrows, Professor and Mrs. C. Price, Professor and Mrs. J. N. Bowman, Professor and Mrs. W. J. Jones, Miss Lucy Sprague, Miss B. P. Polito, Miss Lucy Stebbins and Professor R. F. Scholz.

The Ladies auxiliary of St. Augustine's Catholic church, Shattuck avenue and Dana street, will give a St. Patrick's Day entertainment this evening in the parish hall, which will be appropriately decorated. A musical and literary program will be given.

The following committees are in charge: Program—Rev. B. J. McKinnon, A. E. Rowe, C. C. Campbell, J. G. Beatty, W. H. Mahoney.

Arrangements—Mary C. Rowe, Mrs. A. W. Kisher, Mrs. C. Campbell, A. E. Rowe, Mrs. Gogerty, Mrs. A. S. Sayers, Misses Doland, Furlong and Rowe.

Patrons—The Elks hall will be given by the Frivillity Club of South Berkeley on Wednesday evening in Lincoln hall. The committee in charge was composed of Mr. and Mrs. R. Hill, Mr. and Mrs. Wagner, Mrs. A. Reeder, Messrs. Mayon, Rose and Hinch.

MOTHER SAYS HER CHILD IS 18, AND SHE SHOULD KNOW

Faculty and Graduate Students to Tell What They Would Do if Back in Classroom.

UNIVERSITY OF CALIFORNIA, March 17.—Containing a large number of interesting and humorous articles including several communications from the faculty, post graduates and seniors, the March issue of the Occident will appear on the campus next Wednesday morning.

As a result of the request for the opinions of the faculty and post-graduates telling what they would do if they were to re-enter college, numerous replies have been received, both serious and otherwise, and these letters will be published under the title, "If I Were to Go to College Again."

The articles which have been selected for the next issue are as follows: "Student Life at Berkeley," by Ruth S. Waldron, Wellesley; "Offerings," by Arne Holmstrom; "When Pedro Faraday Chilled Graham," by Sarah Bernhardt; by H. T. Fraser, and two other interesting short stories. There will also be two poems, one by John Hammond, and an anonymous poem on "Life and Death."

HISTORIANS WILL MEET IN BERKELEY

Coast Branch of Historical Session to Hold Eighth Session.

UNIVERSITY OF CALIFORNIA, March 17.—Pacific Coast Branch of the American Historical Association will meet in an annual session in the faculty room, California Hall, Friday, March 31, and Saturday, April 1. It will be the eighth session of the Berkeley campus.

The first session will begin at 2:30 o'clock on Friday afternoon. Following is the program: "A New Interpretation of the Edict of Caracalla," with Reference to the Colonate," by Professor R. F. Jones, University of California; "Later Eighteenth Century Exploration of Louisiana by the Spaniards," by Professor H. H. Henshaw, Stanford University; "The Historiography of the French Revolution," by Professor Henry Morse Stephens of the University of California.

Professor Bernard Moses of the History Department, who is the president of the branch, will preside at the annual dinner at the Shattuck hotel on Friday evening and will deliver an address.

MOTHERS' CLUB GIVES MRS. CARLISLE SUPPORT

BERKELEY, March 17.—Whittier School Mothers Club has endorsed Mrs. Carlisle for re-election as school director.

To further Mrs. Carlisle's candidacy a committee has been appointed to solicit signatures. The committee consists of Mrs. B. Bain, chairman; Mrs. J. T. Farrar, Mrs. J. J. Mulvaney, Mrs. A. L. Houie and Mrs. L. M. Kenney.

At a meeting yesterday S. W. Waterman of Whittier school spoke of the plans for remodeling Whittier school, should the proposed bond issue carry.

LO LA CLUB OF SOUTH BERKELEY TO GIVE DANCE

The Lo La Club will give a candidates' ball this evening in Lincoln hall, South Berkeley. An elaborate program of dances has been arranged, and several hundred invitations have been issued. The club is one of the most popular social organizations of the college town. The funds derived from the ball will go to furnish the new club house which was recently occupied. Harry Halroyd has been appointed floor manager of the affair.

DON'T MISS THIS OREGON JACK, from Oregon BIG SLIM, from Texas

Will ride bucking horses at ball grounds, Carlton street and Grove street, Berkeley, Sunday, March 19th, at 3 p. m.

Admission, 25 cents.

ENGINEERS OBTAIN PATENT ON PUMP

BERKELEY, March 17.—Frank Jackson of 3236 King street has just been granted a patent for a centrifugal pump.

Jackson is employed as an engineer at the Byron Jackson Iron Works. His new device, which will facilitate the work of smaller pumps now in use, will be manufactured by the Byron Jackson Company.

REDMOND PREDICTS VICTORY FOR HOME RULE

Chairman of Irish Parliamentary Party Speaks at Banquet.

BITTERNESS GONE, HE SAYS; WANTS PEACE

Sends Greetings to "Faithful Kindred" in United States.

LONDON, March 17. — In honor of St. Patrick's day and the near approach of home rule for Ireland, several Irish leaders last night issued formal statements and greetings on the occasion of the national anniversary. These included John E. Redmond, chairman of the Irish parliamentary party and chairman of the United Irish League of Great Britain; William O'Brien, member for Cork and leader of the Independent Nationalists; and Lord Dunraven, president of the Irish Reform association. H. H. Asquith, prime minister, and A. J. Balfour, former premier and leader of the Opposition in the House of Commons, declined to make home rule speeches, but both issued statements, the former expressing his sympathy for the Irish people, and the latter his support for the home rule bill.

In a speech at the St. Patrick's banquet tonight, Redmond referred to the long list of valuable Irish reforms achieved during the last twelve years, they had met each year at this festival, almost despairing of achieving the great goal of their aspirations.

REDMOND SEES VICTORY.

"Now, at last," he said, "we meet with the light of victory shining on our country and our cause. The struggle between England and Ireland is ended. England and Ireland have joined hands against the common foe of both, in defense of the people's liberties and rights.

"All bitterness has left our souls. We want peace with England. We want friendship with the English people. We want our proper place in the British empire and to bury fathoms deep in the ocean of oblivion and memory the wrongs, the miseries and the oppressions of the past."

Following are the formal statements from various Irish leaders:

"Home rule will be introduced for Ireland next year and after that great reforms demanded by the democracies of England, Scotland and Wales. We are proud that St. Patrick's day, 1911, finds Ireland full of hope and eager expectation. We all believe that the Parliament bill will be passed into law in a few weeks and that thus the last obstacle to home rule will be removed. The breakdown of the House of Lords barrier has been due to Ireland. One of our most powerful aids has been, and is today, the sympathy of the American people.

(Signed) "JOHN REDMOND."

GREETINGS FOR AMERICANS.

"Cordial greetings to our faithful kindred in America on the occasion of our national anniversary. All sections of the Nationalist party are ready for co-operation in testing to the uttermost Mr. Asquith's home rule pledges. It is certain to offer a considerable measure of evolution next year, if this bill abolishing the lords' veto can be forced into law this session. Therefore, Mr. Redmond and the members of the 'All for Ireland' party are on duty at once in supporting the bill.

"The difference between us is that Mr. Redmond's friends believe that the veto bill and home rule can best be carried by constituting a cash party, for all purposes and at any cost to Ireland in other matters, a wing of the Liberal party in their party welfare against the Unionists. We, on the contrary, believe that by having Ireland in British party quarters we shall be making it impossible to carry home rule against the solid Unionist opposition and an Irish Protestant minority driven to bay, while if Ireland's strength was wisely employed nothing would be easier than to bring about a settlement of both the lords and the home rule problems by general consent in the broad spirit which it is now beginning to show itself in the Unionist party and among our Protestant countrymen.

"The next six months will show which is the more far-seeing policy. In the meantime let us alone, hope for the best, but do not hope for too much.

(Signed) "WILLIAM O'BRIEN."

HAS PESSIMISTIC OUTLOOK.

"I wish I could honestly say that tomorrow's sun will rise on bright prospects for Ireland, but I cannot. Home rule will not be achieved, and the British constitution, and if it were it could not be worked subject to a socialist single chamber Parliament at Westminster. Judging by the present, the killing the land purchase act, I have little faith in a home rule bill satisfactory as to finance, emanating from the radicals, and I dread lest Ireland may be consumed with a strong, well-balanced imperial parliament, and formed along strong federal lines.

"I do not believe that it can be achieved by the policy and the tactics at present employed.

"That is my honest opinion and I can give no other. If events prove me to be entirely wrong, no one will be better pleased than I shall be.

(Signed) "DUNRAVEN."

USED AS CATSPAW.

"Ireland is to drag the chestnuts out of the fire, if she can, for the radicals to eat, and she will get burned. That home rule will come is as certain as that the sun will rise tomorrow, but it will come, I think, as a measure consequent with a strong, well-balanced imperial parliament, and formed along strong federal lines.

"I do not believe that it can be achieved by the policy and the tactics at present employed.

"That is my honest opinion and I can give no other. If events prove me to be entirely wrong, no one will be better pleased than I shall be.

(Signed) "DUNRAVEN."

CHINESE STUDENT HONORED.

CHICAGO, March 17.—Columbia University has voted a membership in the Sigma Xi Society, a high scientific honor, to Chung Yu Wen, a Chinese student in metallurgy. Sigma Xi corresponds in general way to the Phi Beta Kappa honors of the academic course.

AMENDMENTS PUT OFF TWO DAYS

Efforts to Make Office Appointive May Have Hard Sledding.

SACRAMENTO, March 17.—The Senate took up a series of constitutional amendments and bills providing that certain state officers now elected shall be appointed by the Governor, but after discussion of the merits of the amendments of public instruction, the whole subject was put over until Monday.

A motion by Senator Boynton to take up tomorrow the measures relating to the state printer and the clerk of the Supreme Court was also put over, making a special order for Monday, ahead of the others.

An amendment offered by Senator Sanford making the superintendent of public instruction elective by county superintendents was defeated.

TURKISH TROOPS CUT DOWN HOSTILE ARABS

FRANKFORT, Germany, March 17.—A dispatch from Salonika says that the Young Turks Central Committee has troops are putting the Arabs to flight everywhere and that the machine guns have caused great havoc among the tribesmen.

The Arabs have lost 200 in the last two fights, while forty of the Turkish troops were killed.

Sheik Jahia (Yahya), the leader of the revolting Arab tribes, is said to have taken refuge on British territory. The telegraph lines between Hodeida and Sana have been restored.

CANADIAN EDITOR ADVOCATES TREATY

BERKELEY, March 17.—Dr. James A. MacDonald of Toronto, Canada, editor of the Toronto Globe, in addressing the students in a University meeting here today, referred to the proposed reciprocity treaty and advocated friendly commercial relations between the United States and Canada. Dr. D. D. MacLaurin, a Baptist evangelist of Spokane, also addressed the meeting.

WAR INTERFERES WITH POLO GAMES

"Peaceful" Maneuvers and Mexican Rebellion Stop Cup Tourney.

SAN DIEGO, March 17.—With rebellion in Mexico and a fourth of the United States army mobilized and awaiting orders from Washington, four teams that were expected at Coronado this week to prepare for the international Polo Tournament which begins March 23, will not participate.

The team at Mexico City is held there by the rebellion. The members of the United States cavalry team are with their regiments in the field. Heavy rains have prevented practice by the Santa Barbara team, and it will not come. The team from Denver has found it impossible to get the ponies in condition in time and has wired that it will not be here.

Many of the players that have been at Coronado have left or are leaving, including Lord Innes Kerr and Lord Tweedmouth of London England, Julian and Paul Whinans, who came to Coronado early in the season.

However, two teams are coming to Coronado next Sunday and with the local players, will play in a series of matches for the championship cup, which has to be won three times to become the property of any club. The cup was competed for the first time two years ago, when the Burlington team defeated Frank Mackey's English team by one goal. The cup was won last year by F. A. Gills English team, which defeated Esslingame by nine goals. The Burlington team has since been disrupted. One of the teams coming to Coronado Sunday is the Weiss team, called the First Pasadena team, and composed of Harry Weiss, Reggie Weiss, Tom Weiss and Carlton Burle.

The other team will be a team made up of expert players, who will play with John Hobbs of Denver, who is well known to local players.

PIONEER RICE PLANTER DIES.
NEW ORLEANS, March 17.—Following an appendicitis operation, Henry Kahn, planter in the Louisiana rice industry, is dead here today.

SPEED BURNERS' SECOND OFFENSE

Group of Seven Appeared in Local Police Courts This Morning.

Miss Leola Hall, a young architect of Berkeley, was fined \$10 for exceeding the speed limit, by Judge George Samuels this morning. She had been arrested by the "flying squadron," "Admirals" Flynn, Book and Keefe in command, at Telegraph and Twenty-eighth street while going many miles in excess of the limit set down in the city ordinance. As this was her second offense the fine was imposed. She pleaded guilty.

G. F. Daniels, son of G. B. Daniels, publisher, was arrested for speed burning and appeared in Judge Mortimer Smith's court. As this was his second offense he asked that his case be put over to tomorrow morning to plead.

C. J. Prentice, a contractor, was fined \$5 for exceeding the speed limit on a motorcycle. The other automobile speeders arrested appeared in court with the following results:

F. W. McNear, chauffeur, bail forfeited.

L. D. Purdy, salesman, fined \$10 or five days in prison.

Arthur Hansen, \$10 or five days.

W. L. Dolan, motorcycle, \$5 or two and one-half days.

OAKLANDER FOUND IN DYING CONDITION

J. T. Mathers, 63 years old, living at 611 Washington street, was removed from his room at 9:30 o'clock last night by the police and taken to the Receiving hospital. He has been suffering for some time with a complication of diseases and was in a dying condition. He passed away at 6:30 o'clock this morning. He was a native of Ohio.

DIES OF NOSEBLEED.

ANDERSON, March 17.—After vainly trying every known expedient for stopping an attack of nosebleed from which his four-year-old son Everett was suffering, Frank A. Phillips started from Round Mountain for this place with the boy to secure medical treatment. The boy died on the train, after the attack had continued five hours.

MODERN VERSION OF AN OLD MAXIM

Purser Cast Pearls Not Before Swine, But Among His Old Shoes.

SAN FRANCISCO, March 17.—That a fortune in pearls estimated at over \$100,000, was safely carried across the Pacific with no other means of protection except that afforded by an ordinary stateroom, was learned when the Japanese liner American Maru arrived here from the far East yesterday.

The gems were placed in the care of F. V. Baker, the ship's freight clerk, just before the steamship sailed from Yokohama for this city. As the America's stateroom had been sealed and could not be opened before San Francisco was reached, Baker was in a quandary, until he decided to place the valise under his berth, with his old shoes.

As the manifest from the Yokohama customs officials was sealed, the freight clerk did not know the true value of the property in his charge until the pearls were turned over to the customs officials in this city.

"I thought they were cheap imitations," said Baker, "and did not think any considerable risk was attached to my keeping the stuff in my room."

PLAN \$500,000 IMPROVEMENTS

Golden West Brewing Company to Make Addition to Plant.

The Golden West Brewing company of Fifth and Kirklham streets has just made arrangements for improvement to their plant in the nature of an addition to the buildings to cost, in the neighborhood of \$500,000.

CAMORRIST SPY'S EVIDENCE BAD

Testimony Proves Blow Which the Defense Will Have Trouble to Offset

VITERBO, Italy, March 17.—The Camorrist defense sustained a blow today when Judge Bianchi overruled a demand by the attorneys for the defendants that the testimony of Genaro Abbateggio be excluded. Abbateggio, a member of the Alta Camorra, turned king's evidence.

The two score prisoners hissed the court's decision and shook their fists at the separate cage in which Abbateggio was confined.

The prosecution in outlining the case denounced Nicolai Morra, the leader of the band that murdered Cuccuoli and his wife, as the worst criminal in Italy. He declared that Morra would do anything to gain his own eye to avoid military service.

"I am as innocent as a dove," shouted Morra from his cage.

FREE PRISONER JAILED FOR ARSON

Adolph Schonek Must Never Return to San Diego

SANTA ANA, Cal., March 17.—Adolph Schonek of San Diego, who would have been in jail a year the third of next month on a charge of arson, was released from the county jail here today, where he has been confined since October last.

He was arrested in San Diego on the third of last April and accused of setting fire to a vacant building that evening. Ten fires of incendiary origin were discovered in the city between December and April and the officers charged him with being responsible for them.

He was tried once in San Diego and once here, but in both instances the jury disagreed, the jury here standing 9 to 3 for conviction. One of the conditions for the dismissal of the case was a written agreement that he would never return to San Diego.

IRISH-BORN IN

U. S. 2,000,000

Thirty-Seven Thousand People Leave Ireland Yearly for America.

WIRELESS SAVES

UNCLE SAM'S MAIL

Crippled Minnesota Transfers Pouches in Rough Mid-Pacific.

WASHINGTON, March 17.—Two million in round numbers is the approximate Irish-born population at present living in the United States.

While these are not the official figures of the thirteen census, it is a close estimate, based on the 1900 census and the immigration and emigration of Irish-born persons during the ten years following. There were 1,613,449 Irish-born in the United States in 1900.

Immigration from Ireland for the past ten years has been uniformly steady, averaging about 37,000 yearly.

From June 30, 1900 to January 1, 1911, 427,741 Irish immigrants entered the United States. During that time there were many non-immigrant Irish both entering and leaving the United States. The population of Ireland estimated for 1903 was 4,374,158. A census of Ireland will be taken April 1 of this year.

VICTORIA, B. C., March 17.—Called by wireless from the disabled Great Northern liner Minnesota, which broke her starboard shaft when five days out from Yokohama, the steamer Sadomaru, which has arrived from Yokohama, transferred the mails from the damaged liner in mid-Pacific, oil being used to smooth the seas while two lifeboats piled with 202 bags of mail were brought alongside.

The feat was accomplished without other injury than a slight accident to Assistant Purser Ford of the Minnesota, whose ankle was crushed when one of the Minnesota's boats was swept against the steamer's when being hauled aboard.

Arrangements were started for the transfer of the passengers, and after a long wireless discussion between the two captains it was finally decided that this was too risky, and the passengers returned to Japan with the Minnesota.

YOUTH ACCUSED OF THEFTS.

PORTLAND, Ore., March 17.—Charged with pilfering small sums of money from the jeweler who, until today was his employer, Leo Lesser, son of J. Lesser, a pioneer jeweler of this city, is under arrest in this city.

PASADENA, March 17.—Dr. Edward W. Hibbard, a well known physician and surgeon formerly of New York city and Providence, R. I., is dead at his home here as the result of terrible burns received yesterday in his bathroom as he was preparing for a bath.

Dr. Hibbard had gone from his bed to the bathroom and on entering had lighted his pipe. Presumably the match used was not extinguished and caught his night apparel.

Edward Hibbard Jr., Dr. Hibbard's only son, hearing his father call for help ran to the bathroom and in the struggle to save his father, was himself seriously burned.

Dr. Hibbard lost consciousness soon after receiving the burns and died last night.

He was 46 years of age and leaves a widow and one son.

GOOD MARRIAGES MADE IN COLLEGE

President Wheeler Is Authority for Statement That Co-Eds Make Best Wives.

Women educated at a coeducational institute make the best wives, President Benjamin Ide Wheeler of the University of California has declared. Marriages made in college have proved happier than those made elsewhere; coeducation in colleges is conducive to the highest and most ideal kind of marriages, he has further stated.

Dr. Wheeler presented his views in his seventh lecture in the course on "American Democracy, as Represented in College, School and Church," which he delivered in California hall Wednesday. He offered a new solution of the growing divorce problem. "Give young men and women higher education before they marry," he said in effect, "and they won't want divorce afterward."

"The value of coeducation is becoming steadily more apparent. The education of the sexes together insures mutual respect and self-respect. Men are said to be avoiding coeducational colleges in the east. This is not true in the west. In the University of California 63 per cent of the men rarely find themselves in the same classes with women, but this is because the men go into the technological departments, while women prepare themselves for teaching."

"The polite female seminary has left the horizon," said Dr. Wheeler. "Horace Mann was the first president of a coeducational college. He was favorable to the rights of women. Western colleges are nearly all open to both sexes, though eastern and southern are not as a whole. It is generally conceded that women should have higher education, but whether it should be coeducation is a question that is still subject to debate."

Mrs. Mary L. Cheney, appointment secretary at the university also said that coeducational marriages are the most happy. "In nearly thirty years I know of but two people who were divorced after such a marriage," she said yesterday.

ASK HELP FROM COMMISSIONERS

Citizens of Richmond Make Appeal to State Railway Board.

RICHMOND, March 17.—More than 100 leading citizens of Richmond in a unique mass meeting yesterday at Cutting boulevard and the Southern Pacific railroad tracks, took determined action to invoke the provision of the new railroad law under which the railroad commission can give a right of way over the road of a railway corporation.

They demanded of the railroad commissioner, Alex. Gordon, who had come over to hear the plan of the Richmond people that the commission force the railroad company to permit the extension of Cutting boulevard across its tracks. For three years a condemnation suit brought by the county of Contra Costa to carry the boulevard across the corporation's tracks has been pending and after many delays it had been set for April 11. Gordon listened to speeches from several of the citizens, including Cutting, and then gave the assemblage hope by saying that in his opinion the corporation should grant the right of way. He said he would take the matter up with the board.

SEEKS DIVORCE FROM ENGINEER

Wife of Partner of John Hayes Hammond Files Petition Across Bay

SAN FRANCISCO, March 17.—A suit for divorce is about to be filed by Mrs. Mary Mayo Pinder against John William Beauchamp Pinder, a wealthy mining man formerly associated with John Hayes Hammond of New York. This complaint in the case was presented for filing at the county clerk's office today and had already been sworn to before Notary Charles Holton. The necessary fees were lacking, however, and it will probably be regularly placed on file later.

In the complaint the wife charges an affinity, whose first name is given as Belle, and who is said to reside in Oakland.

BUYS RIGHT OF WAY

IN-DEER CREEK CANYON

CHICO, March 17.—The purchase of three large parcels of land in Deer Creek canyon by the Southern Pacific and of this effort company to purchase several hundred acres more there are taken as certain indications that the company intends building a line through the canyon.

The Deer Creek Canyon has long been an objective point for prospective railroad lines planned to enter the Sacramento valley by a new route. It is considered to be one of two feasible passages through the Sierras in Northern California that yet remain open.

The property just bought is a ranch of 1200 acres belonging to A. Carter, a Salt Lake company's holdings of 1500 acres and a large tract belonging to Gravelle Jones.

The new road, it is understood, will join the main line of the Southern Pacific.

WANTS LEGAL RELIEF

FROM \$19,807 DEBT

SAN FRANCISCO, March 17.—Josua Eppinger, who calls himself a "clerk," and enrols his seat in the local stock and bond exchange among his assets, filed a petition in bankruptcy at the United States district court yesterday to relieve him from the pressure of \$19,807 of debts.

As he marks his heat in the exchange of "doubtful value," he is left practically with no assets at all.

YOUTH ACCUSED OF THEFTS.

PORTLAND, Ore., March 17.—Charged with pilfering small sums of money from the jeweler who, until today was his employer, Leo Lesser, son of J. Lesser, a pioneer jeweler of this city, is under arrest in this city.

Strictly Man-Tailored Suits In All the New Spring Styles \$25

The variety and cleverness of the styles displayed in this line will prove a strong attraction to you—The workmanship and beautiful finish shown is rarely ever seen, except in the more expensive garments; they are lined throughout with messaline or satin. All the new spring weaves and colors are represented—You'll find them exceptional values at \$25.00

WAISTS

\$2, \$3, \$4, \$5 and to \$15

The exquisite richness displayed in our new spring waists makes this department exceedingly popular with those who wish stylish and exclusive patterns. We are now displaying some exclusive lines that were bought especially for our spring fashion show.

LIGHTS HIS PIPE; BURNS TO DEATH

Smoke Taken by Man in His Night Attire Proves Fatal

PASADENA, March 17.—Dr. Edward W. Hibbard, a well known physician and surgeon formerly of New York city and Providence, R. I., is dead at his home here as the result of terrible burns received yesterday in his bathroom as he was preparing for a bath.

Dr. Hibbard had gone from his bed to the bathroom and on entering had lighted his pipe. Presumably the match used was not extinguished and caught his night apparel.

Edward Hibbard Jr., Dr. Hibbard's only son, hearing his father call for help ran to the bathroom and in the struggle to save his father, was himself seriously burned.

Dr. Hibbard lost consciousness soon after receiving the burns and died last night.

He was 46 years of age and leaves a widow and one son.

CANDIDATES SURPRISED AT SPEED

Former Campaigns Found Them Short on Ammunition.

The battle of ballots will soon be waged with full vigor.

Candidates are placing their orders each day for cards, posters and circular letters with THE TRIBUNE.

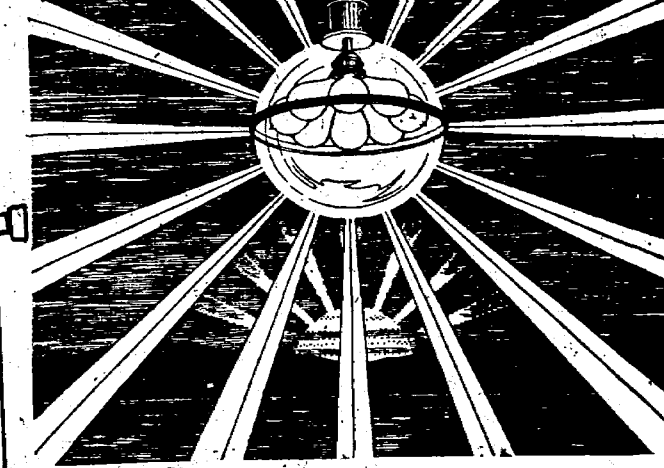

Our job printing department never disappoints, but executes all work at once on most reasonable terms.

Largest plant, quickest deliveries. Candidates are urged by THE TRIBUNE to place orders now.

GRANTS INTERLOCUTORY

DECREE OF DIVORCE

An interlocutory decree of divorce was today granted to William Miles from Ida Miles, also known as Ida Haines, by Judge Stanley A. Smith of the Superior Court.

Just as the trolley has superseded the ancient horsecars, just so have gas and electricity taken the place of all other lighting methods.

To give this service to Alameda County in the most efficient and economical way is the constant aim and endeavor of the Oakland Gas, Light & Heat Company. The big plant is equipped with the most modern machinery and method of production; its employees are chosen for their efficiency and every department is planned to best serve the interest of consumers. That is why our plant has grown to such large proportions. We shall endeavor to keep it just a little bigger than the demand calls for.

MUSIC AND SPEECH AT ST. PATRICK'S

Entertainment Is Planned for Tonight at Popular Oakland Church.

An elaborate entertainment is scheduled for tonight in the auditorium of St. Patrick's church, Tenth and Peralta streets, at 8 p. m. A number of prominent men will speak on various topics and musical selections will be a feature of the evening. More than thirty will take part in the entertainment, a number of the Catholic organizations and institutions from this section and San Francisco being represented.

The opening address will be by Councilman M. R. Bronner, other speakers being Father J. P. McNally, who is organizing the affair; Supervisor J. F. Mullins and Father S. J. of St. Ignatius College, San Francisco.

Among those on the musical program are Miss Lillie Tracy, Miss Hilma Bullar and pupils, and Professor Hiddlesey. There will also be recitations by pupils of Sacred Heart College, San Francisco.

FRISBIE BATTERY CASE POSTPONED UNTIL 28TH

SAN FRANCISCO, March 17.—Several witnesses were heard today in the case of Dr. E. G. Frisbie charged with battery for running down Mrs. Bessie Hogan, and Attorney Newburgh announced that he would file a bill for damages against the physician. The case went over until the 28th.

SUES FOR ACCIDENT.
SAN FRANCISCO, March 17.—Damages in the sum of \$10,429 are asked for by John T. Brison from C. F. Houghton this morning. On November 5 Brison was run down in his buggy by Houghton in an automobile, and claims to have suffered the permanent impairment of the hearing of his right ear.

Here's the Man Who Advocated Meat Inspection for Oakland

His place of business is at 467 9th st.
The White Front with the Red Letters, where quality and price reign supreme.
His methods of doing business, direct from cattleman to the consumer, cutting out wholesalers' and jobbers' profits, eliminating deliveries and charge accounts, save the public 33 1-3 per cent, so that when meat is high elsewhere you will find the same low prices prevailing at the Lewis Market.

YOUNGSTERS WILL HOLD AVIATION MEETING

Oakland Will Have Distinction of Giving First Juvenile Event of Kind.

SCORE OF MONOPLANES AND BIPLANES ENTERED

Playground Commission Will Have Charge of Interesting Program.

Hundreds of boys and girls of Oakland will gather at Bushrod park playground tomorrow morning at 10 o'clock to take part in the first outdoor juvenile aviation meet to be held in California. A score of monoplanes and biplanes have been entered for the distance and altitude contests, and there are a number of classifications as to gliders, power machines and monoplanes and biplanes judged as to size and spread of wings.

The aviation meet is being held under the auspices of the Playground Commission, and Superintendent George Dickie has had charge of all the preliminary arrangements. The flying machines are all small models ranging from a foot across to five feet.

The contests will be judged by R. W. Martland, Henry F. Vogt, secretary of the Park Commission, and Professor L. L. Vander Naillen. Prizes will be awarded.

All those who have entered gliders and planes are members of the Oakland Amateur Aero Club. Among the entries expected to be prize winners are the following:
George Alcock, monoplane.
Raymond Montague, two monoplanes.
Clifton Gordon, monoplane.
Amrose Macdonald, monoplanes.
Vaughn Miller, monoplane.
Carl Maw, monoplane.
Clifton Kendall, monoplane.
Edward Von Adelung, monoplane.
William Davis, Jr., monoplane.
Harrison Ryker, monoplane.
Gerville Bennett, monoplanes.
Merced O'Brien, biplane.
George Dickie, biplane.

Entries may be made not later than 10 a. m., March 18th.
It is advisable that entries be made as soon before that date as possible.

MACHINES WILL BE NUMBERED.

Entries will be received at the office of the superintendent of playgrounds, 1559 Broadway, or by the director at Bushrod playgrounds.
A number will be given to each machine entering, and will be attached thereto by a gum-sticker or some other means.
All gliders or flying machines must be thrown or released from the hand.
Any boy or girl under the age of 18 years attending the public playgrounds or public schools will be entitled to enter model flying machines or gliders.
All models must be made by those entering them.
No person shall be allowed to ascend in any glider.
For purpose of judging machines entered they are divided into two classes.

FIRST CLASS.

Shall include all models with principal planes less than four (4) feet in length.

SECOND CLASS.

Shall include all models with principal planes over four (4) feet in length. Diplomas will be awarded as follows:

FIRST CLASS.

No. 1—For best workmanship on monoplane glider (non-flying).
No. 2—For best workmanship on monoplane glider (flying).
No. 3—For best workmanship on biplane glider (non-flying).
No. 4—For best workmanship on biplane glider (flying).
No. 5—For best workmanship on monoplane flying machine, i. e., with power and propeller attached.
No. 6—For best workmanship on biplane flying machine, i. e., with power and propeller attached.
No. 7—For longest flight of glider (monoplane).
No. 8—For longest flight of flying machine (monoplane).
No. 9—For longest flight of glider (biplane).
No. 10—For longest flight of flying machine (biplane).

SECOND CLASS.

No. 1—For longest flight of any kind.
No. 2—For best workmanship on any kind of machine.

THIRD CLASS (FREE FOR ALL).

No. 1—For highest flyer (regardless of construction).
In all the above the gliders or power flying machines must be able to fly, except in class 1, No. 2 and No. 4, and in class 2, No. 2.
Each contestant will be allowed three trials in launching and flying his machine.

KIDNAPED GIRL SEEKS MOTHER

Father On Deathbed Confides Secret He Held Thirteen Years

DES MOINES, March 17.—Governor Carroll received a letter today from Blanche Cale, an 18-year-old girl of Los Angeles, Cal., requesting that he aid in locating her mother from whom she was kidnapped by her father thirteen years ago at Keokuk, Ia.
Just prior to his death in Los Angeles, recently, the father confided to the girl the story of her earlier life.

ALASKA GOVERNOR ON WAY TO SEE TAFT

SEATTLE, March 17.—Governor Walter Clark of Alaska arrived from Juneau today and will leave for Washington tonight. It is reported that his hurried trip to Washington is for conference with President Taft and Secretary of the Interior Walter L. Fisher over the impending opening of the Alaska coal fields.

EPPIINGER JAILED.
SAN FRANCISCO, March 17.—Harry Eppinger, son of the former wheat broker, was arrested for speeding for the third time last night by the police. According to Detective Leo Bunner he was going thirty miles an hour, and when stopped, began to time the street cars. Judge Deasy fined him \$5.

MULLINS WANTS A NEW HOSPITAL

Supervisor Declares Present County Institution Is Disgrace.

At the Tri-Rotary Club luncheon at the Forum cafe yesterday Supervisor John F. Mullins, Dr. Edward von Adelung and W. S. Angwin spoke of the necessity of a new county hospital. Secretary A. A. Denison of the Chamber of Commerce addressed the club on the Wolfe amendment.

"The erection of a new county hospital is an absolute necessity in this community," said Supervisor Mullins. "There are hundreds of unfortunate whom it is our duty to care for. At present they are being cared for as best we can, but it is in a poor way and a way that is a disgrace to us and to the people of the county."

ADVOCATE OF HOSPITAL

"From the first month of my occupancy of the office of Supervisor I have advocated the establishment of a new county hospital and the segregation of this institution from the infirmary farm."
"Many people feel that we would do best by proceeding with the erection of the hospital at once and paying for it out of the funds raised by direct taxation. There is ample money on hand now to begin the work in this way and I do not believe that the institution would be delayed in its completion if this method should be adopted."
"However, many of our foremost citizens believe that it would be better to raise the money by a bond issue to be voted on by the people of the county. This would doubtless make the institution cost far more than the other plan, but it would distribute the payments over a far greater number of years and might prove a less burden on the taxpayers. This is a detail of the case that must be settled at once as no time must be lost."

"One of the features of a County Hospital should be that it provides clinics where young physicians and surgeons may study, observe and witness the operations of skilled surgeons," said Dr. von Adelung. He urged the necessity of locating the hospital near the city on that account.

SUPPORT IS PLEDGED

A committee of three was appointed to ascertain the sentiments of the members of the club and report at the next meeting, when it is probable that resolutions will be passed urging the Board of Supervisors to allow nothing to interfere with the immediate erection of the hospital and plugging the support of the club if it is necessary to raise the money by a bond issue.
Secretary Denison spoke in refutation of the arguments for consolidation advanced at the last meeting of the club. Other speakers on the same subject were C. J. Jester, president of the Berkeley Chamber of Commerce; R. H. Chamberlain, one of the board of freeholders of the county; and J. C. Turner and Robert Robertson.

ALLEGED WHITE SLAVER IS HELD TO ANSWER

SAN FRANCISCO, March 17.—Ernest J. Drake, charged by Augusta Nieman with being a white slaver, was held today to answer before the Superior court by Police Judge Deasy today.

S.S.S. A REAL CURE FOR RHEUMATISM

So simple a thing as cloths dipped in hot water and applied to an aching joint, will often temporarily relieve the acute pains of Rheumatism. But everyone knows that such treatment would never permanently cure the trouble.

The usual cause of Rheumatism comes from weak kidneys, constipation, indigestion, etc., forming impure accumulations in the system. These sour and ferment, causing uric acid, which is absorbed from the stomach and intestines into the blood. This causes a partial fermentation of the circulation, which changes it from a thick, rich fluid to a thin, acid stream, depositing inflammatory matter into the muscles, nerves, and joints. The longer the blood is allowed to remain in this impure condition the more severe will Rheumatism become. Gradually the muscles harden and lose their elasticity, the joints begin to stiffen, and frequently calculus deposits form knots at the finger joints.

I had Rheumatism for twenty years, sometimes being entirely laid up by it. It grew worse until my right knee was nearly twice its natural size, and was drawn up considerably shorter than the other one. A friend advised me to take S.S.S., which I commenced. Before I had been using it long I was greatly relieved, and continuing the medicine I soon found that I was entirely cured.

MRS. IDA M. PALMER.
186 Fulton St., Brooklyn, N. Y.

While at work in the swampy regions of Southeast Georgia, I contracted Rheumatism, and was completely helpless for about 4 months, and spent over \$150.00 with doctors, but got worse every day, and finally quit them and began S.S.S. I took several bottles, and was cured sound and well. My health is now splendid, and I weigh 175 pounds. I can recommend S.S.S. to all suffering from Rheumatism.

S. C. LASSITER.
Thomasville, N. C.

corpuscles of the circulation, and by its fine tonic effects assists the system to rapidly overcome the effects of the disease. Special book on Rheumatism and medical advice free. S. S. S. is for sale at drug stores.

One can count the hours now which must elapse before the close of THE TRIBUNE'S Great Contest. Each day between now and March 22d has twenty-four hours. Each hour has sixty minutes. Don't neglect the minutes. Spend every one to the best advantage.

When you feel as if you wanted to stop for a little while say to yourself: "Which do I want most, a little rest or a Chalmers Touring Car?" If you want the rest most, take it, but you can't have both.

CONTEST CLOSES AT 9 P. M.

All subscriptions must be brought to the Contest Department by 9 p. m. on the evening of Wednesday, March 22, or mailed in time to reach the Contest Department by 3 p. m. on Thursday.

NO MAILED SUBSCRIPTIONS CAN BE RECEIVED AFTER 3 P. M. on Thursday. No subscriptions can be brought to the Contest Department after 9 p. m. on Wednesday evening.

By this arrangement the 'out-of-town' candidates are placed on an equality with those who live in Oakland.

A COMMITTEE OF JUDGES.

A committee of prominent business men will canvass the vote and award the prizes on Thursday evening at 8 p. m.

Every subscription and every coupon vote received during the entire contest will be open to inspection. All candidates may rest assured that each contestant will be treated by these gentlemen with absolute impartiality. The votes secured during the Contest will be the basis of the final decision. The four leading candidates in each district will be declared the prize winners.

HAVE YOU THOUGHT OF ALL?

Are you sure that no one from whom you might gain a subscription has been overlooked? It may not look like much to you to take or leave one subscription, but on that very one may depend your success or failure.

You know that votes can only be gained by the little vote coupons, which are now out of date, or through paid-in-advance subscriptions. You know that the prizes are going to be awarded strictly on the number of votes which the candidates have secured.

Under the circumstances can you afford to lose a single opportunity of raising your vote? Better see some more people right now. Better not forget that the extension vote is the best which you can get at this time.

Look over your stubs. Find out who gave you short term subscriptions earlier in the contest. Then go to them and tell them how much they can aid you by extending the term of that subscription. You will get the full benefit of the rate of votes in effect at the period when the first subscription was turned in. This is most advantageous, and you must not run any risk of failing to get the full benefit of the extension rate. You should mark the word "Extension" on the slip which you turn in to the Contest Department.

MR. SUBSCRIBER.

This is almost your last chance to do a kindness to a candidate. Remember that a year's subscription is worth 8000 votes if new, and 4000 if a renewal.

Remember that 4000 votes may well turn the scales in favor of a candidate winning the desired prize.

Remember how much it would mean to you to win what you have been striving for so earnestly for eight long weeks. Put yourself in the candidate's place and DO AS YOU WOULD BE DONE BY.

THE LAST APPEAL.

Candidates, wear a smiling face when you make your final calls. It is much pleasanter to assist a good-humored person. Let people see that you expect to win IF THEY WILL HELP YOU.

You will find that few people will resist the last appeal. Will you make this appeal yourself or allow some more enterprising candidate to call and get the subscription?

OAKLAND GAINS IN FREIGHT SHIPMENT

Chamber of Commerce Reports Increase of 242,275 Tons.

The Chamber of Commerce is in receipt of figures showing the tremendous gain made by Oakland in water traffic incoming freight. For the twelve months of 1909 the statistics given are 1,516,664 tons of freight, exclusive of all merchandise carried by ferries, over the long wharf, or in on the Alameda side of the estuary. These figures are for freight coming in through the main channels alone.

The new set of figures available is for 1910 when the amount which came in was 1,758,939 tons, a gain of 242,275 tons in one year, a gain in per cent of 15.3.

ATTEMPT TO IMPEACH GOVERNOR OF NEVADA

RENO, Nev., March 17 — Because he is alleged to have broken his promise in regard to filling political appointments, a determined effort has been made to have the Senate impeach Governor Odell, but so far that body, although Democratic, has not taken action in that direction.

FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "95" Hair Tonic has grown hair on heads that were once bald. Of course, it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance. When the roots of the hair are entirely dead and the pores of the scalp glazed over, we do not believe that anything can restore hair growth.

When Rexall "95" Hair Tonic will do as above stated, it is not strange that we have such great faith in it, and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs, which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity; is delicately perfumed and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall "95" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give you satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Rexall "95" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it at the Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

POLITICAL ANNOUNCEMENTS

The following representative men respectfully solicit your support at the Primary Election to be held Tuesday, April 18, 1911.

FRANK K. MOTT

(Incumbent)

Candidate for

Mayor

GEO. E. GROSS

City Auditor

Candidate for Re-Election.

P. C. FREDERICKSON

The People's Candidate for

Commissioner

No. 4.

R. H. CHAMBERLAIN

Member of the Board of Freeholders which framed the Oakland Charter.

Candidate for

Commissioner No. 2

HARRY S. ANDERSON

Candidate for

Commissioner No. 1

Primary Election April 18, 1911.

Frederick C. Turner

Present City Engineer and Commissioner of Public Works.

Candidate for

Commissioner No. 3

Election April 18th, 1911.

R. D. HOLMES

Candidate for

Commissioner No. 3.

R. D. Holmes pledges himself if elected to handle the affairs of the City of Oakland entrusted to his care in a thorough business way. He will always favor necessary public improvements. He will encourage good roadways, ocean commerce, etc. He believes in economical methods but on a broad minded basis.

EDWIN MEESE

Present

CITY TREASURER

Candidate for

Commissioner No. 1.

F. F. JACKSON

Candidate for

Mayor.

of the

CITY OF OAKLAND

My policy is "A square deal to all."

F. F. JACKSON.

A Vote for
Wm. J. BACCUS

Candidate for

Commissioner No. 2.

will mean a vote for a man who believes in giving the city a clean, business-like administration of the work which would be assigned to him.

JOHN J. NAEGLE

Candidate for

Commissioner No. 2.

If elected by the voters of Oakland my policy will be to give "A square deal and equal treatment to everybody."

JOHN J. NAEGLE.

Among my opponents for Commissioner No. 2 are: One who was a member of the Board of Freeholders, but did not succeed in getting his ideas embodied in the charter; another who opposed the calling of an election for Freeholders before annexation; and others, either to split the vote or rely upon the support of organizations intended to look after the interests of widows and orphans. My pledge is to the entire people of the cosmopolitan city of Oakland to conduct the office along business lines and with economy.

PHILIP REILLY
(From the Annexed District.)

GEO. E. AITKEN

Announces Himself a

Commissioner No. 4

If elected I will serve the people of Oakland to the best of my ability and all matters entrusted to me will be handled in the most business-like manner for the general welfare of the city and a saving to our tax payers.

LEO J. MCCARTHY

for

Commissioner No. 2

(at large).

J. R. MAC GREGOR

FOR

Commissioner No. 2

FRANK J. GORDON

Candidate For

School Director No. 2

Frank J. Gordon is of the annexed district. He pledges himself, if elected, to prevent politics or political influence from entering the school department in the employment of teachers, or otherwise.

It was he who first advocated and finally drafted the famous annexation agreement, which was one of the first steps toward securing the new charter.

By BERT LOWRY.

Oakland is getting better every day. Yesterday afternoon Harry Wolverton's hired men decisively defeated the second squad of the Boston Red Sox to the tune of 4 to 2.

It was a clean-cut victory from tap of gong to the finish and Oakland clearly outplayed the men that are anxious to get on the regular Sox team and who played their level best at every turn.

With the dash and vim the Oaks put into the game there was a bright touch of harmony and Maggari was back in left field smiling and working as if he was trying even at this early date to bring the pennant home to Oakland. Coupled with the harmony and the dash and vim was another point that went right home to the fans. Oakland has not forgotten how to go tearing and rooting after anything they want.

Mr. Pierce found this out in the fourth inning and Mr. McHale had the fact impressed deeply on his mind in the seventh, for in these two innings Oakland landed on the ball in a manner that left little doubt as to their ability to fight as well as their ability to lace the curves of the opposing pitchers.

PERNOLL WILL LAND JOB WITH THE OAKS.

"Piano Legs" Pernoll was elected to do the first four innings of heaving for the Oaks and the big ex-Tiger cut loose with a few now and then that made Bill Carrigan's Green Goods look like thirty cents when you had your best girl at the circus and reserved seats were fifty cents a throw and her name was Pyl.

Pernoll was the first bantam hope to face "Piano Legs" and back to the bench he went on three pretty strikes that he missed. Happy Myers, the former University of California man, was out, Wares to Pyl, and Riggert was out, Pernoll to Pyl.

Oakland did nothing in their half neither did they do anything in the second or third except that "lazy" Hoffman made a spot in the hearts of the fans that will be everlasting if he keeps that kind of hitting up, when he laced a long line double to right field.

Boston, though, got on the score board in their half of the second, when Thoney doubled to right center, Enloe had fanned and romped to the plate on Yerkes' single into centerfield. In the fifth they got another.

Christian replaced Pernoll in this round and started the inning by passing Peirce, who had replaced Moser. Hank Perry combed a triple to left center and the pitcher romped to the plate. After that Boston was like the baby who took a dose of Mrs. Winslow's soothing syrup.

OAKS BEGIN TO GET BUSY IN THE FOURTH.

Monte Pyl opened the fourth inning for the locals with an infield hit and by dint of hard pegging to first beat it out. Captain Harry caught one right on the nose mark and away it went sailing into left field.

Cutshaw showed that he hasn't forgotten to hunt and both runners moved up a bag when "Cutty" pulled Enloe away from his base. Wares, then with the pinch, laid an installment toward first and Monte was over. Mitze banged one at Yerkes that almost tore him off his feet and before he could recover the captain was over.

The score remained up sticks until the seventh, when Oakland broke into the run column again. Maggari laced a low sizzler into center that netted him the middle sack. This boy Hoffman, who is going to string 'em early and often, lost my bet, combed a beauty into right and Maggari showed his old time base running ability by spiking the pan. Hoffman took a chance of stretching his hit into a double, but Hollis got the ball to second ahead of him. Hettling drove a high one to center that Perry gloomed after a desperate run.

It was after this that Monte Pyl got a royal hand by combining one out of sight and over the right centerfield fence. Wolverton tried hard to duplicate the shot and gave Riggert the run of his life to grab the ball, the Bostonese making a swell catch back up against the leftfield fence. McHale was a little better in the final of the eighth and the Oaks were blanked, but they were plenty enough on the score board to win. The score:

	BOSTON	AB.	R.	BH.	P.O.	A.	E.

A CLEVER BIT OF BALL-PLAYING AT YESTERDAY'S GAME

In the fifth inning with Perry at third Meyers hit to rightfield. Hoffman took the ball after a long run. In making the catch he fell but recovered himself in time to drive Perry back to third who tried to score on the play. Wolverton is taking the ball. Wares is backing up the throw with Mitze ready to cover the plate. Hildebrand is running toward third to render his decision. Perry was safe.

McINTOSH COMING TO ASK JOHNSON TO ENTER RING.

NEW YORK, March 17.—Hugh McIntosh, the Australian fight promoter, has announced to friends here his intention of coming to America this summer for the purpose of persuading Champion Jack Johnson to get back into the ring for a series of battles in London and Paris next fall.

"It is decidedly up to Johnson," said McIntosh, "to take on some of the numerous heavyweights who are ready to fight him, or to announce his retirement and gracefully withdraw from the limelight which has been centered upon him since that affair at Reno."

Sam Langford and Al Kaufman are said to be two of the men whom McIntosh is considering as suitable contenders against Johnson.

Seattle, Wallace and Calgary will bowl tomorrow.

OAKLAND HIGH TOO FAST FOR TEAM OF BERKELEY

The Oakland Polytechnic High school's basketball team defeated the crack Berkeley High school team in their annual game played at the St. Mary's gym, by the score of 24-18 yesterday afternoon. The game was started by Fox of Poly throwing a free goal, which was followed by another free goal, and a field goal by the same player. Fox did most of Poly's scoring, throwing 14 free goals throughout the game. Street and Hille each played a good game and also scored many goals.

Norton, one of Berkeley's forwards, threw her free goal, but his throwing did not compare favorably with his scoring in the Oakland-Berkeley game. Each of the center and forward players had the short end of a 12-3 score at the end of the first half, but in the second half the Oakland team scored 11 goals. Each school was represented by a rooting section, which was kept on edge by the fast play.

Oakland Polytechnic—Fox, forward; Street, forward; Hille, center; Mayo, forward; Taylor, forward; Norton, forward; Black, center; Kilfuff, guard; Evans, guard.

Tooze and Faulkner alternated as referee and umpire.

The results of the Bay Counties Athletic League basketball series are as follows:

	Won.	Lost.	Pct.
Oakland High	1	0	1.000
Oakland Poly High	1	1	.500
Berkeley High	0	1	.000
Berkeley Poly High	0	1	.000

Independent game.

WILLOUGHBY WINS EASY.

CHICAGO, March 17.—Walter Willoughby of Cleveland, champion middleweight, won his second round fight with Al Williams, last night in 21 minutes, 21 seconds. Willoughby won the second fight in ten minutes.

SACRAMENTO, March 17.—The Senators will compete in two more matches before they meet the Red Sox next Tuesday. Sacramento College is scheduled to play the locals Saturday, and Sunday the Senators will play against the Elks' team.

When the formal league schedule opens in this city March 28th Governor Johnson, if he so desires, will have the honor of hurling the first ball at the plate.

Graham is inclined to believe that Koch, his latest recruit in the pitching line, will make good. He is a south-paw speed and control.

SANTA MARIA, March 17.—In a special five-inning game arranged for the benefit of Judge W. W. McCredie, who arrived here yesterday morning, Ryan's Coyotes took revenge on McCredie's Beavers by beating them by the score of 12 to 1. The Coyotes simply slaughtered Bill Russell's delivery in the second inning, when they scored ten runs on eight hits, and the feature of the swiftest was the hitting of Nick Williams, who scored a home run and a two-bagger in one inning.

Allegart pitched for the Coyotes and the manner in which he moved McCredie's forces down was a surprise to every one. Previous to the game Williams and the McCredies conferred at length over the Northwestern team and Williams was assured he would be equipped with any players he needed, either from the Portland Coasters or from the Cleveland American League team and he is highly elated over the prospect.

The Green Goods squad of the Sox had three Coasters in the lineup and all of them performed well in their respective departments. Hank Perry who played centerfield, was fanned by Pernoll in the opening round and again by Christian in the seventh. At that managed to find Taylor for a three-sacker in the fifth.

Walter Moser faced his old team mates for three innings and showed that he was still a good pitcher, for the Oaks only managed to find him for one single, a double to right center by Outfielder Hoffman.

Police and McHale were the slabsters that the Oaks went after and it was a Three singles greeted Peirce in the fourth, and a double and single were scored off him in the fifth, and it was only good support that saved him further slauhtering.

Monte Pyl played an excellent game of ball at first base and the best charged against him, the only one that he fanned, was a thrown ball. At the bat Monte did exceedingly well and it is clouts as well as that in the future Don Cameron won't be missed.

Hoffman is already a prime favorite and as he walked off the field in the seventh inning after being nabbed at second when trying to make his single look like a double the fans gave him a warm hand.

In the field Hoffman acts like a man that will get the ball on almost every occasion and Oakland is to be complimented on having such a clever man following Maggari in the batting list.

Pernoll cut loose in the second inning after Thoney had laced out a double and Yerkes a single and fanned Priphe and Moser. Outside of a little wildness, the

OAKLAND AND BERKELEY HIGH SCHOOLS MEET TOMORROW

The track teams representing the Oakland High school and the Berkeley High school will participate in the Bay Counties Athletic League field day on April 1, the Pacific Coast interscholastic game by the University of California on April 23 and 24, and in the Stanford meet two weeks later.

Each of the rival high schools will have a very large rooting section, accompanied by a band, which are always one of the leading features of the day. The Oakland High team will be picked from the following men:

150-yard dashes—Baxter, Wilson, Cotnam, Clausius, Cobble, Miller, Skinner, Cameron, Nolds and Melvin.

440-yard runs—Learner, Ross, Seals, Skinner, Jeffries, Cobble, Cameron, Nolds, Stroud and Frisbee.

880-yard run—Wilson (captain), Chamberlain, Jeffries and White.

1 Mile run—Taylor, Brown, Miller, White and Reynolds.

Low and high hurdles—Maker, Ostrander, Wright, Lex and Caulderwood.

High jump—Stratton, Maker, Wright and Reynolds.

Broad jump—Stratton, Maker, Wright and Lex.

Pole vault—Frisbee, Gauze and Melvin.

Shot put and hammer throwing—Curley, Seals, Montague, Gauze and Melvin.

Relay—Helson, Cameron, Nolds, Baxter, Skinner, Learner, Stroud and Wilson.

big fellow pitched excellent ball and should prove a good man to the team.

Maggari drove out a double, Hoffman a single and Pyl a homer off McHale in the seventh inning.

In the fourth inning Oakland pulled off a double play that made the fans sit up and look. With Yerkes at first base, Sheehan in center and a low ball with a ton of excess baggage aboard, lined out at Wolverton at a mile a minute.

Wolverton, who had a stick for a pellet, whipped it to Cutshaw and he got it to first base in time to nail Sheehan.

Oakland found the Beantown hopes in the pitching end to the tune of nine hits. These were the doubles and one long homer, the balance being singles. This is a sign that the Oaks will be formidable with the big stick for a while, but those Boston slabsters are working their heads off to hold Oakland safe.

Riggert, Patsy Donovan's hope, played an excellent game in the outfield and one of his catches robbed Wolverton of at least a double. It was in the seventh, right after Pyl had combed the homer that Harry clipped one toward left. After a hard run up against the fence Riggert grabbed the ball, he doesn't seem to stack up as well as the reports say he should have done. But maybe it was the pitchers that held him down.

Mitze will do. His work behind the bat was all to the good, and the same thing might be said of Pearce.

It is hoped that Oakland can land this kid Kilroy. The St. Paul man has a pretty assortment of shoots and slants and a cool head.

Wiggs, or Knight were not called on to do any hurrying, but both will have their fling at the Beantown and college aggregations before the season opens.

Tyler Christian did well the innings he was on the hill. Perry, Enloe and Riggert falling before his shots, while one hit was made off his delivery.

Chester Thomas, recruit catcher of the Boston Red Sox, who finished last season with the Oakland club of the Coast League, may never be able to play baseball again as the result of a severe beating he received Tuesday night while playing with a party of friends in this city.

Thomas was carried into a local hospital with a badly battered head and face. One of his eyes was severely injured that it is feared he may never be able to use it.

Thomas, it was said, joined a party of friends for a round game of basketball on Tuesday evening. At a late hour he became involved in a quarrel in one of the many places visited and emerged from the fracas a badly beaten man.

PHOENIX TEAM IS ONCE AGAIN THE CLASS

St. Mary's hard-hitting Phoenix team administered another defeat to the California varsity yesterday afternoon, the score being 3 to 0. The varsity, however, played in better form than usual, with the exception of a few mistakes in the early part of the game.

Haskell, the freshman twirler, pitched the entire game. His control was good, but the St. Mary's batsmen seemed to have little difficulty in connecting with his best offerings. One of the spectacular features of the game was Fitzsimmons' stop of a hot line drive over the fence by O'Kelly, thereby preventing two runs from scoring.

"Hidden ball trick" was worked on the O'Kelly. Ross of St. Mary's by Shortstop O'Kelly.

Lynch scored the first run in the initial inning. Receiving a walk, he was sacrificed to second by Wallace, and scored when Haskell threw away the ball in attempting to catch him at second, and Gay in center let the throw get past him. The other two runs were scored in the ninth. Successive hits by Williamson, Simpson and Roth were responsible for these last two tallies.

JOE JEANNETTE TOO MUCH FOR IRON MAN JIM BARRY.

NEW YORK, March 17.—Joe Jeannette, the negro heavyweight from New Jersey, had all the better of a ten-round bout with Jim Barry here last night. There were no knockdowns.

Jeannette used left and right jabs with great effect, interspersed with body blows and right uppercuts. Barry swung wildly for Jeannette's body throughout the fight, but few of his swings landed.

At the final bell Barry was dazed and weak.

BASKE ELECTED CAPTAIN OF VARSITY TRACKMEN

James D. Bayne of Visalia has been elected captain of the University of California freshman track team, following his holding the place during the earlier part of the season. He is a tall, thin man, with a good build and is expected to show varsity material this year.

CORNELL TURNS DOWN MEET WITH SYRACUSE

UTICA, N. Y., March 17.—Cornell University's athletic association has adopted the recommendations of the advisory board used last year in declining relations with Syracuse University.

This action is the outcome of bad feeling engendered by the basketball game in Syracuse last Friday night.

McKEE TO BE CAPTAIN. STANFORD UNIVERSITY, March 17.—P. D. McKee of San Francisco has been chosen to captain the Stanford freshmen track team in its meet with the California youngsters tomorrow. The leader-elect is a born athlete, who came to the university without previous training or any prep school record.

PROMOTERS HOT AFTER LIGHTWEIGHT STARS OF BOXING

Want to Sign Burns, Wolgast and Moran for Contests This Season.

By EDDIE SMITH.

Without letting any one in on his secret Jim Coffroth quietly left the great white way of San Francisco Wednesday and last evening turned up in the quiet, ordinance-ridden city of Los Angeles with Ad Wolgast's name attached to a set of tentative boxing articles, in which the champion light weight agrees to meet Frankie Burns here before the astute promoter's club in May, and if successful in that event he will be rematched to meet Owen Moran on the 4th of July, Coffroth to handle this match as well.

That looks to me to be a master-stroke in the line of matchmaking, for prior to the signing of Frankie Burns, if he gets that match, the promoter, will insist that Burns agree to meet Moran if he should win from Wolgast. For this match Coffroth will have to do but little begging for Burns is itching for the chance at the British gentleman and will readily consent to this agreement being inserted in the Wolgast articles.

CLARK MAY LAND A MATCH.

Notice to Taxpayers

Oakland, March 6th, 1911.

Persons, Firms, Companies, Corporations and Associations are required to appear at the Assessor's Office, at Court House, City of Oakland, of Alameda, on or before April 1st, 1911, at 10 o'clock A. M., to make a statement, under oath, of all property both real and personal, owned by them, for taxation.

their possession or held in trust
here, at 12 o'clock meridian on
first Monday of March, 1911.
Ordinance with Sec. 3629, Political
any person who refuses or ne-
glects to furnish the statement as re-
quired in section 3629, Political
Code, shall become liable to a fine of
one hundred dollars and the value fixed by
assessor on their property must
be reduced by the Board of Equal-
ization. Persons owning real estate that

persons assessed in the wrong name
have appeared on their tax
are requested to call at the As-
sessor's office or notify the As-
sessor on or before April 1, 1911, so
that the proper corrections may be
made on the assessment roll for the
1911.

ASSESSMENT BLANKS may be ob-
tained at the Assessor's office, room
Court House, or from any Deputy
Assessor.

ACCUSES FORMER WIFE OF BIGAMY

Oakland Merchant Declares Spouse Wed Others Before Divorce.

SAN FRANCISCO, March 17.—While Theodore Grunert, a cigar merchant of Oakland, was endeavoring to obtain a decree of divorce from his wife, Cleopatra, she twice entered into the bonds of matrimony without waiting for the necessary formalities to be complied with, according to her spouse, who obtained a final divorce this morning.

The couple quarreled shortly after their marriage, which was an elopement from the bride's home in Indiana, and separated. In January, 1910, the wife married James McCloskey. Subsequently, Grunert, not desiring to have her suffer for bigamy, says he instituted divorce proceedings. He obtained his interlocutory last March. Meantime Mrs. Grunert left McCloskey, after suing for an interlocutory decree, and sure that had been made final, he declares, in January of this year married R. M. Moulder of the Haynes Auto Company.

LAW WON FROM MOTHER LOVE

SAN FRANCISCO, March 17.—The law won against the mother love of Mrs. Mary Lise Peckham-Pedder, wife of a Concord realty dealer, who kidnapped her 15-year-old son, Eugene Peckham, from the Golden Gate primary school on February 18. Judge Frank J. Murphy late yesterday afternoon took the child from her and restored it to the care of Mrs. Alice Allen of 1544 M Street, street, where his father, Eugene Franklin Peckham, had left him.

FIRE CHIEF TO ADDRESS COMMONWEALTH CLUB

SAN FRANCISCO, March 17.—At the weekly luncheon of the Commonwealth club to be held tomorrow, Fire Chief Thomas R. Murphy will give a talk on "The Efficiency of the San Francisco Fire Department." It will treat of the present condition of the department, recommended improvements, motor-driven apparatus, added improvements from the time of the 1906 conflagration and water-front facilities.

MARIN PROMOTERS TO HOLD BANQUET TONIGHT

SAUSALITO, March 17.—The Marin Promoter League banquet will be held tonight. Among the speakers will be Congressman Julius Kahn, ex-Governor J. N. Gillett, the Rev. Father Joseph McQuade, Frank L. Brown, Francis Hope, James McNabb, Dr. S. M. Augustine, Leon Sloss and Senator E. B. Martinelli.

LIQUOR LICENSES BROKE TANGLED

Three Applications Puzzle the Committeemen, Who Will Investigate.

The license committee of the City Council was bewildered last night by a new and extraordinary game of puss in the corner being played by three saloonmen with applications for liquor licenses. The committee decided to make an investigation.

At the corner of Union and Seventh streets, Tony Passagno has had a saloon for 11 years. Now he is being ousted by the proprietor, who wants a higher rent for the place. He applied to the license committee to move diagonally to the other corner.

An application was also filed by C. H. Nor, a merchant of Oakland, for a license for the location to be left vacant by Passagno. Nor desires to move from 187 1/2 Fifth street to Passagno's corner. Laid over in committee from a previous meeting was an application from R. W. Passagno, 1574 Seventh street for a license as the successor of C. H. Nor.

The following were recommended by the committee and will be considered by the Council Monday night:

Barstetter & Co., 1016 Seventh street, successor to Torre & Gardella, saloon; A. Bouchini, 1691 Seventh street, successor to A. Silva, saloon; Horst, Rudolph & Lind, 1227 Broadway, successor to Theo. Cier Wine Co., retail liquor store; McGulgan, Philip & Asher, 900 Webster street, corner Eighth, successor to J. E. Monahan, saloon; W. R. Wemmer, 1050 Franklin street, successor to Jas. Brennan, retail liquor store.

Change of character of business—C. Cereghino, 826 Broadway, saloon to saloon and restaurant.

Removal of location—Tony Passagno, 1235 Seventh street, northeast corner of Union, from himself, northwest corner of Seventh and Union; saloon.

Transfer of location—C. H. Nor, 1250 Seventh street, corner Union, from 187 1/2 Fifth street, successor to R. W. Long, 1574 Seventh street, successor to C. H. Nor.

BANKERS TO MEET ON THE DIAMOND

The Oakland Bank of Savings and the Anglo and London-Panama National Bank of San Francisco will play the game that was scheduled for March 4, on March 18 at Grove Street Park at 3 p. m. The moisture prevented the game on March 4.

OFF HENNINGSEN

SEE, HENNESSEY, BE THE PAPERS

That They've Presented You
With a Green Dudeen and
a Green Pig.

The only national day celebrated internationally cried a splash of green in the Emerald Isle into the Oakland scene this morning and, in accordance with a time honored custom at the hall, decorated the desk of Froeseut- Attorney William J. Hennessey with garlands of clover leaves. It even spread a ceremonial in court, whereas Judge

"I am, Sir, Daniel O'Connell, in the name of the al-
 mighty God, who created the world, I present to
 you a bottle of Hennessy with green pipe
 and a little green pig."
 "A patriotic American and
 a dignified pig," accepted his honors
 with a nod and a wink.
 "I was suspended from the lapel of his
 coat, and the green painted clay pipe,
 decorated in gold with his name and the
 initials of the President, stuck in the side of
 his mouth. A shamrock blazed a vivid
 green above the pig."
 "We present this pipe and pig," said
 the President, "as only as a token of
 respect to our friend, President O'Con-
 nell, and of respect to his person-
 alities of all that is summed up in the
 name of an Irish gentleman and Amer-
 ican President, who has shown his
 appreciation for the warm qualities of
 the heart and head symbolized by this pig
 and the race that holds it sacred."
 "I am sure," when he smokes the
 pipe, that he will remember that he
 is the friend of the attaches of this
 of court No. 1."
 "Sure, if I smoke that green pipe," said

the paint," will assuredly be poisoned.

ROTHAM EXPRESS STRIKE GENERAL

Men of Five Companies Walk Out and Tie Up Industry.

NEW YORK, March 17. — Drivers and helpers of the Adams, United States, Wells Fargo, New York and New Jersey express companies in New York and Jersey City, are on strike

lay in obedience to the general strike order issued in Jersey City after midnight this morning. Employees of the American International Express companies reported work as usual, but leaders decried they expected the men of these companies to join the walkout during the day. Three days ago the men of the Adams company who complained of alleged discrimination against certain employees involved in the general strike were ordered to return to work. It was believed late yesterday that settlement between the Adams company and the company was in prospect. However, was overturned at a meeting of delegates of the various companies in Jersey City. During the last hours of the new strike movement there was no trouble in Jersey City. There was a strong police guard force as crowded as a large number of people began early in Manhattan, however, when an Adams wagon was

NOTE FOR COLORADO
DARK HORSE MISSING

DENVER, March 17.—Today's senatorial ballot showed a disappearance of the vote for Judge Dixon, who yesterday threatened to become a dark horse. The vote: Democrats—Speer 1, Adams 1, Thomas 4, Ward 5, McDonnell 6, Martin, Maupin, Shatroth, Ammons 1 each.
Republicans—Vallé 12, Dawson 2, Cassidy 5, McCreary 3, Northcutt, Roof 1 each.
Waterman 1 each.

ELBANY, N. Y., March 17.—Fifty-two ballot for United States Senator showed no quorum.

SCORE PARENT FOR SICKNESS OF YOUTH

Mother of "Perfect Girl" Declares Physical Education Is Neglected.

SCHOOLS DISCUSSED BY MOTHERS' CLUBS

Relation of Institutions to Organization Is Set Forth.

Discussion of matters pertaining to the schools of the bay cities and the relation that existed between them and the Mothers' clubs was the feature of the convention held late yesterday by the Bay Federation of Mothers' clubs at Chabot assembly hall.

Mrs. E. L. Edwards of Berkeley, mother of Margaret Edwards, called the perfect girl, read a paper on "Physical Education in the Home and in the School."

"Let parents frankly shoulder their share of the blame for the criminal negligence of the physical education of children," she said, "and work with the school toward the solution of the greatest educational birthright, strong, healthy minds in strong, healthy bodies. When parents realize that as much as we need good schools, we need good homes more and the pupils a sufficient amount of nourishing food, abundance of sleep, systematic exercise, suitable clothing, personal cleanliness, fresh air in sleeping apartments, the mental vigor of the children will be attained with less effort."

AIR AND SUNSHINE.

"Of what avail the purest oxygen if the child has faulty postures of body that produce spots within the lungs where the germs of tuberculosis wait for an opportunity? Fresh air and sunshine and exercise are of no great value unless erect standing and sitting positions are systematic and continuous habits."

"Tuberculosis is reaping a rich harvest and how long will we go on fighting the disease, with bill-boards and advertising instead of building up strong, healthy lungs which will be immune to the dread disease? Any system of education to be worthy of the name must consider the present as well as the future of the child. In fact, only that system avails."

Superintendent J. W. McClymonds took exception to some of the inferences of the paper and stated that in the Oakland schools there was a corps of fourteen instructors who looked after the physical welfare of the pupils exclusively and that in the lower grades certain periods were set aside for systematic exercise.

OAKLAND AMONG FEW.

"That is true," spoke up one delegate, "and Oakland is notably among the few cities where so much attention is paid to the physical welfare of the child." Dr. R. E. Faxon, of the Berkeley school-department spoke on the subject, "Sex Education in the Public Schools." Her paper aroused the admiration of the mothers present and it was unanimously voted that the lecture should be published and distributed among the various mothers' organizations at the expense of the federation.

The need of plain speaking to the child is one of the points that have been brought home to me in conducting my work," said Dr. Faxon, "for it is safe to say that a large number of the evils in this life are due to the ignorance of the vicious associations with which children, uninformed by their parents, are constantly in danger of. Innocence as a result of ignorance is unsafe; knowledge is protection."

The double standing of morality is to be deplored. Mothers should teach their boys to be as clean as their girls. We have moralized long enough; what we need is a plain scientific education for the young folks that will have better results."

SCHOOL LUNCHEONS.

Mrs. H. N. Rowell, president of the Berkeley federation, read a paper on "School Lunches," setting forth that the children should be given good wholesome food in order that they might be fitted to carry on their work in a proper manner.

"We cannot expect our institutions to assist the children when they are sent to school sickly as the result of improper food," she said, "and it is up to the mothers to see that they are supplied with such."

At the evening session a musical program supplemented the addresses by Dr. Frederick Burke, of the San Francisco Board of the University of California.

J. J. CALLUNDAN DIES SUDDENLY

Chronic Malady Takes General Superintendent of Morse Patrol.

SAN FRANCISCO, March 17.—Captain J. J. Callundan, general superintendent of the Morse patrol, is dead at the German hospital where he was taken from his home at 2101 Van Ness avenue Sunday, after suffering a sudden attack of a chronic malady. Captain Callundan was a native of San Francisco, 47 years old and was a charter member of Stanford Yacht Club.

Since his early youth Captain Callundan has been connected with the Morse patrol and during his career has been identified with several of the most famous detective cases in the history of the city.

In 1893 Captain Callundan married Miss Ora M. Loud, daughter of Eugene F. Loud, former congressman. At this time he became well known in the business world. During his latter years Captain Callundan devoted his entire attention to brokerage and insurance.

Besides his widow, who lives at 2101 Van Ness avenue, Captain Callundan is survived by his two brothers—F. H. Callundan, postmaster of Manila, and William T. Callundan, and a nephew, William Ruess of the Morse company. The latter will take up the work of Captain Callundan until a successor to the office of general superintendent is appointed.

KICK IN HEAD FATAL.
GLASGOW, Mont., March 17.—Charles W. Cole, a Princeton, Ill., farmer, is dead in a local hospital as a result of being kicked on the head by his horse in a boxcar while trying to hide a money belt containing \$5000, because he thought robbers were after him.

"Dr. Miles' Nervine Raised Me From the Grave"—Mrs. Taylor

This is a strong statement to make, but it is exactly what Mrs. Thomas Taylor, of Blum, Texas, said in expressing her opinion of this remedy.

"Dr. Miles' Restorative Nervine raised me from the grave and I have much confidence in it. I can never say enough for your grand medicines. If anyone had offered me \$100.00 for the second bottle of Nervine that I used I would have said 'no indeed.'"

MRS. THOMAS TAYLOR,
Blum, Tex.

Nervous exhaustion is a common occurrence of modern life. The wear and tear on the nervous system is greater now than at any time since the world began. For sleeplessness, poor appetite and that "run down" feeling, nothing is so good as

Dr. Miles' Nervine

Your nerves are your life and lack of vital energy makes existence a misery. Dr. Miles' Nervine will tone up your nervous system.

Ask any druggist. If the first bottle fails to benefit, your money is returned.

MILES MEDICAL CO., Elkhart, Ind.

SCOUTS TO PITCH TENTS IN HILLS

Three Boy Patrols to Combine in Great Campfire Meeting.

Oakland will be the headquarters of all the California Boy Scouts around the bay tomorrow when the boys of San Francisco, Oakland and Fruitvale patrols will go into camp over night in the hills back of Melrose.

The Oakland patrols under Lieutenant Kendrick have already pitched tents and provided wood for camp fires.

During the day groups of the boys will do scout work in the vicinity of Redwood Peak, meeting at night at the camp fires to consider certain interesting scout problems.

It will be the first time that the San Francisco, Oakland, Alameda and Fruitvale patrols have all combined for a day's exercise.

TIED TO TOMBSTONE.

YALLESJO, March 17.—Mervin Farmer, a sophomore of the Vallejo high school, was kidnapped Wednesday night by freshmen, taken to the Carquinez cemetery on the Benicia road and tied to a tombstone. Farmer was rescued by his classmates after about half an hour.

Whooping Cough

ASTHMA BRONCHITIS CATARRH COUGHS COLDS

Vapo-Resolene

ESTABLISHED 1874

A simple, safe and effective treatment for bronchitis, asthma, catarrh, coughs and colds. Croup, whooping cough, and all other respiratory troubles. The air rendered strongly antiseptic, inspired with every breath, makes breathing easy; soothes the sore throat and stops the cough, inducing restful nights. It is invaluable to mothers with young children.
